Policy Manual

CHIEF'S PREFACE

The Weatherford Police Department's Policy Manual provides the framework to perform our law enforcement mission. This Policy Manual is the ongoing product of changing laws, practices and procedures that are integral to providing guidance and direction to every member of this Department. Updates are included to incorporate the most contemporary National, State and Local standards and laws that range from critical incidents to reporting requirements.

While this Policy Manual is comprehensive, it cannot address all aspects of law enforcement nor all situations encountered by department personnel. Department personnel are expected to always exercise good judgment and discretion in the performance of their duties and to adhere to the Law Enforcement Code of Ethics, the department's mission statement, and the department's core values.

Every employee is expected to review this Manual and, if further clarification is necessary, to discuss it with their Supervisor. Employees detecting any corrections or amendments should notify their immediate supervisor. The police profession is a noble and honorable calling that requires integrity, honesty, dedication, and a commitment to serve our community. The contents of this manual, coupled with professional training, will assist you in making proper ethical decisions and will help prepare you for a satisfying and successful career.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Weatherford Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Use of Force

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer, regardless of rank, present and observing another law enforcement officer or employee, regardless of rank, or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force.

Any officer, regardless of rank, who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible. (Tex. Code of Crim. Pro. art. 2B.0251).

Any failure to intervene by any officer and/or failure to report in writing, the improper use of force, shall be grounds for discipline.

300.2.2 ADDITIONAL STATE REQUIREMENTS FOR INTERVENING AND REPORTING

Force may be clearly beyond that which is objectively reasonable under the circumstances if it falls into one of the categories of Tex. Code of Crim. Pro. art. 2B.0251 (e.g., when an officer has a reasonable belief that another law enforcement officer is violating state or federal law).

Under these circumstances, the report shall be in writing and delivered to the witnessing officer's supervisor as soon as practicable.

300.2.3 ADDITIONAL ACCREDITATION REQUIREMENTS FOR INTERVENING AND REPORTING

Non-sworn department employees, regardless of rank, also have a duty and responsibility to intervene in and prevent any employee's use of force that is clearly beyond that which is objectively reasonable under the circumstances.

Given that non-sworn employees may not have the same training and perspective as that of sworn officers, the most appropriate action may be to report the incident to a supervisor or uninvolved officer as soon as feasible. Intervention by non-sworn employee should be in accordance with department guidelines and training.

In all cases, the non-sworn employee shall submit a written report to the appropriate supervisor as soon as practicable.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Use of Force

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Officers may use reasonable force to effect an arrest, search, prevent escape or overcome resistance. If it is not reasonably apparent to the person to be arrested, or it is not reasonably impracticable to do so, officers should make clear their intent to arrest or search, and identify themselves as peace officers, before using force (Tex. Penal Code § 9.51).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.

Use of Force

- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following (Tex. Code of Crim. Pro. art. 2B.0252)

300.3.5 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold (Tex. Code of Crim. Pro. art. 2B.0252).

300.3.6 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers

Use of Force

should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Weatherford Police Department for this specific purpose.

300.3.7 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving an imminent threat or an imminent risk (Tex. Penal Code § 9.51):

- (a) An officer may use deadly force to protect themselves or others from what the officer reasonably believes is an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

However, an officer shall not use deadly force against a person whose actions are a threat solely to themselves or property unless the person poses an imminent danger of death or serious physical injury to the officer or others in close proximity.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

Use of Force

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation. [See attachment: Use of Force.pdf](#)

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or

Weatherford Police Department

Policy Manual

Use of Force

medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.

Weatherford Police Department

Policy Manual

Use of Force

1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

300.8.1 ADDITIONAL ACCREDITATION TRAINING REQUIREMENTS

Non-sworn employees shall receive annual training on this policy and the department's duty-to-intervene guidelines for non-sworn members.

300.9 USE OF FORCE ANALYSIS

At least annually, the Patrol Lieutenant or their designee should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Weatherford Police Department to review the use of force by its members.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or the evaluation of the use of force.

301.2 POLICY

The Weatherford Police Department will objectively evaluate the use of force by its members to ensure that their authority is used appropriately and consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever a member's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that member will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place a member in an administrative assignment.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another person.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the member was on- or off-duty, excluding training, animal euthanasia, or recreational use.

The Chief of Police or authorized designee may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administrative Lieutenant will convene the Use of Force Review Board as necessary. It will be the responsibility of the Lieutenant or supervisor of the involved member to notify the Administrative Lieutenant of any incidents requiring board review. The involved member's Lieutenant or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Administrative Lieutenant should staff the Use of Force Review Board with five individuals from the following:

- Representatives of each division
- Command staff representative from the involved member's chain of command
- Training Sergeant

Weatherford Police Department

Policy Manual

Use of Force Review Boards

- Non-administrative supervisor
- A peer officer/department member
- Department instructor for the type of weapon, device or technique used

The senior ranking command staff representative who is not in the same division as the involved member will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved member to appear. The involved member will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the involved member, no more than two designated board members may ask questions of the involved member. Other board members may provide questions to the designated board members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the involved member at the time shall neither justify nor call into question a member's decision regarding the use of force.

Any questioning of the involved member conducted by the board will be in accordance with Weatherford Police Department disciplinary procedures, the Personnel Complaints Policy, any applicable collective bargaining agreement, or memorandum of understanding and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The member's actions were within department policy and procedure.
- (b) The member's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

Weatherford Police Department

Policy Manual

Use of Force Review Boards

The Chief of Police shall review the recommendation, make a final determination as to whether the member's actions were within policy and procedure, and determine whether any additional training for the involved officer, additional actions, investigations or reviews are appropriate. Those findings will be forwarded to the involved member's Lieutenant for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Weatherford Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, the Transporting Persons in Custody Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Weatherford Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances, and only when a supervisor makes an individualized

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the detainee, officers, or others (Tex. Local Gov't. Code § 361.082). See the Transporting Persons in Custody Policy for guidelines relating to transporting pregnant persons.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age may, at the officer's discretion not be restrained, unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide

Handcuffing and Restraints

assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg restraints, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on their stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on their stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9 TRAINING

The Training Sergeant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg restraints, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Weatherford Police Department

Policy Manual

Handcuffing and Restraints

- (e) Proper placement of safely secured persons into an upright or seated position to avoid placement on the stomach for an extended period, as this could reduce the person's ability to breathe.

Control Devices

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control individuals who are violent or who demonstrate the intent to be violent, the Weatherford Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual department members to use specific control devices.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only those members who have successfully completed department-approved training on this policy and the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a person who is violent or who demonstrates the intent to be violent and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

303.4 RESPONSIBILITIES

303.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor may authorize the use of a control device by selected department members who may not currently be issued or carrying the control device or those in specialized assignments who have successfully completed the required training.

303.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster, or the Chief of Police's designees shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster, designee or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Control Devices

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster, or designee for disposition. Documentation shall also be forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to him/herself or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignments or at the direction of their supervisors.

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.6 CHEMICAL AGENT GUIDELINES

Chemical agents may be used for crowd control, crowd dispersal or against barricaded suspects, based on the circumstances. Only the Shift Supervisor, Incident Commander or Weatherford/Parker County Special Operations Group Commander may authorize the delivery and use of chemical agents, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire and emergency medical services personnel should be alerted or summoned to the scene prior to the deployment of chemical agents to control any fires and to assist in providing medical aid or gas evacuation, if needed.

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, OC spray, pepper gun, and pepper projectiles may be considered for use to bring under control an individual or group of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles, OC spray or pepper guns should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of department members or the public.

Control Devices

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.7.1 OC SPRAY

Uniformed members carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field members may carry OC spray as authorized, in accordance with the needs of their assignments or at the direction of their supervisors.

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.7.2 CENTURION LAW ENFORCEMENT DEPLOYMENT SYSTEM (CLE)

Designated members are authorized to carry the JPX CLE on the duty belt, on the side opposite the duty weapon. Targeting of a subject's facial area is recommended when the end of the weapon is 7 feet or further from the subject. To avoid potential injury, if the distance is within 7 feet, intentional targeting should be to the suspect's chest.

When fired, the JPX emits a sound similar to small caliber gunfire, although it is significantly lower in volume. This is to reduce the likelihood of an accidental discharge of a backup officer due to a "sympathetic fire response." The officer deploying the JPX should take appropriate steps to ensure safety. Any time the JPX is to be deployed the officer shall say "JPX!" in a clear and audible tone, so that other officers will be aware that the shot is from a JPX and not a firearm.

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.7.3 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system

Control Devices

incidents where an individual has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward an individual, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training or a product demonstration, is exempt from the reporting requirement.

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.7.4 TREATMENT FOR OC EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be provided with clean water as soon as practicable to cleanse the affected areas. Those who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever chemical agents or OC has been introduced into a residence, building interior, vehicle or other enclosed area, the owners or available occupants should be provided with notice of the possible presence of residue which could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding how and when the notice was delivered and the individuals notified should be included in related reports.

303.9 SPECIALTY IMPACT MUNITIONS GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Control Devices

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of individuals engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at officers, other department members and/or other people.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.
- (g) Individuals who are known to be pregnant.
- (h) Elderly individuals or obvious juveniles
- (i) Individuals with obviously low body mass.
- (j) Individuals who are handcuffed or otherwise restrained.
- (k) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles)

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

Control Devices

The need to immediately incapacitate the suspect must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect shotguns and projectiles at the beginning of each shift to ensure that the shotguns are in proper working order and the projectiles are of the approved type and appear to be free from defects.

When they are not deployed, shotguns will be unloaded and properly and securely stored in police department vehicles. When deploying a kinetic energy projectile shotgun, officers shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The Training Sergeant shall ensure that those members who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the member's training file.
- (c) Members who fail to demonstrate proficiency with the control device or knowledge of the Use of Force Policy will be provided remedial training. If a member cannot demonstrate proficiency with a control device or knowledge of the Use of Force Policy after remedial training, the member will be restricted from carrying the control device and may be subject to discipline.
- (d) Required training should be conducted at least biennially and should be conducted by instructors having appropriate certification for the weapon or by instructors utilizing instructional materials for that weapon. The training portion of this standard may be met by showing that officers have received specific instruction in the operation of the weapon used and have demonstrated proficiency with the weapons carried.

Weatherford Police Department

Policy Manual

Control Devices

303.11 REPORTING USE OF CONTROL DEVICES

Any application of a control device shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training may be issued and may carry the CED.

The Rangemaster should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- (c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Rangemaster for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

Conducted Energy Device

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

304.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

304.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Training Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Sergeant should also conduct audits of CED

Conducted Energy Device

device data downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

Conducted Energy Device

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Rangemaster and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Sergeant. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Sergeant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Training Sergeant should include the following training:

- (a) A review of this policy
- (b) A review of the Use of Force Policy
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin
- (e) Scenario-based training, including virtual reality training when available
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options
- (g) De-escalation techniques

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of a Weatherford Police Department employee, a Weatherford Fire Department Arson Investigator or Weatherford Marshal. For Police Department personnel and the Weatherford Marshall, this will include being involved in a traffic accident, that has intentionally or accidentally resulted in the serious injury or death of a person

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Weatherford Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner. The Texas Department of Public Safety and Texas Rangers shall take the lead investigative role for officer-involved shootings, deaths and/or serious injury incidents when the incident occurs anywhere within the Weatherford City limits.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Weatherford Police Department would control the investigation if the suspect's crime occurred in Weatherford.

Officer-Involved Shootings and Deaths

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

305.4.2 CRIMINAL INVESTIGATIONS OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved WPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved WPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

Weatherford Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- (b) If necessary, the supervisor may administratively order any WPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 - 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Supervisor and Communications. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional WPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - 1. Each involved WPD officer should be given an administrative order not to discuss the incident with other involved officers or WPD members pending further direction from a supervisor.
 - 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.
- (f) Ensure employees present at the scene, and not involved as participants or witnesses and not necessary to the successful operation at the scene, are immediately returned to their regular duties.

305.5.3 SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Lieutenant.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigations Lieutenant
- Outside agency investigators (if appropriate)
- Professional Standards Unit supervisor
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)

Weatherford Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- Involved officer's agency representative (if requested)
- Public Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 1. Involved WPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-WPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with employee groups/agency representatives will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved WPD officer. A licensed psychotherapist may also be provided to any other affected WPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, the involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved officer and an emergency response team member or a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved WPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Weatherford Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- (a) WPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of WPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, he/she shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED WPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved WPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved WPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved WPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

Weatherford Police Department

Policy Manual

Officer-Involved Shootings and Deaths

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

Comprehensive interviews with involved and/or witness employees shall be conducted only by members of the Incident Investigation Team and Internal Affairs investigators.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Criminal Investigations supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Criminal Investigations supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Lieutenant.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved WPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from

Weatherford Police Department

Policy Manual

Officer-Involved Shootings and Deaths

the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity rights* and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings to whether there was compliance with the Use of Force Policy.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

Officer-Involved Shootings and Deaths

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn video, and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Weatherford Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to the criminal and/or administrative investigators.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and the department representative responsible for each phase of the investigation. Releases will be available to the Shift Supervisor, Investigations Lieutenant and Public Information Officer in the event of inquiries from the media.

No involved WPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Lieutenant.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

305.12 REPORTING

If the death of an individual occurs in the Weatherford Police Department jurisdiction and qualifies to be reported to the state as an in-custody death, or when an officer discharges a firearm causing injury or death to another person, the Patrol Lieutenant will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements of Tex. Code of Crim. Pro. art. 49.18 and Tex. Code of Crim. Pro. art. 2A.206, as applicable.

305.13 GRAND JURY REVIEW

All incidents resulting in the death of a person which involves a department member acting in an official capacity shall be submitted to the Grand Jury for review, with the exception of those deaths ruled as suicide or natural causes by the County Medical Examiner or appropriate investigating body. In the event of a death ruled as a suicide or natural causes, the decision to submit the investigation to the Grand Jury shall be made by the District Attorney's Office in the county of occurrence.

An incident resulting in serious bodily injury but not death to a person, which involves a department member acting in an official capacity, may be submitted to the Grand Jury for review upon recommendation by the Chief of Police.

The Department shall furnish to the District Attorney's Office, upon its request, all criminal investigative material associated with any incident which resulted in injury to a person involving a department member acting in an official capacity.

When applicable, the Incident Investigation Team will be responsible for providing criminal investigative materials to the District Attorney's Office for purposes of Grand Jury review and seeking criminal prosecutions, to include prosecutions against department employees.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

In the event that the above requirements present a hardship, the Department may request in writing that the Texas Commission on Law Enforcement (TCOLE) waive an officer's annual demonstration of weapons proficiency requirement (Tex. Occ. Code § 1701.355(b); 37 Tex. Admin. Code § 218.9).

Each firearms instructor shall meet the proficiency requirements in 37 Tex. Admin. Code § 221.19.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall notify his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

Firearms

- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for:
 - 1. Unauthorized range make-up.
 - 2. Failure to meet minimum standards or qualify after remedial training.

Members who fail to meet the qualification requirements will be removed from field assignment and may be subject to disciplinary action.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Lieutenant or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Weatherford Police Department

Policy Manual

Firearms

306.7.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots shall not be used.

306.8 RANGEMASTER DUTIES

The Chief of Police will designate a firearms proficiency officer, known as the Rangemaster, who will be responsible for maintaining department records of firearms proficiency for each officer (37 Tex. Admin. Code § 218.9).

The range will be under the exclusive control of the Rangemaster or designee. All members attending will follow the directions of the Rangemaster or designee. The Rangemaster or designee will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant or designee after each range date. Failure of any member to sign in with the Rangemaster or designee may result in non-participation or non-qualification.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation (37 Tex. Admin. Code § 218.9).

The Rangemaster or designee has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster or designee.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry (37 Tex. Admin. Code § 218.9).

The Rangemaster shall complete and submit to the Training Sergeant or designee, documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

Weatherford Police Department

Policy Manual

Firearms

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Weatherford Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Weatherford Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Weatherford Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Weatherford Police Department identification card whenever carrying such firearm.
- (b) The officer may not be the subject of any current disciplinary action.

Weatherford Police Department

Policy Manual

Firearms

- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

307.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's emergency signal to stop.

307.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

Vehicle Pursuits

307.3 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law unless exempt under Tex. Transp. Code § 546.004 (Tex. Transp. Code § 546.003).

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (Tex. Transp. Code § 546.001; Tex. Transp. Code § 546.005):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing direction of movement or turning in specified directions.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and telecommunicator/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Whether weather, traffic and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights,

Vehicle Pursuits

concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.

- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as air support assistance.
- (l) Whether the pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards posed to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

Vehicle Pursuits

- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLES

When involved in a pursuit, police department motorcycles should be replaced by marked emergency vehicles as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

307.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing officer should notify the telecommunicator, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.

Vehicle Pursuits

- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

307.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the telecommunicator of his/her entry into the pursuit.
- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing officer is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing officer once the suspect has been stopped.

307.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.

Vehicle Pursuits

- (c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Request assistance from available air support.
 - 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
 - 3. Request other officers to observe exits available to the suspect.
- (d) Notify the Texas Department of Public Safety or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

307.5.1 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

307.5.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

307.5.3 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.

Vehicle Pursuits

Non-pursuing members needed at the pursuit termination point should respond in a non-emergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

- (a) Immediately notifying involved officers and the telecommunicator of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Shift Supervisor is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Weatherford Police Department officers when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

307.6.1 SHIFT SUPERVISOR RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

Vehicle Pursuits

The Shift Supervisor shall review all pertinent reports for content and forward them to the Lieutenant.

307.7 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or telecommunicator. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.7.1 RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the telecommunicator is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.9 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Weatherford Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved

Weatherford Police Department

Policy Manual

Vehicle Pursuits

officers should proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.9.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Weatherford Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Shift Supervisor should review a request for assistance from another agency. The Shift Supervisor or supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing agency by officers of this department may conclude at the City limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

Vehicle Pursuits

307.10 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.10.1 WHEN USE IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.10.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.10.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained officers and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or others.
 - 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
 - 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
 - 4. The suspect vehicle is stopped or traveling at a low speed.
 - 5. Only law enforcement vehicles should be used in this tactic.

Weatherford Police Department

Policy Manual

Vehicle Pursuits

- (b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle. Officers should be trained in the boxing-in of vehicles before attempting use.
- (e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment. Only officers trained in the use of tire deflation devices should deploy them, and in a manner that:
 - 1. Should reasonably only affect the pursued vehicle.
 - 2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
 - 3. Takes into account the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
 - 4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public.

Vehicle Pursuits

307.11 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.12 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing officer shall complete appropriate crime/arrest reports.
- (b) The primary pursuing officer or supervisor shall complete the appropriate pursuit report. [See attachment: Vehicle Pursuit Review.pdf](#)
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 - 1. Date and time of the pursuit.
 - 2. Initial reason and circumstances surrounding the pursuit.
 - 3. Length of pursuit in distance and time, including the starting and termination points.
 - 4. Involved vehicles and officers.
 - 5. Alleged offenses.
 - 6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 - 7. Arrestee information, if applicable.
 - 8. Any injuries and/or medical treatment.
 - 9. Any property or equipment damage.
 - 10. Name of supervisor at the scene or who handled the incident.
 - 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.

Vehicle Pursuits

- (e) Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.13 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

307.14 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.

Foot Pursuits

308.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

308.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

308.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, should be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor should be disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.

Foot Pursuits

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

308.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspects should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the telecommunicator or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

Foot Pursuits

- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

308.5 RESPONSIBILITIES IN FOOT PURSUITS

308.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers should be mindful of using the emergency button on their handheld radio. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast their location should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the telecommunicator of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

308.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio frequency.

308.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the foot

Foot Pursuits

pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor may proceed to the termination point to direct any follow-ups.

308.5.4 COMMUNICATIONS RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the telecommunicator is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Assigning an incident number and logging all pursuit activities.

308.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Weatherford Police Department

Policy Manual

Foot Pursuits

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Officer Response to Calls

309.1 PURPOSE AND SCOPE

This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

309.2 POLICY

It is the policy of this department to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

309.3 RESPONSE TO CALLS

Officers responding to non-emergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

309.3.1 EMERGENCY CALLS

Officers responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and siren as required by law (Tex. Transp. Code § 546.003; Tex. Transp. Code § 546.004).

Officers should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes, but is not limited to:

- (a) When in pursuit or apprehending a violator or suspected violator.
- (b) When responding to a reported emergency involving possible personal injury, death or significant property damage.
- (c) When immediate assistance is requested by an officer or other law enforcement agency.

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the telecommunicator.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.3.2 RESPONSE TO ALARMS

The following guidelines will be used for responding to alarms as described below:

A. Medical Alarms: The primary purpose of the dispatch is to ensure the call for medical help is not the result of criminal activity. Officers responding with the fire department to medical alarms are also expected to assist with traffic or with life-saving activities as necessary.

1. Officers shall respond code 1 unless the information provided by dispatch denotes the situation as life threatening.

Weatherford Police Department

Policy Manual

Officer Response to Calls

2. If the situation is determined to be life threatening, officers may respond Code 3.

B. Fire Alarms: The dispatcher will assign a unit to respond to fire alarms, if needed. Officers responding to fire alarms are primarily responsible for traffic direction but are also expected to assist in life or property saving activities as necessary. Officers on scene may call for additional units as needed.

1. Officers shall respond Code 1 unless the information provided by dispatch denotes that flames are showing or the situation is deemed life threatening.

2. If the situation is determined to be life threatening, officers may respond Code 3.

C. Panic or Hold-Up Alarms: Panic or hold-up alarms are generally received through a monitoring company. They can generate from a business or from a private residence. The dispatcher will assign at least two units to a panic or hold-up alarm. The following serve as guidelines for responding to panic or hold-up alarms:

1. Officers shall respond Code 2 silent unless the information provided by dispatch denotes the suspects have fled the scene.
2. If the suspects have fled the scene, Officers should upgrade to Code 3, continuous lights and siren.
3. Arriving officers will position themselves using all available cover and / or concealment in a manner that allows them to view the perimeter of the business or residence.
4. The primary unit will advise the dispatcher to make telephone contact with the resident / employee to determine the validity of the alarm.
5. The dispatcher will request the resident / employee to step outside and talk to officers if informed the alarm is false. The dispatcher will obtain a brief description of the resident / employee and provide it to officers before the resident / employee steps outside. Officers should check businesses after being advised an alarm is false. Officers should check residences with the consent of the key holder after being advised the alarm is false.
6. Officers will assume an alarm is good if the resident / employee refuses to step outside or does not answer the dispatcher's call. Officers will call for sufficient back-up to maintain the perimeter before making entry into a business or residence.
7. If the alarm is on a business, officers will make entry as soon as the perimeter is secured unless there is evidence to believe a barricaded suspect situation exists.
8. If the alarm is on a residence, officers will make every effort to contact the resident / property custodian (including attempts through the alarm company) before making forced entry. Officers will make forced entry only if able to articulate reason(s) to believe a life threatening situation exists (i.e. something seen through a window, signs of entry, information from a neighbor, etc.).

Officer Response to Calls

D. Burglar Alarms: Burglar alarms are generally received by dispatch through a monitoring company. They can generate from a business or from a private residence. They can be silent or audible. The dispatcher will assign at least two units to a burglar alarm. The dispatcher may send one unit depending on factors like the time of day, weather conditions or alarm history at the location. The following serve as guidelines for responding to a burglar alarm:

1. Officers shall respond Code 1 unless dispatch denotes that a burglary is in progress or suspects are being seen fleeing the area.
2. If the situation is determined to be life threatening or in progress, officers may upgrade to Code 2 silent or Code 3
3. Arriving officers will position themselves using all available cover and / or concealment in a manner that allows them to view the perimeter of the business or residence. The first officer on the scene will direct arriving officers to a point on the perimeter.
4. Officers will coordinate the perimeter search for entry in such a manner as to ensure the entire perimeter is visible at all times.
5. If there is no sign of entry, officers may simply clear the call and return to service. Officers may wait for a representative and conduct a building search when the representative arrives as call load allows.
6. Officers will ensure an outside perimeter is maintained before entering to conduct a building search regardless of whether entry was found. Generally, a representative should not be permitted to enter a building until the search is completed.
7. The dispatcher will attempt to locate a representative. If there is an actual offense or entry, the dispatcher will advise the representative of the offense. Dispatch will get a response time for the representative, if applicable.
8. Officers will secure buildings to the best of their ability if no representative makes the scene. The dispatcher will make a note in the call for service that no representative responded.

309.4 REQUESTING EMERGENCY ASSISTANCE

When requesting emergency assistance, the involved department member should reasonably believe there is an imminent threat to the safety of him/herself or another person, or that assistance is needed to prevent imminent serious harm to the public.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons
- Reason for the request and type of emergency

Officer Response to Calls

- The number of officers or resources required
- Hazards and any known or potential dangers for responding officers

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the telecommunicator.

309.5 SAFETY CONSIDERATIONS

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the officer may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (Tex. Transp. Code § 546.001; Tex. Transp. Code § 546.005):

- Disregard regulations governing parking or standing.
- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing direction of movement or turning in specified directions.

309.5.1 NUMBER OF OFFICERS ASSIGNED

The number of officers assigned to respond to an emergency call or request for assistance should be limited to that which is reasonably necessary.

An emergency response involving more than one police vehicle should be coordinated by Communications to avoid any unanticipated intersecting of response routes. The telecommunicator shall notify the Shift Supervisor or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

309.6 EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in an emergency response. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicles are operated in compliance with all traffic laws. Those officers should terminate their involvement in any emergency response immediately upon arrival of a sufficient number of emergency law enforcement vehicles.

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly. The officer shall notify the Shift Supervisor, field supervisor or the telecommunicator of the equipment failure so that another officer may be assigned to the emergency response.

Officer Response to Calls

309.7 OFFICER RESPONSIBILITIES

The decision to initiate or continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify the telecommunicator. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at the emergency call should determine whether to increase or reduce the level of the response of additional officers and shall notify the telecommunicator of his/her determination. Any subsequent change in the appropriate response level should be communicated to the telecommunicator by the officer in charge of the scene unless a supervisor assumes this responsibility.

309.8 COMMUNICATIONS

When information reasonably indicates that the public is threatened with serious injury or death, or an officer requests emergency assistance and immediate law enforcement response is needed, the telecommunicator shall assign an emergency response and ensure acknowledgement and response of handling and assisting officers. In all other circumstances, the telecommunicator shall obtain authorization from the Shift Supervisor or a field supervisor prior to assigning an emergency response.

309.8.1 RESPONSIBILITIES

Upon notification or assignment of an emergency response, the telecommunicator is responsible for:

- (a) Confirming the location from which the officer is responding or requesting assistance.
- (b) Attempting to assign the closest available assisting officers to the location of the emergency call.
- (c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.
- (d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
- (e) Notifying the Shift Supervisor as soon as practicable.
- (f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Shift Supervisor or field supervisor.

Officer Response to Calls

309.9 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Shift Supervisor or the field supervisor shall verify that:

- (a) The proper response has been initiated.
- (b) No more than those officers reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing officers into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional officers to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Supervisor or the field supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding officers and the location of the incident.

Canines

310.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

310.2 POLICY

It is the policy of the Weatherford Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

310.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Shift Supervisor to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Supervisor.

310.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Lieutenant or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

Canines

310.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Shift Supervisor, or sergeant of the requesting unit. In cases of deployment for Emergency Operations as outlined in the Emergency Operations Plan, the canine handler will follow guidelines set out in this policy.

310.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Supervisor and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

310.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

310.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Canines

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

310.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Canines

310.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

310.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from quarantine, impoundment, and reporting requirements (Tex. Health & Safety Code § 822.046; Tex. Health & Safety Code § 826.048).

310.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

Canines

- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

310.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

310.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

310.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

310.8 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

Canines

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced single-family residence with locking gates
- (c) Living within 30 minutes travel time from the Weatherford City limits.
- (d) Agreeing to be assigned to the position for a minimum of three years.

310.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Weatherford Police Department facility.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Supervisor.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Supervisor.
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

Canines

310.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

310.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement or memorandum of understanding (29 USC § 207).

310.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

310.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

Canines

310.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Weatherford Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

310.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

310.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

310.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Weatherford Police Department may work with outside trainers with the applicable licenses or permits.

310.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(g); Tex. Health & Safety Code § 481.062).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Weatherford Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

Canines

310.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

310.12.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; Tex. Local Gov't Code § 235.001 et seq.).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.

Weatherford Police Department

Policy Manual

Canines

- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Family Violence

311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce family violence through vigorous enforcement and to address family violence as a serious crime against society. The policy specifically addresses the commitment of the Weatherford Police Department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of family violence.

311.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to family violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Family violence - An act by one of the following individuals against the same that is intended to result in physical harm, bodily injury, assault or sexual assault, or that is a threat that reasonably places the victim in fear of imminent physical harm, bodily injury, assault or sexual assault, but does not include defensive measures to protect oneself (Tex. Fam. Code § 71.003; Tex. Fam. Code § 71.004; Tex. Fam. Code § 71.005; Tex. Fam. Code § 71.006):

- (a) Persons related by blood or marriage
- (b) Former spouses
- (c) Individuals who have a child in common without regard to marriage
- (d) Foster children and foster parents without regard to whether the individuals reside together
- (e) Persons who reside together in the same dwelling without regard to their relation to one another, including persons who have previously lived together

The term "family violence" also includes dating violence as defined by Tex. Fam. Code § 71.0021 and certain types of abuse, as defined by Tex. Fam. Code § 261.001, by one of the above-mentioned individuals against a child of same (Tex. Fam. Code § 71.004).

311.2 POLICY

The Weatherford Police Department's response to incidents of family violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that family violence is criminal behavior. It is also the policy of this department to facilitate victims' and witnesses' access to appropriate civil remedies and community resources whenever feasible.

311.3 OFFICER SAFETY

The investigation of family violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede

Family Violence

the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

311.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating family violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing family violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Criminal Investigations in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.

Family Violence

4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the violence occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

311.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail, unless a pseudonym form had been completed.

311.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness assistance).
- (b) Document the resolution in a report.

311.4.3 INVOLVEMENT OF POLICE OFFICERS, PUBLIC OFFICIALS AND PROMINENT CITIZENS

Family violence involving police officers, public officials and prominent citizens may present particular difficulties for the responding officers. In such circumstances, the responding officers should request that a supervisor respond to the scene and shall ensure that this incident be handled the same as any other family violence incident.

In the case of a police officer from this agency, the responding supervisor should be of higher rank than the involved officer.

Responding officers shall be aware of the heightened risk that a suspect who is a police officer will likely possess firearms, other weapons, physical combat training, or all three.

Officers should be aware that the suspect might attempt to make emotional appeals to officers.

Family Violence

311.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected.

- (a) Victims shall be provided with the department family violence information handout developed by the Health and Human Services Commission, even if the incident may not rise to the level of a crime (Tex. Code of Crim. Pro. art. 5.04).
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources (Tex. Code of Crim. Pro. art. 5.04).
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time (Tex. Code of Crim. Pro. art. 5.045).
 - 1. If the person presents a writ issued by a justice court for entry into the person's residence to retrieve personal property, officers shall accompany and assist the person in making entry into the residence and retrieving items specified in the writ (Tex. Prop. Code § 24A.002; Tex. Prop. Code § 24A.0021; Tex. Prop. Code § 24A.003) (see the Civil Disputes Policy).
- (d) If the victim has sustained injury or complains of pain, officers should seek medical assistance for the victim as soon as practicable.
- (e) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers should seek or assist the victim in obtaining an emergency order.

311.6 DISPATCH ASSISTANCE

All calls of family violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Telecommunicators are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that telecommunicators check whether any of the involved persons are subject to the terms of a court order.

For Communications Procedures refer to the Weatherford Police Department Procedure Manual:

[311.1 COMMUNICATIONS PROCEDURES](#)

311.7 FOREIGN COURT ORDERS

Various types of orders may be issued in family violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it

Family Violence

reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

311.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

311.9 STANDARDS FOR ARRESTS

Officers investigating a family violence report should consider the following:

- (a) An arrest is required when an officer has probable cause to believe that a person has violated a court order specified in Tex. Penal Code § 25.07, and the offense has occurred in the presence of the officer (Tex. Penal Code § 25.07).
- (b) An arrest should be made whenever an officer has probable cause to believe that a person has committed any of the following even if the act is committed outside the presence of the officer (Tex. Code of Crim. Pro. art. 14.03):
 - 1. An offense involving family violence
 - 2. Interference with a person's ability to make an emergency telephone call
 - 3. A violation of a court order specified in Tex. Penal Code § 25.07
- (c) If an officer has probable cause to believe that two or more persons committed a misdemeanor or felony, or if two or more persons make complaints to the officer, the officer shall attempt to determine whether one party acted in self-defense and whether one party was the predominant aggressor. An arrest should be made once the predominant aggressor had been determined.
- (d) The arresting officer should notify a magistrate when an arrest has been made and the offense involved serious bodily injury to the victim or included the use or exhibition

Family Violence

of a deadly weapon, so that an emergency protective order may be issued (Tex. Code of Crim. Pro. art. 17.292).

- (e) The arresting officer should evaluate whether a post-bond hold is reasonable and observe the following additional requirements (Tex. Code of Crim. Pro. art. 17.291):
 - 1. A post-bond hold requires approval from the Shift Supervisor.
 - 2. A post-bond hold shall not exceed four hours, unless:
 - (a) The Shift Supervisor determines that the hold should exceed four hours, the Shift Supervisor should then notify a magistrate and receive written approval.

Any decision not to arrest a person, when there is probable cause to do so, must be approved by a supervisor.

311.10 SUPERVISOR RESPONSIBILITIES

Field supervisors should be responsible for monitoring any domestic violence calls dispatched to the officers under their direct supervision or within their area of responsibility.

- (a) Whenever possible, the supervisor should respond to the scene for the purpose of providing additional safety, monitoring the situation, and being available to offer advice.
- (b) In situations where the supervisor is not able to respond, he or she should perform follow-up to ensure departmental policy has been followed.

311.11 REPORTS AND RECORDS

- (a) When an officer investigates an assault, aggravated assault, or terroristic threat, the officer shall complete a report that includes, at a minimum (Tex. Code of Crim. Pro. art. 2A.202; Tex. Code of Crim. Pro. art. 5.05):
 - 1. The names of the suspect and complainant.
 - 2. The date, time, and location of the incident.
 - 3. Any visible or reported injuries.
 - 4. A description of the incident and a statement of its disposition.
 - 5. Whether the suspect is a member of the state military forces or is serving in the armed forces of the United States in an active-duty status.
 - 6. The reasons for filing an Emergency Protective Order on a victim's behalf, if one was filed.
- (b) Upon request of the victim of a family violence incident, the following information that is not exempt from disclosure under the Texas Public Information Act shall be released (Tex. Code of Crim. Pro. art. 5.05):
 - 1. The name of the suspect and complainant
 - 2. The date, time, and location of the incident

Weatherford Police Department

Policy Manual

Family Violence

- (c) An officer who investigates a family violence incident or who responds to a disturbance call that may involve family violence shall make an oral or electronic report to the Department of Family and Protective Services within 24 hours if the location of the incident or call, or the known address of a person involved in the incident or call, matches the address of a current licensed foster home or a verified agency foster home, as listed in the Texas Crime Information Center (TCIC) system (Tex. Code of Crim. Pro. art. 5.05).
- (d) If a suspect is identified as being a member of the military, the officer shall ensure a copy of the report is provided to the staff judge advocate at Joint Force Headquarters (Tex. Code of Crim. Pro. art. 5.05).
- (e) The Records Supervisor will maintain records on the number of family violence-related calls reported to the Department and forward such records to the state as required (Tex. Code of Crim. Pro. art. 5.05).
- (f) To ensure that officers responding to a call are aware of the existence and terms of court orders, the Records Supervisor shall establish a procedure to provide adequate information or access to the name of persons protected by the orders and those to whom orders are directed (Tex. Code of Crim. Pro. art. 5.05; Tex. Code of Crim. Pro. art. 17.292; Tex. Fam. Code § 86.001; Tex. Fam. Code § 86.005).
- (g) Upon receipt of an original or modified court order, or on receipt of information pertaining to the date of confinement or imprisonment or date of release of a person subject to the protective order, the Records Supervisor shall immediately, but no later than the next business day following receipt, enter the information into the statewide law enforcement information system (Tex. Code of Crim. Pro. art. 17.292; Tex. Fam. Code § 86.0011).

Public narratives for family violence offenses will not include the name of the victim. The officer will describe the victim using Race/Sex and age. The location of the incident will be listed as occurring inside the city limits of Weatherford. This will insure the right of the victim to use a pseudonym at a later date if they wish to do so.

311.11.1 USE OF PSEUDONYM BY VICTIMS

A victim of family violence may choose a pseudonym to be used in place of the name of the victim in all public files and records concerning the offense (Tex. Code of Crim. Pro. art. 57.02). For pseudonym procedures, refer to the Weatherford Police Department Procedure Manual: [311.2 PSEUDONYM PROCEDURES](#)

311.12 TRAINING

All members of the department should receive initial training on this policy and on a continual basis.

Search and Seizure

312.1 PURPOSE AND SCOPE

Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Weatherford Police Department personnel to consider when dealing with search and seizure issues.

312.2 POLICY

It is the policy of the Weatherford Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

312.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions to the rule that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to:

- Valid consent.
- Incident to a lawful arrest.
- Legitimate community caretaking interests.
- Vehicle searches under certain circumstances such as, pursuant to a search warrant, consent, incident to arrest, probable cause.
- Exigent circumstances.

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

312.4 SEARCH PROTOCOL

Although conditions will vary, and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) Whenever practicable, a search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.
- (f) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

312.5 DOCUMENTATION

Officers are responsible for documenting any search and ensuring that any required reports are sufficient including, at minimum, documentation of:

- Reason for the search.
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys).
- What, if any, injuries or damage occurred.
- All steps taken to secure property.
- The results of the search including a description of any property or contraband seized.
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer.

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Child Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Weatherford Police Department members are required to notify the Department of Family and Protective Services (DFPS) of suspected child abuse.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence, criminal negligence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

313.2 POLICY

The Weatherford Police Department will investigate all reported incidents of alleged criminal child abuse and ensure that DFPS is notified as required by law.

313.3 MANDATORY NOTIFICATION

Members of the Weatherford Police Department shall notify DFPS when they have reasonable cause to believe that a child has been or may be abused or neglected, or an allegation has been made of abuse or neglect involving a person responsible for a child's care, custody, or welfare (Tex. Fam. Code § 261.101; Tex. Fam. Code § 261.103; Tex. Fam. Code § 261.105).

Members of the Weatherford Police Department shall also notify DFPS when a child who was taken or retained without the permission of the child's custodian for a period of 48 hours or more is located and it reasonably appears that the child was the victim of abuse or neglect. The child may be placed into protective custody if necessary pursuant to Chapter 262 of the Texas Family Code (Tex. Code of Crim. Pro. art. 63.00905).

In addition, a member shall notify DFPS when the member has reasonable cause to believe that a person was the victim of abuse or neglect as a child, and the member determines in good faith that disclosure of the information is necessary to protect the health or safety of another child (Tex. Fam. Code § 261.101).

For purposes of notification, abuse and neglect includes but is not limited to acts or omissions related to impairment to the child's growth, development, or psychological functioning; physical injury that results in substantial harm to the child; sexual conduct involving the child; child trafficking or prostitution; use of controlled substances by the child or the use of controlled substances by a person that results in physical, mental, or emotional injury to a child; and any other act or omission as provided by Tex. - (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

Child Abuse

- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

An officer who receives a report of abuse or neglect orally shall make an audio recording of the report and notify the person making the report that the person is being recorded and that making a false report is a felony offense (Tex. Fam. Code § 261.104).

The investigation of an allegation that a child has been or may be the victim of criminal conduct that poses an immediate risk of death or serious harm from either physical or sexual abuse shall be conducted jointly by the investigating officer and DFPS (Tex. Fam. Code § 261.301).

The investigatory steps, as set forth in the existing memorandum of understanding (MOU) with a child advocacy center, should be followed when the terms apply to an allegation of child abuse or neglect (Tex. Fam. Code § 264.405).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

313.5.1 REPORTS BY PHYSICIANS

When a physician or physician's agent notifies an officer that a child has claimed he/she has been physically or sexually abused, or the physician has reason to believe such abuse has occurred, the officer shall (Tex. Fam. Code § 33.008):

- (a) Respond and write a report when notified of the alleged abuse. The report shall be finished before the end of the officer's shift
 - 1. The report is required even if the officer has knowledge that a report about the abuse may have previously been made. This report may be a supplement to the original report.
- (b) If warranted, refer the case to the prosecuting attorney.

313.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DFPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and

Child Abuse

immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DFPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations:

- (a) When a court order has been issued authorizing removal.
- (b) If there is no time to obtain a court order before taking possession of a child and there is an immediate need to protect the health and safety of that child, an officer may take possession of a child without a court order. Emergency custody may also be taken under the following conditions (Tex. Fam. Code § 262.104):
 - 1. On personal knowledge of facts that lead an officer to believe that the child has been the victim of sexual abuse or trafficking, or that the parent or person who has possession of the child has permitted the child to remain on premises used for the manufacture of methamphetamine.
 - 2. On information furnished by another that has been corroborated by personal knowledge of the facts all of which, taken together, lead an officer to believe that the child has been the victim of sexual abuse or trafficking, or that the parent or person who has possession of the child is currently using a controlled substance or has permitted the child to remain on premises used for the manufacture of methamphetamine.
- (c) Without a court order on the voluntary delivery of the child by the parent, managing conservator, possessory conservator, guardian, caretaker or custodian who is presently entitled to possession of the child (Tex. Fam. Code § 262.004).
- (d) When, during a criminal investigation relating to a child's custody, an officer discovers that the child is a missing child and believes that a person may flee with or conceal the child (Tex. Fam. Code § 262.007).

313.6.1 RELEASE OF CERTAIN CHILDREN TAKEN WITHOUT A COURT ORDER

Officers who take a child into protective custody without a court order pursuant to Tex. Fam. Code § 262.104 may release the child to an approved governmental entity, including DFPS, or to a person authorized by law to take possession of the child (Tex. Code of Crim. Pro. art. 2A.058).

Prior to releasing a child taken into protective custody to a non-governmental entity, officers shall (Tex. Code of Crim. Pro. art. 2A.058):

- (a) Verify that the person to whom the child is to be released is at least 18 years old.
- (b) Verify through NCIC that the child is not a missing child.

Child Abuse

- (c) Search NCIC databases for relevant information about the person to whom the child is being released, such as whether they are the subject of a protective order or a registered sex offender who is not permitted to take possession of the child.
- (d) Contact the DFPS Abuse Hotline to determine whether the person is in the DFPS registry as someone who abused or neglected a child.

Officers shall document the placement of the child in an appropriate report. The report should include the name and address of the person to whom the child is released and identifying information about the child.

313.6.2 SAFE HAVEN LAW

Members presented with an infant by a parent seeking to voluntarily surrender the child should immediately notify DFPS. Members should also notify appropriate emergency medical services personnel if it reasonably appears that the infant requires medical attention.

Any report to this department from DFPS of a surrendered child shall be investigated to determine whether the child is reported as missing (Tex. Fam. Code § 262.305).

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

313.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

Child Abuse

313.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

313.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations supervisor, or authorized designee should:

- (a) Work with professionals from the appropriate agencies, including DFPS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Criminal Investigations supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives at the scene.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Special Crimes supervisor so an interagency response can begin.

Adult Abuse

314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Weatherford Police Department members as required by law.

314.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

314.2 POLICY

The Weatherford Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

314.3 MANDATORY NOTIFICATION

Members of the Weatherford Police Department shall notify Adult Protective Services (APS) when there is cause to believe that an elderly person or person with a disability has been abused. In addition, members shall notify the Texas Department of Health or Texas Health and Human Services Commission, as appropriate, if allegations relate to the abuse of an elderly person or person with a disability in a care facility or under the care of a facility, regardless of whether a crime report is taken (Tex. Hum. Res. Code § 48.051; 25 Tex. Admin. Code § 1.205).

For purposes of such notification (Tex. Hum. Res. Code § 48.002):

Fam. Code § 261.101).

314.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

314.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

314.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

314.7 INTERVIEWS

314.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When

Adult Abuse

practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

314.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) The adult cannot adequately provide for his/her own care or protection and exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

314.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. The supervisor should consider other government agencies or services that may obtain a court order for such an examination.

314.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

314.9.1 SUPERVISOR RESPONSIBILITIES

The Criminal Investigations supervisor, or designee should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

315.2 POLICY

The Weatherford Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

315.3 DEFINITIONS

Definitions related to this policy include:

315.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Retaliation will not be tolerated.

315.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

315.3.4 ADDITIONAL CONSIDERATIONS

315.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Director of Human Resources, or the City Manager.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is

Weatherford Police Department

Policy Manual

Discriminatory Harassment

encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

315.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Director of Human Resources, or the City Manager for further information, direction, or clarification.

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

315.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate

Weatherford Police Department

Policy Manual

Discriminatory Harassment

any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

315.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

315.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

- (b) Providing victim assistance and community follow-up or identifying available resources to do so.
- (c) Educating community and civic groups about hate crime laws.

319.4 INVESTIGATIONS

Whenever any member of this department receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

- (a) Assigned officers should promptly contact the victim, witness or reporting party to investigate the matter further, as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.
- (c) Once the in-progress aspect of any such situation has been stabilized (e.g., treatment of victims or arrest of suspects at the scene), the assigned officers should take reasonable steps to preserve evidence that establishes a possible hate crime.
- (d) Based upon available information, officers should take appropriate action to mitigate further injury or damage to potential victims or the community.

Hate Crimes

- (e) Depending on the situation, the assigned officers or supervisor may request assistance from investigators or other resources.
- (f) The assigned officers should interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate crime.
- (g) The assigned officers should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim and Witness Assistance Policy.
- (h) The assigned officers should include all available evidence indicating the likelihood of a hate crime in the relevant reports. All related reports should be clearly marked "Hate Crime."

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Weatherford Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

320.2 POLICY

The continued employment or appointment of every member of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Standards of Conduct

The person countermanding the original order shall notify in writing, as soon as possible, the person who issued the original order, indicating the action taken and the reason why.

320.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiescing to such a violation or exhibiting indifference to such a violation.
- (d) Exercising unequal or disparate authority toward any member for malicious or other improper purpose.

320.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Texas constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as a part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software. Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

This includes the use of telephones, cell phones, texting, email or any other off-the-clock work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

321.5 PROTECTION OF SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off, and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor. Passwords for accounts that access CJI are governed by the CJIS Access, Maintenance, and Security Policy.

323.2 POLICY

It is the policy of the Weatherford Police Department that members shall act with promptness and efficiency in the preparation and processing of all reports. Reports shall document sufficient information to refresh the member's memory and shall provide enough detail for follow-up investigation and successful prosecution.

Generally, the reporting member's opinions should not be included in reports unless specifically identified as such.

323.4.1 HANDWRITTEN OR TYPED REPORTS

County, state and federal agency forms may be block printed unless the requirement for typing is apparent. Supervisors may require block printing or typing of reports of any nature for department consistency.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting member will be required by the reviewing supervisor to promptly make corrections and resubmit the report.

In general, the narrative portion of reports where an arrest is made or when there is a long narrative should be typed or dictated. Members who dictate reports shall use appropriate grammar, as the content is not the responsibility of the typist.

Members who generate reports on computers are subject to all requirements of this policy.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Outside Agency Assistance

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

328.2 POLICY

It is the policy of the Weatherford Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

328.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the on-duty patrol supervisor's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the on-duty patrol supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, written documentation shall be made by the handling member unless otherwise directed by a supervisor.

328.3.1 AGREEMENTS

All supervisors should remain familiar with the existence of any interlocal contracts or agreements entered into between the Weatherford Police Department and surrounding agencies when considering requests for assistance (Tex. Local Gov't Code § 362.002; Tex. Gov't Code § 418.109; Tex. Gov't Code § 791.027).

328.3.2 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Weatherford Police Department shall notify his/her supervisor or the Shift Supervisor and Communications as soon as practicable.

Outside Agency Assistance

This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

328.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

328.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in an information report or as directed by the Shift Supervisor.

328.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Lieutenant authorizing use of the equipment or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the equipment and supplies.
 - 2. The members trained in the use of the equipment and supplies.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Police Planning and Development Coordinator to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

Documentation should be maintained in Guardian Tracking that the appropriate members have received the required training.

Registered Offender Information

329.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Weatherford Police Department will address issues associated with certain offenders who are residing in the jurisdiction, and how the Department will disseminate information and respond to public inquiries for information about registered sex and terrorist offenders.

329.2 POLICY

It is the policy of the Weatherford Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

329.3 REGISTRATION

The Criminal Investigations supervisor shall establish a process to reasonably accommodate registration of offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Department of Public Safety (DPS) in accordance with Chapter 62 and Chapter 65 of the Texas Code of Criminal Procedure.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

329.3.1 CONTENTS OF REGISTRATION

Members of the Weatherford Police Department who are responsible for registering offenders shall obtain and report the information required by DPS on the applicable form (Tex. Code of Crim. Pro. art. 62.051; Tex. Code of Crim. Pro. art. 65.051). Registration forms provided to an offender should comply with Tex. Code of Crim. Pro. art. 62.058 and Tex. Code of Crim. Pro. 65.056.

329.3.2 PROOF OF IDENTITY

An offender is required to provide proof of the offender's identity and residence before a member of the Weatherford Police Department may verify the individual's registration form (Tex. Code of Crim. Pro. art. 62.051; Tex. Code of Crim. Pro. art. 65.051).

Registered Offender Information

329.4 MONITORING OF REGISTERED OFFENDERS

The Criminal Investigations supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the DPS Sex Offender Registration Program website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to DPS.

The Criminal Investigations supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Weatherford Police Department members, including timely updates regarding new or relocated registrants.

329.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex offender registrants should be directed to the DPS Sex Offender Registration Program website or the Weatherford Police Department's website.

The Records Supervisor shall release local registered sex offender information to residents in accordance with Tex. Code of Crim. Pro. art. 62.005 and in compliance with a Public Information Act request.

Information contained in the terrorist offender registration database is confidential and not subject to disclosure under the Texas Public Information Act (Tex. Code of Crim. Pro. 65.005). Members of the public requesting information on terrorist offender registrants should be directed to contact DPS.

329.5.1 RELEASE NOTIFICATIONS FOR SEX OFFENDER INFORMATION

Sex Offender registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.

Weatherford Police Department

Policy Manual

Registered Offender Information

- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

329.5.2 MANDATORY DISSEMINATION FOR SEX OFFENDER INFORMATION

The Criminal Investigations Supervisor shall make the following notifications regarding sex offender registrants:

- (a) Within eight days of receiving notice from a court, penal institution or parole/community supervision department that a person will be required to register as a sex offender with the Weatherford Police Department, notice shall be sent to each superintendent of a public school district and each administrator of a private primary or secondary school in the Weatherford Police Department's jurisdiction if one of the following conditions apply (Tex. Code of Crim. Pro. art. 62.054).
 - 1. The offense requiring registration of the individual involved a child enrolled in a public or private secondary school or a child less than 17 years of age.
 - 2. The registrant is a student in a public or private secondary school.
 - 3. The basis of the registration is a conviction, including deferred adjudication, for an offense under Tex. Penal Code § 43.25 (Sexual Performance by a Child), Tex. Penal Code § 43.26 (Possession or Promotion of Child Pornography), or an offense of another jurisdiction that contains substantially similar elements.
- (b) For a non-resident individual who is required to register as a sex offender in another state and who is employed or is a student in this state (Tex. Code of Crim. Pro. art. 62.152; Tex. Code of Crim. Pro. art. 62.153):
 - 1. Notice to each school within the district where the person will work or attend school.
 - 2. Notice to the administrative office of the school the individual is attending of any information obtained pursuant to Tex. Code of Crim. Pro. art. 62.005.

The notice sent to the school officials shall not contain the registrant's Social Security number, driver's license number, telephone number or any information that could identify the victim of the offense.

329.5.3 ADDITIONAL DISSEMINATION OF SEX OFFENDER INFORMATION

If the Weatherford Police Department registers an individual who has been assigned a sex offender registration numeric risk level of three, the Chief of Police may authorize notice to the public in any manner determined to be appropriate (Tex. Code of Crim. Pro. art. 62.056). This may include any information that is available to the public under Chapter 62 of the Texas Code of Criminal Procedure through use of any of the following methods:

- (a) Publishing notice in a newspaper, periodical or circular in the area where the registrant intends to reside.
- (b) Holding a neighborhood meeting.
- (c) Posting notices in the area where the registrant intends to reside.
- (d) Distributing printed notices to area residents.

In the event of a major injury or traffic fatality, the Shift Supervisor is responsible for notifying the on-call Advanced Accident Investigation Supervisor, who will then contact the appropriate personnel, if necessary.

330.4.4 PUBLIC INFORMATION OFFICER

Death Investigation

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

331.2 POLICY

It is the policy of the Weatherford Police Department to respond, document and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide and homicide, shall be initiated, conducted and properly documented.

331.3 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Investigations Division Lieutenant as necessary. The Shift Supervisor will make notification to command staff in accordance with the Major Incident Notification Policy.

331.3.1 REPORTING

All incidents involving a death shall be documented on the appropriate form.

331.3.2 MEDICAL EXAMINER REQUEST

Officers are not authorized to pronounce death unless they are also Medical Examiners, Deputy Medical Examiners or appointed Medical Examiner investigators. The Medical Examiner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes. The Medical Examiner may also be called anytime officers reasonably believe the Medical Examiner should investigate the death. State law requires that the Medical Examiner be notified when a person dies (Tex. Code of Crim. Pro. art. 49.04; Tex. Code of Crim. Pro. art. 49.05; Tex. Code of Crim. Pro. art. 49.18; Tex. Code of Crim. Pro. art. 49.25):

- (b) From unnatural or unknown causes.
- (c) Who is unidentified, as defined by Tex. Code of Crim. Pro. art. 49.01.

- (f) Without having been attended by a physician.
- (g) Having been attended by a physician but when the physician is unable to certify the cause of death.
- (h) Who is a child younger than 6 years of age.

Except in emergency circumstances, the body shall not be moved from the position or place of death without permission from the Medical Examiner (Tex. Code of Crim. Pro. art. 49.05).

331.3.3 SEARCHING DEAD BODIES

- (a) The Medical Examiner, his/her assistant and authorized investigators are generally the only persons permitted to move, handle or search a dead body.
- (b) An officer may make a reasonable search of an individual who it is reasonable to believe is near death, for the purpose of identification or for information identifying the individual as an anatomical donor.
- (c) The Medical Examiner may take property, objects or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death. All property taken from the scene, that was not on the body itself, will be logged and placed into a report.
- (d) Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner or his/her assistant, the investigating officer shall first obtain verbal consent from the Medical Examiner or his/her assistant..
- (e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner or his/her assistant. The name and address of this person shall be included in the narrative of the death report.

331.3.4 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Criminal Investigations shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Shift Supervisor or Criminal Investigations supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

Death Investigation

331.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will note in report that the body was turned over to the Medical Examiner as John/Jane Doe.

331.4.1 UNIDENTIFIED BODIES DATA ENTRY

No later than 10 working days after the date a death is reported to the Department, all available identifying features of the unidentified body, including dental records, fingerprints, any unusual physical characteristics and a description of clothing or personal belongings found on or with the body shall be entered into the Texas Department of Public Safety's Missing Children and Missing Persons Clearinghouse and the National Crime Information Center file (Tex. Code of Crim. Pro. art. 63.009).

331.5 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

331.6 RIGHT OF A PARENT OF DECEASED PERSON TO VIEW PERSON'S BODY

Members investigating a person's death shall permit a parent to view the person before the Medical Examiner assumes control over the body, when practicable. If the Medical Examiner has already assumed control over the body before the parent has requested to see the person's body, the investigating member should facilitate obtaining the Medical Examiner's consent for the parent to view the body (Tex. Code of Crim. Pro. art. 49.52).

If the person's death is subject to an inquest pursuant to Tex. Code of Crim. Pro. art. 49.04 or Tex. Code of Crim. Pro. art. 49.25, the viewing of the person's body is subject to the following conditions (Tex. Code of Crim. Pro. art. 49.52):

- (a) The viewing shall be supervised by an officer or, with the officer's consent, a physician, nurse, Medical Examiner, or a person acting on behalf of the Medical Examiner.
- (b) The parent may not have contact with the body without the prior consent of the Medical Examiner or a person acting on behalf of the Medical Examiner.
- (c) No medical device shall be removed from the body and the body shall not be altered in any way for the purpose of conducting the viewing without the prior consent of the Medical Examiner or a person acting on behalf of the Medical Examiner.

332.3 ACCEPTANCE OF REPORTS

A report should be taken any time a person living within the jurisdiction of the Weatherford Police Department reports that he/she has been a victim of identity theft. This includes:

- (a) Taking a report even if the location of the crime is outside the jurisdiction of this department or has not been determined.
- (b) Providing the victim with department information (i.e., information from the Federal Trade Commission guidelines). Encourage the individual to review the material, and assist with any questions.

A report should also be taken if a person living outside the department jurisdiction reports an identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in Weatherford to facilitate the crime).

332.3.1 CONTENT OF REPORT

Officers investigating an incident of identity theft shall include in their report (Tex. Code of Crim. Pro. art. 2.29; Tex. Code of Crim. Pro. art 2A.201):

- (a) The name of the victim.
- (b) The name of the suspects, if known.
- (c) The type of identifying or financial information obtained, possessed, transferred or used, including specific numbers of compromised accounts or identity.
- (d) The results of any investigation.
- (e) Location of offense, if known.
- (f) Copies of any documentation (i.e., documents showing fraudulent transactions).
- (g) All known incidents of fraud.

Upon request, a copy of the report shall be provided to the victim (Tex. Code of Crim. Pro. art. 2.29; Tex. Code of Crim. Pro. art 2A.201).

Identity Theft

332.3.2 SPECIFIC VICTIM INFORMATION

Officers should make a notation in the report narrative if the victim is a child or an elderly individual, as defined by Tex. Penal Code § 22.04, since the penalty for offenses committed against an elderly individual is enhanced (Tex. Penal Code § 32.51).

332.4 FOLLOW-UP INVESTIGATION

A member investigating a case of identity theft should ensure that each case is referred to the appropriate agency if it is determined that this department should not be the investigating agency (e.g., an identity theft ring working from out of state). The victim should be advised that the case is being transferred to the agency of jurisdiction for investigation. The investigating member should also ensure that appropriate entries are made into related databases that have been authorized for department use.

Private Person's Arrest

333.1 PURPOSE AND SCOPE

This policy provides guidance for the handling and acceptance of a private person's arrest.

333.2 POLICY

It is the policy of the Weatherford Police Department to accept a private person's arrest only when legal and appropriate.

333.3 ARRESTS BY PRIVATE PERSON

A private person may arrest another under the following circumstances:

- (a) When an offense is committed in the private person's presence or within their view and if the offense is one classed as a felony or as an offense against the public peace (Tex. Code of Crim. Pro. art. 14.01).
- (b) When the person has reasonable grounds to believe property is stolen (Tex. Code of Crim. Pro. art. 18.16).
 - 1. The person must bring the person suspected of committing the theft and the property before a magistrate or to a police officer for the purpose of examination.
- (c) When the person reasonably believes that another has stolen or is attempting to steal property (Tex. Civ. Prac. & Rem. Code § 124.001).
 - 1. The person may detain that person in a reasonable manner and for a reasonable time to investigate ownership of the property.

333.4 OFFICER RESPONSIBILITIES

An officer confronted with a person claiming to have made a private person's arrest should determine whether such an arrest is lawful.

If the officer determines that the private person's arrest is unlawful, the officer should:

- (a) Take no action to further detain or restrain the arrested individual, unless there is independent justification for continuing a detention.
- (b) Advise the parties that the arrest will not be accepted but the circumstances will be documented in a report.
- (c) Document the incident, including the basis for refusing to accept custody of the individual.

Whenever an officer determines that a private person's arrest is justified, the officer may take the individual into custody and proceed in the same manner as with any other arrest.

Private Person's Arrest

333.5 PRIVATE PERSON'S ARREST FORM

The arresting person should be asked to complete and sign a statement. If the person fails or refuses to do so, the arrested individual should be released, unless the officer has a lawful reason, independent of the private person's arrest, to take the individual into custody and determines an arrest is appropriate.

Limited English Proficiency Services

334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

334.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficiency (LEP) individual - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still exhibit LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Weatherford Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

334.2 POLICY

It is the policy of the Weatherford Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

334.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP coordinator. The coordinator shall be appointed by, and directly responsible to, the Patrol Lieutenant or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Weatherford Police Department's LEP services to LEP individuals.

Limited English Proficiency Services

- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor and Communications Supervisor. The list should include information regarding:
 - 1. Languages spoken.
 - 2. Contact information.
 - 3. Availability.
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and data from community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by this department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of this department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, developing new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

334.4 FOUR-FACTOR ANALYSIS

Because there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of the following four factors, which are:

Weatherford Police Department

Policy Manual

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of this department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

334.5 TYPES OF LEP ASSISTANCE AVAILABLE

Weatherford Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language. See [attachment: LLS Language ID Guide - to E-mail.pdf](#)

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

For the Language Line service instructions, see attachment: [Partnering with an Interpreter.pdf](#) and attachment: [Weatherford Police Department QRG.pdf](#)

334.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

334.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

334.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues

Limited English Proficiency Services

involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments who have been identified by the Department as having the requisite skills and competence may be requested.

334.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP coordinator that demonstrates their skills and abilities in the following areas:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

334.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.

Limited English Proficiency Services

- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

334.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

334.10 CONTACT AND REPORTING

Although all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation that involves a situation in which interpretation services were provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

334.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Weatherford Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

334.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is

Limited English Proficiency Services

known and a qualified bilingual member is available in Communications, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

Although 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

334.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

334.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Weatherford Police Department

Policy Manual

Limited English Proficiency Services

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

334.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

To ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, to protect the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

334.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during a complaint investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

334.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue

Limited English Proficiency Services

to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

334.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with the established records retention schedule.

334.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

335.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

335.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment – A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the person with a disability uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should hold a current certification issued by the Board for Evaluation of Interpreters or another current certificate approved by the Department of Assistance and Rehabilitative Services (Tex. Hum. Res. Code § 82.001).

335.2 POLICY

It is the policy of the Weatherford Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees, have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

335.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA coordinator (28 CFR 35.107). The coordinator shall be responsible to the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Working with the City ADA coordinator regarding the Weatherford Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports or new procedures or recommending modifications to this policy.

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor and Communications Supervisor. The list should include information regarding:
 - 1. Contact information.
 - 2. Availability.
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas indicating that auxiliary aids are available free of charge to individuals with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

335.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure persons with disabilities have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate his/her understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

335.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Weatherford Police Department

Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, is hard of hearing or has impaired speech must be handcuffed while in the custody of the Weatherford Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

335.6 TYPES OF ASSISTANCE AVAILABLE

Weatherford Police Department members shall never refuse an available service to an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall it require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to persons with disabilities through a variety of services.

A person with a disability may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Communications with Persons with Disabilities

335.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form (e.g., a personnel complaint form) or provide forms with enlarged print.

335.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee) if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who has a disability shall be required to provide his/her own interpreter (28 CFR 35.160). See attachment: [Texas Interpreting Services LLC.pdf](#)

335.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, are hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Communications with Persons with Disabilities

335.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

335.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

335.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

335.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and court orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Weatherford Police Department

Policy Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

335.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, is hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

335.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, are hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Communications with Persons with Disabilities

To ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

335.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, are hard of hearing, have impaired speech or vision, are blind or have other disabilities. In the interest of the arrestee's health and welfare, to protect the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

335.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the ADA coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this department.

335.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

335.18 TRAINING

To ensure that all members who may have contact with persons with disabilities are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.

Weatherford Police Department

Policy Manual

Communications with Persons with Disabilities

- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Sergeant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including those who are deaf, are hard of hearing, have impaired speech or vision or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all training provided and will retain a copy in each member's training file in accordance with the established records retention schedule.

335.18.1 TEXAS COMMISSION ON LAW ENFORCEMENT TRAINING

The Training Sergeant shall ensure that the Texas Commission on Law Enforcement (TCOLE) training related to deaf or hard of hearing drivers is provided to officers (Tex. Occ. Code § 1701.253).

335.18.2 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, are hard of hearing or have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls and using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Communications members who may have contact with individuals from the public who are deaf, are hard of hearing or have impaired speech. Refresher training should occur every six months.

Biological Samples

336.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from an individual in conjunction with a criminal investigation, nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

336.2 POLICY

The Weatherford Police Department will assist in the expeditious collection of required biological samples from arrestees and/or offenders in accordance with the laws of this state and with as little reliance on force as practicable.

336.3 ARRESTEES AND/OR OFFENDERS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION

The following arrestees or offenders must submit a biological sample (Tex. Gov't Code § 411.1471; Tex. Gov't Code § 411.148):

- (a) Persons arrested for a felony offense (Tex. Gov't Code § 411.1471):
 - 1. Persons arrested for felony offenses committed prior to September 1, 2023 are only required to submit a biological sample if the offense was one listed in Tex. Gov't Code § 411.1471(a)(1) as it existed on August 31, 2023.
- (b) Persons who have been convicted of:
 - 1. Any offense punishable as a Class A misdemeanor under Title 5, Penal Code (Offenses Against the Person), except for a Class A misdemeanor of deadly conduct.
 - 2. Indecent exposure.
 - 3. Enticing a child.
 - 4. Sale, distribution, or display of harmful material to a minor.
- (c) Individuals who are required to submit a sample pursuant to a court order.

336.4 PROCEDURE

When an arrestee or an offender is required to provide a biological sample, a trained member shall attempt to obtain the sample in accordance with this policy (37 Tex. Admin. Code § 28.125).

336.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the arrestee or offender is required to provide a sample pursuant to Tex. Gov't Code § 411.1471.

Biological Samples

- (b) Verify that a biological sample has not been previously collected from the arrestee or offender by querying the individual's computerized criminal history record. If a determination cannot be made from the individual's criminal history record, verification should be sought by contacting the Texas Department of Public Safety (DPS) Combined DNA Index System (CODIS) lab. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by DPS to perform the collection and take steps to avoid cross contamination (37 Tex. Admin. Code § 28.125).

336.5 USE OF FORCE TO OBTAIN SAMPLES

If an arrestee and/or offender refuses to cooperate with the sample collection process, members should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order or approval of legal counsel, and only with the approval of a supervisor.

Methods to consider when seeking voluntary compliance include contacting:

- (a) The individual's parole or probation officer, when applicable.
- (b) The prosecuting attorney to seek additional charges against the individual for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the individual's next court appearance.
- (d) The individual's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where the individual can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

336.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all persons participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the established records retention schedule.

336.6 LEGAL MANDATES AND RELEVANT LAWS

Texas law provides for the following:

Weatherford Police Department

336.6.2 RECORDS AND RETENTION

The Department shall maintain a record of the collection of a biological sample taken from an eligible individual (Tex. Gov't Code § 411.146).

Upon receipt of a notice of acquittal of an eligible individual or dismissal of the case against an eligible individual, the Records Section, or designated division, shall ensure that the record of collection is destroyed as soon as practicable (Tex. Gov't Code § 411.1471).

336.6.3 CONFIDENTIALITY OF RECORDS

It is unlawful for any person to knowingly misuse or disclose to an unauthorized entity a biological sample collected or a profile obtained for DNA database purposes (Tex. Gov't Code § 411.153).

Public Safety Video Surveillance System

338.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

338.2 POLICY

The Weatherford Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

338.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

338.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

Temporary cameras may be used for special events. Monitoring for special events should not include recordings.

Cameras should only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.

Public Safety Video Surveillance System

- (b) To target identified areas of gang and narcotics complaints or activity.
- (c) To respond to critical incidents.
- (d) To assist in identifying, apprehending and prosecuting offenders.
- (e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- (f) To augment resources in a cost-effective manner.
- (g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Shift Supervisor's office and Communications. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Shift Supervisor or trained Communications personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention of anything documented by public safety surveillance equipment is prohibited.

338.3.2 CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment should be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

338.3.3 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems, video enhancement or other analytical technology, requires additional safeguards.

Public Safety Video Surveillance System

338.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members follow department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

338.4.1 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

338.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule.

338.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

338.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Weatherford Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Shift Supervisor for release in accordance with a specific and legitimate law enforcement purpose.

Weatherford Police Department

Policy Manual

Public Safety Video Surveillance System

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

338.7 TRAINING

All department members authorized to operate or access public safety video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

339.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

339.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Weatherford Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

339.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should consider reasonable alternatives to arresting a parent, guardian or caregiver in the presence of his/her child or dependent adult.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

339.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Weatherford Police Department

Policy Manual

Child and Dependent Adult Safety

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence that it would not be in the dependent person's best interest (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Department of Family and Protective Services (DFPS) or the Department of Aging and Disability Services, if appropriate.
- (e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

339.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make telephone calls to arrange for the care of any child or dependent adult in accordance with the Temporary Custody of Adults Policy.

If an arrestee is unable to arrange for the care of any child or dependent adult through this process, or circumstances prevent them from making such arrangements (e.g., their behavior prevents reasonable accommodations for making necessary calls), a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

Child and Dependent Adult Safety

339.3.3 REPORTING

- (a) For all arrests where children are present or living in the household and there are no other responsible parties present, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household and there are no other responsible parties present, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether the person reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

339.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis response telephone number, the appropriate referral information may be provided.

339.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service agency to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care. In this section a child is a person under the age of 17.

Policy Manual

Child and Dependent Adult Safety

339.5 TRAINING

The Training Sergeant or designee is responsible for ensuring that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

340.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

340.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

340.2 POLICY

It is the policy of the Weatherford Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

340.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

Weatherford Police Department

Policy Manual

Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

340.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Weatherford Police Department affords to all members of the public (28 CFR 35.136).

340.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

340.4.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

340.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services that are reasonably available to an individual with a disability, with or without a service animal.

Service Animals

340.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

341.1 PURPOSE AND SCOPE

This policy establishes the guidelines for Weatherford Police Department volunteers to supplement and assist department personnel in their duties. Trained volunteers are members who can augment department personnel and help complete various tasks.

The function of the coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist efforts to jointly provide more productive volunteer services. Under the general direction of the Chief of Police or the authorized designee, volunteers shall report to the volunteer coordinator and/or Shift Supervisor.

All volunteers will be assigned to duties by the volunteer coordinator or the authorized designee.

341.7.1 COMPLIANCE

Volunteers shall be required to adhere to all department policies and procedures. A copy of the policies and procedures will be made available to each volunteer upon appointment. The volunteer shall become thoroughly familiar with these policies.

Whenever a rule, regulation or guideline in this Policy Manual refers to regular department personnel, it shall also apply to a volunteer, unless by its nature it is inapplicable.

Volunteers are required by this department to meet department-approved training requirements as applicable to their assignments.

341.7.2 VOLUNTEER MEETINGS

All volunteers should attend scheduled meetings. Any absences must be satisfactorily explained to the volunteer coordinator.

Task-specific training is intended to provide the required instruction and practice for volunteers to properly and safely perform their assigned duties. A volunteer's training should correspond to his/her assignment as determined by the volunteer coordinator.

Volunteers will be provided with an orientation program to acquaint them with the policies of the Department and law enforcement procedures applicable to their assignments.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete the required tasks, and should receive ongoing training as deemed appropriate by their supervisors or the volunteer coordinator.

Training should reinforce to volunteers that they shall not intentionally represent themselves as, or by omission infer that they are, officers or other full-time members of the Department. They shall always represent themselves as volunteers.

341.8.1 VOLUNTEER TRAINING MATERIALS

Each new volunteer may, when necessary, be issued volunteer training materials. The volunteer shall become knowledgeable of the subject matter and proficient with the skills as set forth in the training materials.

Volunteers

341.9 SUPERVISION

Each volunteer must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the volunteer's assigned duties. The following are some considerations that supervisors should keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to members on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give volunteers an assignment or task that will utilize these valuable resources.

A volunteer may be assigned as a supervisor of other volunteers, provided that the supervising volunteer is under the direct supervision of an employee of the Weatherford Police Department.

341.9.1 EVALUATIONS

Volunteers should be evaluated periodically to ensure that they are able to perform their duties in a safe and efficient manner.

341.9.2 FITNESS FOR DUTY

No volunteer shall report for work or be at work when his/her judgment or physical condition has been impaired due to illness or injury, or by the use of alcohol or drugs, whether legal or illegal.

341.10 INFORMATION ACCESS

With appropriate security clearance, a volunteer may have access to or be in the vicinity of criminal histories, investigative files or information portals. Unless otherwise directed by a supervisor, the duties of the position or department policy, all such information shall be considered confidential. Only that information specifically identified and approved by authorized members shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

A volunteer whose assignment requires the use of, or access to, confidential information will be required to have his/her fingerprints submitted to the Department of Public Safety to obtain

clearance. Volunteers working this type of assignment will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information verbally, in writing or by any other means by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to newspapers or other periodicals, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

341.10.1 RADIO AND MOBILE DATA COMPUTER USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using police radios or Mobile Data Computers and shall comply with all related provisions. The volunteer coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

Volunteers should not operate a marked law enforcement vehicle unless there is a prominently placed sign indicating that the vehicle is out of service.

Volunteers are not authorized to operate department vehicles while using the vehicle's emergency equipment (e.g., emergency lights siren) without supervisor approval.

Volunteers

341.12 DISCIPLINARY PROCEDURES/TERMINATION

If a volunteer has a personnel complaint made against him/her or becomes involved in an internal investigation, the matter shall be investigated in compliance with the Personnel Complaints Policy.

Volunteers are considered at-will and may be removed from service at the discretion of the Chief of Police, with or without cause. Volunteers shall have no property interest in their continued appointments. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice and a reason for their decision.

341.12.1 EXIT INTERVIEWS

The volunteer coordinator should conduct exit interviews, where possible. These interviews should ascertain why the volunteer is leaving the position and should solicit the volunteer's suggestions on improving the position. When appropriate, an exit interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

Native American Graves Protection and Repatriation

342.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

342.1.1 DEFINITIONS

Definitions related to this policy include (43 CFR 10.2):

Funerary objects - Objects that, as part of the death rite or ceremony of a Native American culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains. Funerary objects are either associated funerary objects or unassociated funerary objects.

Associated funerary objects are any funerary objects related to removed human remains, where the location of the human remains is known. This includes objects that were made exclusively for burial purposes or to contain human remains, regardless of the physical location or existence of any related human remains.

Unassociated funerary objects are any other funerary objects that are identified by a preponderance of the evidence such as:

- Related to human remains but the remains were not removed, or the location of the remains is unknown.
- Related to specific individuals or families.
- Removed from specific burial sites with Native American cultural affiliation.
- Removed from an area where such burial sites are known to have existed, but the site no longer exists.

Native American human remains - Any physical part of the body of a Native American individual.

Objects of cultural patrimony - Objects having ongoing historical, traditional, or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

342.2 POLICY

It is the policy of the Weatherford Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred

Native American Graves Protection and Repatriation

objects, or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption, or complicated custody transfer processes.

342.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred objects, or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.5).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Without delay, the appropriate agency or group shall be notified to respond and take control of the scene. These include the following (43 CFR 10.5):

- Federal land - Appropriate agency at the U.S. Department of the Interior or U.S. Department of Agriculture
- State land - Appropriate Texas land management agency, the Texas Historical Commission and the Medical Examiner, when appropriate (Tex. Code of Crim. Pro. art. 49.05; Tex. Code of Crim. Pro. art. 49.25; 13 Tex. Admin. Code § 26.2).
- Tribal land - Responsible Indian tribal official

342.4 EVIDENCE AND PROPERTY

If the location has been investigated as a possible homicide scene prior to identification as a NAGPRA site, investigators shall work with other appropriate agencies and individuals to ensure the proper transfer and repatriation of any material collected. Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.7).

Off-Duty Law Enforcement Actions

343.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for officers of the Weatherford Police Department with respect to taking law enforcement action while off-duty.

343.2 POLICY

It is the policy of the Weatherford Police Department that officers generally should not initiate law enforcement action while off-duty. Officers are not expected to place themselves in unreasonable peril and should first consider reporting and monitoring the activity. However, any officer who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage or loss, may take reasonable action to minimize or eliminate the threat.

343.3 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. Officers should consider waiting for on-duty uniformed peace officers to arrive instead of immediately intervening and, while waiting, gather as much accurate intelligence as possible. However, if an officer decides to intervene, he/she must evaluate whether the action is necessary or desirable, and should take into consideration:

- (a) The potential to be misidentified by other peace officers.
- (b) The potential to be misidentified by members of the public, who may be armed or who may take action.
- (c) The tactical disadvantage of being alone and the possibility of multiple or hidden suspects.
- (d) Limited off-duty firearms capabilities and ammunition.
- (e) The inability to communicate with responding peace officers.
- (f) The lack of equipment, such as body armor, handcuffs or control devices.
- (g) Unfamiliarity with the surroundings, including escape routes.
- (h) The potential for increased risk to bystanders by confronting a suspect or taking action.

343.3.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. If possible, the dispatcher receiving the call should obtain a description of the off-duty officer from the caller and broadcast that information to responding officers.

Weatherford Police Department

Policy Manual

Off-Duty Law Enforcement Actions

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an officer with the Weatherford Police Department until acknowledged. Official identification should also be displayed when possible.

343.4 CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she is working in an undercover capacity.

343.4.1 NON-SWORN RESPONSIBILITIES

Non-sworn members should not become involved in any law enforcement action while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

343.4.2 INCIDENTS OF PERSONAL INTEREST

Department members should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances members should call the responsible agency to handle the matter.

343.5 REPORTING

If prior notification to the appropriate local law enforcement agency is not reasonably possible before taking action, the officer shall notify the agency as soon as reasonably practicable. Officers shall cooperate fully with the agency having jurisdiction by providing statements or reports as requested or as appropriate.

Officers shall notify the on-duty shift supervisor regarding any law enforcement action taken while off-duty. The on-duty shift supervisor may send another supervisor to the location. The supervisor may request assistance from the Professional Standards Unit, if deemed appropriate.

The shift supervisor shall determine whether a crime report or an administrative report should be completed by the involved officer.

344.9 SAFETY AND OTHER CONSIDERATIONS

Department members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, should not allow them to be present in any location or situation that would jeopardize their safety.

Department members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Handgun License

346.1 PURPOSE AND SCOPE

The Director of the Department of Public Safety (DPS) is given the statutory discretion to issue a license to carry a handgun to residents within the state. This policy will provide a guide for handling incidents involving a License to Carry a Handgun (LTC) and a written process for the revocation or suspension of such licenses (Tex. Gov't Code § 411.186; Tex. Gov't Code § 411.187).

346.2 CONTACT OF A HANDGUN LICENSE DEALER

An officer, acting in the lawful discharge of his/her official duties, is authorized to disarm an LTC holder any time when the officer has a reasonable belief that it is necessary for the protection of him/herself, the license holder or others. However, during routine contacts it is preferred to avoid such action (Tex. Gov't Code § 411.207).

- (a) During traffic stops and contacts officers should:
 - 1. Follow the seven-step violator contact.
 - 2. If the driver advises he/she is an LTC holder, ask if he/she is currently carrying a handgun and where the handgun is located.
 - 3. Caution the driver not to reach for, touch or display the weapon unless requested to do so.
 - 4. Recognize that an LTC holder need not identify him/herself as an LTC holder if no handgun is in his/her possession.
 - 5. Complete the traffic stop or contact in a normal manner unless there is reasonable need to disarm the LTC holder.
- (b) During a response to a disturbance, officers should:
 - 1. Ascertain during the initial contact if any of the parties present or involved in the incident are LTC holders and if they currently are in possession of a handgun.
 - 2. Ascertain the need to remove any handgun from the scene, and if necessary, to do so as safely and quickly as possible.
 - 3. Assess and respond to violations of the LTC laws by an LTC holder who is involved in a disturbance, assault or similar situation or incident.
- (c) Disarming an LTC holder:
 - 1. If an officer decides to disarm an LTC holder, it should be done in the safest, but least intrusive manner possible. Simply having the LTC holder move away from the location of a handgun should suffice in most situations. The less a gun is handled, the less chance there is of an accidental discharge.
 - 2. In the case of a traffic stop, the best practice should be to place the weapon in the trunk of the licensee's vehicle, if the officer is not comfortable having the handgun left in the passenger compartment.

Handgun License

346.3 ARRESTED PERSONS

When a person is arrested for any offense that would qualify for suspension or revocation of an LTC under Texas handgun laws, a check should be conducted to determine whether he/she has been issued an LTC. The arresting officer should ensure that a check for an LTC be conducted regardless of whether the arrested person was in possession of a license or a handgun at the time of the arrest.

Offenses that qualify for suspension or revocation include:

- Any felony
- Any Class A or B misdemeanor
- Any Class C misdemeanors involving violence, assault, disorderly conduct or similar behavior.

Any handgun or LTC in possession of a person arrested for a qualifying offense shall be seized as evidence and booked into property (Tex. Gov't Code § 411.206).

If the offense does not qualify for suspension or revocation of an LTC and the arrested person holds a valid LTC, any handgun found in possession of the arrested person shall be placed into property for safekeeping.

346.4 REVOCATION OF LICENSES

An officer may request revocation of an LTC for any of the following reasons (Tex. Gov't Code § 411.186):

- (a) The licensee has violated any of the restrictions or conditions placed upon the license.
- (b) The licensee was not entitled to the license at the time it was issued.
- (c) The licensee gave false information on the application.
- (d) The license holder becomes ineligible for a license under Tex. Gov't Code § 411.172, unless the sole basis for ineligibility is that the license holder is charged with the commission of a Class A or Class B misdemeanor or an offense under Tex. Penal Code § 42.01, or of a felony under an information or indictment.
- (e) The license holder is convicted of an offense under Tex. Penal Code § 46.035.
- (f) The license holder engaged in conduct constituting a reason to suspend a license listed in Tex. Gov't Code 411.187(a) after the person's license has been previously suspended twice for the same reason.
- (g) The licensee submitted an application fee that was not honored or reversed.

If an officer believes there is reason to revoke the license, the officer shall:

- (a) Prepare an affidavit on form LTC-88 (3/2017) provided by DPS stating the reason(s) for revocation. See attachment : [LTC-88.pdf](#).
- (b) Attach all related reports to the affidavit.

Handgun License

- (c) Submit the forms and reports to DPS no later than the fifth working day after the date the form is prepared.
- (d) Send a copy of the form and attachments to the licensee.

346.5 SUSPENSION OF LICENSE

An officer may request suspension of an LTC for any of the following reasons (Tex. Gov't Code § 411.187):

- (a) The license holder is charged with the commission of a Class A or Class B misdemeanor or an offense under Tex. Penal Code § 42.01, or of a felony under an information or indictment.
- (b) The license holder fails to notify the Department of a change of address or name, as required by Tex. Gov't Code § 411.181.
- (c) The license holder commits an act of family violence and is the subject of an active protective order rendered under Title 4, Tex. Family Code.
- (d) The license holder is arrested for an offense involving family violence or an offense under Tex. Penal Code § 42.072, and is the subject of an order for emergency protection issued under Tex. Code of Crim. Pro. art. 17.292.

If an officer believes there is reason to suspend the license, the officer shall:

- (a) Prepare an affidavit on form LTC-81 (4/2017) provided by DPS stating the reason(s). See attachment : [LTC-81.pdf](#).
- (b) Attach all related reports to the affidavit.
- (c) Submit the forms and reports to DPS no later than the fifth working day after the date the form is prepared.
- (d) Send a copy of the form and attachments to the licensee.

Generative Artificial Intelligence Use

347.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for department use of generative artificial intelligence (GenAI). This policy does not apply to artificial intelligence that is integrated into facial recognition applications, voice recognition applications, biometric access controls, or software that redacts documents or video or similar applications.

Additional guidelines for the use of department information technology resources are found in the Information Technology Use Policy.

347.1.1 DEFINITIONS

Definitions related to this policy include:

Generative artificial intelligence (GenAI) - A type of artificial intelligence that is algorithmically trained on one or more large data sets and designed to generate new and unique data (e.g., text, pictures, video) in response to a prompt (generally questions, instructions, images, or video) input by the user.

347.2 POLICY

The use of GenAI systems carries unique benefits within a law enforcement agency, providing ways to increase operational efficiency, enhance department procedures, and improve the overall effectiveness of the Weatherford Police Department.

However, the prompts input into GenAI systems can present risks to both individuals and law enforcement agencies by making accessible to the public information such as department tactics, investigative and training techniques, confidential information (e.g., confidential informants, protected information), active investigations, and security procedures. In addition, without safeguards in place, GenAI can produce unintended discriminatory or biased output as well as content that is inaccurate, misleading, or copyrighted.

It is the policy of the Department to develop, implement, and use GenAI ethically and responsibly in a way that minimizes potential risk and harm in accordance with the guidelines set forth below.

Any function carried out by a member of the Department using GenAI is subject to the same laws, rules, and policies as if carried out without the use of GenAI. The use of GenAI does not permit any law, rule, or policy to be bypassed or ignored.

347.3 RESPONSIBILITIES

347.3.1 CHIEF OF POLICE

The Chief of Police or an authorized designee shall approve all GenAI systems, their acceptable uses, and their authorized user groups prior to the use, implementation, or development for any department functions.

Generative Artificial Intelligence Use

347.3.2 AI COORDINATOR

The Chief of Police or the authorized designee shall appoint an AI coordinator. The AI coordinator shall report to the Chief of Police or the authorized designee.

The responsibilities of the AI coordinator include but are not limited to:

- (a) Evaluating potential GenAI systems and recommending those GenAI systems that appear to be appropriate and trustworthy to the Chief of Police or the authorized designee. The trustworthiness of GenAI systems should be evaluated by balancing the following characteristics:
 - 1. Validity and reliability - The system's apparent ability to meet the intended purpose and fulfill the needs of the Department consistently over time.
 - 2. Safety - Any apparent risk to human life, health, property, or the environment that could result from the department's use of the system.
 - 3. Security and resiliency - The system's capability to prevent unauthorized access and misuse and its ability to return to normal function should misuse occur.
 - 4. Accountability and transparency - The ability to track and measure the system's use and activity through histories, audit logs, and other processes to provide insight about the system and identify potential sources of error, bias, or vulnerability.
 - 5. Explainability and interpretability - The ability of the user to understand the purpose and impact of the system, how and why the system reached the resulting output, and what the output means for the user.
 - 6. Privacy - The ability of the system to protect confidentiality and meet applicable privacy standards for the types of data intended to be input into the system (e.g., state privacy laws, Criminal Justice Information Services (CJIS), Health Insurance Portability and Accountability Act (HIPAA)).
 - 7. Fairness - The ability of the system to operate in a way that avoids or minimizes bias and discrimination.
- (b) Ensuring appropriate contractual safeguards are in place to manage third-party use of department data and to restrict the use of input in AI training data sets. If the input of protected information is necessary for the proper use of the GenAI system, an information-exchange agreement in compliance with applicable rules and standards (e.g., CJIS requirements) should be used to outline the roles, responsibilities, and data ownership between the Department and third-party vendor.
- (c) Coordinating with others within the Department and City, such as the information technology or legal departments, as appropriate to ensure GenAI systems are procured, implemented, and used appropriately.
- (d) Maintaining a list or inventory of department-approved GenAI systems and, when appropriate for department transparency, making the list or inventory available to the public.
- (e) Developing and maintaining appropriate procedures related to the use of GenAI systems, including procedures for editing and fact-checking output.

Generative Artificial Intelligence Use

- (f) Ensuring any public-facing GenAI systems notify the user that GenAI is being used.
- (g) Developing and updating training for the authorized users of each department-approved GenAI system.
- (h) Ensuring access to department GenAI systems is limited to authorized users and establishing requirements for user credentials such as two-factor authentication and appropriate password parameters.
- (i) Conducting audits at reasonable time intervals for each of the GenAI systems utilized by the Department to evaluate the performance and effectiveness of each approved system and to determine if it continues to meet the department's needs and expectations of trustworthiness. The coordinator should arrange for audits to be conducted by an external source, as needed.
- (j) Ensuring each GenAI system is updated and undergoes additional training as reasonably appears necessary in an effort to avoid the use of outdated information or technologies.
- (k) Keeping abreast of advancements in GenAI and any GenAI-related legal developments.
- (l) Reviewing this policy and department practices and proposing updates as needed to the Chief of Police.
- (m) Developing procedures in coordination with the *Brady* information coordinator and the Records Supervisor for the compilation and potential release of any discovery or records related to the use of GenAI systems consistent with *Brady* and the Texas Public Information Act.

347.4 USE OF GENERATIVE AI

The use of department GenAI systems by department members shall be limited to official work-related purposes, and members shall only access and use GenAI systems for which they have been authorized and received proper training.

Members shall use AI-generated content as an informational tool and not as a substitution for human judgment or decision-making. Members should not represent AI-generated content as their own original work.

AI-generated content should be considered draft material only and shall be thoroughly reviewed prior to use. Before relying on AI-generated content, members should:

- (a) Obtain independent sources for information provided by GenAI and take reasonable steps to verify that the facts and sources provided by GenAI are correct and reliable.
- (b) Review prompts and output for indications of bias and discrimination and take steps to mitigate its inclusion when reasonably practicable (see the Bias-Based Policing Policy).
- (c) Include a statement in the final document or work product that GenAI was used to aid in its production.

Generative Artificial Intelligence Use

347.4.1 PRIVACY CONSIDERATIONS

Information not otherwise available to the public, including data reasonably likely to compromise an investigation, reveal confidential law enforcement techniques, training, or procedures, or risk the safety of any individual if it were to become publicly accessible, should not be input into a GenAI system unless contractual safeguards are in place to prevent such information from becoming publicly accessible. Members should instead use generic unidentifiable inputs, such as "suspect" or "victim," and hypothetical scenarios whenever possible.

Protected information should only be input into GenAI systems that have been approved for such use and comply with applicable privacy laws and standards (see the Protected Information Policy).

347.5 PROHIBITED USE

Members shall not use GenAI systems to rationalize a law enforcement decision, or as the sole basis of research, interpretation, or analysis of the law or facts related to a law enforcement contact or investigation.

Members shall not create user accounts in their official capacity or input work-related data (including information learned solely in the scope of their employment) into publicly available GenAI systems unless the system has been approved by the Chief of Police or the authorized designee for the intended use.

347.6 TRAINING

The AI coordinator should ensure that all members authorized to use GenAI have received appropriate initial training that is suitable for their role and responsibilities prior to their use of GenAI and receive periodic refresher training. Training should include but is not limited to the following:

- (a) A review of this policy
- (b) The need for human oversight of GenAI outputs
- (c) The interpretation, review, and verification of GenAI output
- (d) Checking GenAI output for bias or protected information
- (e) Ethical use of GenAI technology
- (f) Data security and privacy concerns

Chapter 4 - Patrol Operations

Patrol

400.1 PURPOSE AND SCOPE

400.2 POLICY

The Weatherford Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION

Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Weatherford. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

- (a) Responding to emergency calls for service.
- (b) Apprehending criminal offenders.
- (c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
- (d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
- (e) Responding to reports of both criminal and non-criminal acts.

Members should be provided with opportunities on a regular basis to share information during the daily roll call briefings and to attend roll call briefings of other divisions or specialized units.

Patrol

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.5 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including, but not limited to, civil demonstrations, public displays, parades, sporting events and civic, social and business events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations, and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety concerns.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Weatherford Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach and partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Tex. Code of Crim. Pro. art. 2B.0051). This includes explicit and implicit biases (i.e., conscious and unconscious beliefs or attitudes toward certain groups).

401.2 POLICY

The Weatherford Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural, or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively, and without discrimination toward any individual or group (Tex. Code of Crim. Pro. art. 2B.0053).

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member.

Weatherford Police Department

Policy Manual

Bias-Based Policing

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

The Patrol Lieutenant should ensure that the Department has appropriate systems in place to collect information required by state racial profiling laws.

Each time an officer makes a traffic stop, the officer shall gather the required information using the system in place for racial profiling reporting (Tex. Code of Crim. Pro. art. 2B.0054).

Code of Crim. Pro. art. 2B.0151).
 - 1. Supervisors should document these periodic reviews.

401.7 ADMINISTRATION

The Patrol Lieutenant should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any identifying information about any specific complaint, member of the public, or officer. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service (Tex. Code of Crim. Pro. art. 2B.0053).

Supervisors should review the annual report and the report submitted to TCOLE and discuss the results with those they are assigned to supervise.

401.8 COMPLIMENTS AND COMPLAINTS

The Patrol Lieutenant is responsible for educating the public on the department's compliment and complaint process (see the Personnel Complaints Policy). This education may be achieved by information provided through the department website. This information shall include the telephone number, mailing address, and email address to make a compliment or complaint regarding a ticket, citation, or warning issued by an officer.

In the event that an investigation is initiated against an officer for a violation of this policy, the Patrol Lieutenant should ensure that a copy of any related recording is provided as soon as practicable to the officer upon written request (Tex. Code of Crim. Pro. art. 2B.0053).

401.9 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Sergeant or designee. Training will be conducted at least every two years in accordance with Texas Law and TCOLE standards.

- (c) When photographs are not taken of a major crime scene or where no physical evidence is recovered from a major crime scene, the Criminal Investigator assigned to the case will document the reason for such in his/her investigative report.

403.5 FIRST RESPONDER RESPONSIBILITIES

The following list generally describes the first responder's function at a crime scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

Crime Scene Integrity and Investigations

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. 404.1 PURPOSE AND SCOPE

This policy provides guidelines for the specialized support of the Weatherford/Parker County SWAT team in handling critical field operations where special tactical deployment methods or intense negotiations are beyond the capacity of field officers.

404.1.1 DEFINITIONS

Definitions related to this policy include:

Negotiation team - Designated officers, including those in a multijurisdictional team, who are specifically trained and equipped to provide skilled verbal communications to de-escalate or effect surrender in situations where suspects have taken hostages or barricaded themselves or are suicidal.

Tactical team - Designated officers, including those in a multijurisdictional team, who are specifically trained and equipped to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigators. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, a tactical team may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues necessitate such use.

404.2 POLICY

It shall be the policy of the Weatherford Police Department to maintain a SWAT, either internally or through participation in a regional team, comprised of negotiation and tactical teams, and to provide the equipment, manpower and training necessary to maintain such teams. The SWAT should develop sufficient resources to perform three basic operational functions:

- (a) Command and control
- (b) Containment
- (c) Emergency action

404.3 CAPABILITIES

This department acknowledges that training needs may vary based on the experience level of team members, team administrators and potential incident commanders. Therefore, with the preservation of innocent human life being paramount, nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training level due to the exigency of the circumstances.

Weatherford Police Department

Policy Manual

Weatherford/Parker County Special Operations Group

404.4 MANAGEMENT AND SUPERVISION

Under the direction of the Weatherford Chief of Police and the Parker County Sheriff the Weatherford/Parker County SWAT Team shall be managed by the appointed SWAT Commander. The SWAT Commander shall be selected by the Weatherford Chief of Police and the Parker County Sheriff.

404.4.1 TEAM SUPERVISORS

The negotiation team and tactical team will be under the direction of designated team supervisors, who shall be selected by the SWAT Commander.

The primary responsibility of the team supervisors is to oversee the operation of their teams, which includes deployment, training, first-line supervisor participation and other duties as directed by the SWAT Commander.

404.5 READINESS

An operational readiness assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this department. The assessment should consider the capabilities, training and limitations of the SWAT and should be reviewed annually by the SWAT Commander or the authorized designee.

404.5.1 EQUIPMENT INSPECTIONS

The SWAT Commander shall appoint a team supervisor to perform operational readiness inspections of all SWAT equipment at least quarterly. The result of the inspection will be forwarded to the SWAT Commander in writing. The inspections will include personal equipment issued to members of the SWAT, operational equipment maintained in the SWAT facility and equipment maintained or used in SWAT vehicles.

404.5.2 MULTIJURISDICTIONAL OPERATIONS

The SWAT team should develop protocols, agreements, memorandums of understanding (MOUs) or working relationships to support multijurisdictional or regional responses.

- (a) If it is anticipated that multijurisdictional SWAT operations will regularly be conducted, multi-agency and multidisciplinary joint training exercises should occur.
- (b) Members of the Weatherford Police Department SWAT shall operate under the policies, procedures and command of the Weatherford Police Department when working in a multi-agency situation.

404.6 PROCEDURES

Situations that necessitate the need for a SWAT response vary greatly from incident to incident and often demand on-scene evaluation. The guidelines allow for appropriate on-scene decision-making and development of organizational and operational procedures.

404.6.1 ORGANIZATIONAL PROCEDURES

The Department shall develop a separate written set of organizational procedures that should address, at a minimum:

Weatherford Police Department

Policy Manual

Weatherford/Parker County Special Operations Group

- (a) Specific missions the SWAT is capable of performing.
- (b) SWAT organization and function.
- (c) Member selection, retention and termination criteria.
- (d) Training and required competencies, including record production and retention.
- (e) Procedures for notification, activation, deactivation and deployment.
- (f) Command and control issues, including a clearly defined command structure and dedicated lines of communication.
- (g) Multi-agency response.
- (h) Out-of-jurisdiction response.
- (i) Specialized functions and supporting resources.

404.6.2 OPERATIONAL PROCEDURES

The Department shall develop a separate written set of operational procedures in accordance with the determination of the SWAT's level of capability, using sound risk-reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's (NTOA) SWAT Standard for Law Enforcement Agencies. Because such procedures are specific to SWAT members and outline negotiation, tactical and officer safety issues, they are not included within this policy.

The operational procedures should include, at a minimum:

- (a) Designation of members who are responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
 - 1. All SWAT members should have an understanding of operational planning.
 - 2. SWAT training should include planning for both spontaneous and planned events.
 - 3. SWAT planning should incorporate medical emergency contingency plans as part of the SWAT operational plan.
- (b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
 - 1. When possible, briefings should include the specialized teams and other supporting personnel.
- (c) Protocols for a sustained operation to be developed that may include relief, rotation of members and augmentation of personnel and resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of the SWAT.
- (e) Roles for the negotiations team and negotiators.

Weatherford Police Department

Policy Manual

Weatherford/Parker County Special Operations Group

- (f) A standard method of determining whether a warrant should be regarded as high risk.
- (g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) Protocols for post-incident scene management, including:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other divisions.
 - 3. Debriefing after every deployment of the SWAT.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents, affords the opportunity for individual and team assessments, helps to identify training needs and reinforces sound risk management practices.
 - (b) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
 - (c) When appropriate, debriefing should include specialized teams and supporting or assisting personnel.
- (i) A sound risk management analysis.
- (j) Standardization of equipment deployed.

404.7 OPERATIONAL GUIDELINES

The following are guidelines for the operational deployment of the SWAT. Generally, the tactical team and the negotiation team will be activated together. It is recognized, however, that the teams can be activated independently as circumstances dictate. The tactical team may be used in a situation not requiring the physical presence of the negotiation team, such as warrant service operations. The negotiation team may be used in a situation not requiring the physical presence of the tactical team, such as handling a suicidal person. Operational deployment of the specialized teams shall be at the discretion of the SWAT Commander.

404.7.1 APPROPRIATE USE

Incidents that may result in the activation of the SWAT include:

- (a) Barricaded suspects who refuse an order to surrender.
- (b) Incidents where hostages are taken.
- (c) Individuals who are threatening suicide and have refused to surrender.
- (d) Arrests of potentially armed or dangerous persons.
- (e) Any situation that could threaten or undermine the ability of the Department to preserve life, maintain social order and ensure the protection of persons or property.

- (b) The number of suspects, identity and criminal history.
- (c) The known weapons and resources available to the suspect.
- (d) If the suspect is in control of hostages and/or barricaded.

- (i) The extent of any inner or outer perimeter and the number of personnel involved.

404.7.3 FIELD PERSONNEL RESPONSIBILITIES

While waiting for the SWAT to respond, field personnel should, if determined to be safe and practicable and sufficient resources exist:

Weatherford Police Department

- (g) Plan for, and stage, anticipated resources.

404.7.4 ON-SCENE COMMAND RESPONSIBILITIES

Upon arrival of the SWAT at the scene, the Incident Commander shall brief the SWAT Commander and team supervisors. Once the SWAT Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue to supervise the command post operation, outer perimeter security, evacuation and media access and will support the SWAT. The Incident Commander and SWAT Commander or the authorized designee shall maintain direct communication at all times.

404.7.5 COMMUNICATIONS WITH SWAT MEMBERS

All persons who are non-SWAT members should refrain from any non-emergency contact or interference with any SWAT member during any active tactical deployment. SWAT operations require the utmost in concentration by involved members and, as a result, no one should interrupt or communicate with SWAT members directly. All non-emergency communications shall be channeled through the negotiation team or tactical team supervisor or the authorized designee.

404.8 TACTICAL TEAM ADMINISTRATIVE GUIDELINES

404.8.1 SELECTION OF TACTICAL MEMBERS

Interested SWAT members who are off probation shall submit a change of assignment request to their appropriate Lieutenants.

- (f) Participants who are not law enforcement officers shall not be permitted to accompany the department member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the telecommunicator that a ride-along participant is present in the vehicle before going into service. An officer with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit and, if feasible, let the participant out of the vehicle in a well-lit public place. The telecommunicator will be advised of the situation and as soon as practicable have another department member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Shift Supervisor. The member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Policy Manual

Ride-Alongs

Upon completion of the ride-along, the member shall return the waiver form to the Shift Supervisor.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which, by its nature, containment or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 POLICY

It is the policy of the Weatherford Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

406.3 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before the responder is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

The Texas Department of Public Safety (DPS) will be responsible for on-site coordination of transportation emergencies for all unincorporated areas and may assume the on-site coordination role within cities when requested to do so by local government (37 Tex. Admin. Code § 4.2).

406.4 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify Communications, appropriate supervisors, the appropriate fire department and hazardous response units.

Weatherford Police Department

Policy Manual

Hazardous Material Response

1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (c) Wear personal protective equipment (PPE), being cognizant that some hazardous material can be inhaled.
- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
 1. Placards or use of an emergency response guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.
 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
 - (a) The type of material.
 - (b) How to secure and contain the material.
 - (c) Any other information to protect the safety of those present, the community and the environment.
- (f) Provide first aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene to prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.
- (j) Activate automated community notification systems, if applicable.
- (k) Notify the Texas DPS, as necessary (37 Tex. Admin. Code § 4.2).

406.5 REPORTING EXPOSURE

Department members who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Shift Supervisor as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Weatherford Police Department

Policy Manual

Hazardous Material Response

Injury or illness caused or believed to be caused by exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report as applicable.

406.5.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

To ensure the safety of members, PPE is available from supervisors. PPE not maintained by this department may be available through the appropriate fire department or emergency response team.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- Unlawfully held against his/her will under threat or actual use of force.

407.2 POLICY

It is the policy of the Weatherford Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands, and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

A supervisor may order the telephone company to disconnect or control telephone lines in order to prevent an armed and barricaded suspect or person holding a hostage from communicating

Hostage and Barricade Incidents

with anyone other than designated personnel when the supervisor has probable cause to believe that the suspect is committing a crime (Tex. Utilities Code § 186.021).

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt to obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

Hostage and Barricade Incidents

- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated, if practicable, pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

Hostage and Barricade Incidents

- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting Weatherford/Parker County Special Operations Group (SWAT) response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized assignment members, additional department members, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or Communications.
- (i) Identify a media staging area outside the outer perimeter and have the department PIO or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

Hostage and Barricade Incidents

407.6 SWAT RESPONSIBILITIES

It will be the SWAT Commander's decision, with input from the Incident Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the SWAT Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue to supervise the command post operation, outer perimeter security, evacuation and media access, and will support the SWAT. The Incident Commander and the SWAT Commander or the authorized designees shall maintain direct communications at all times.

407.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Weatherford Police Department in their initial response to incidents involving explosives or explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Weatherford Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 WEATHERFORD POLICE DEPARTMENT FACILITY

If the bomb threat is against the Weatherford Police Department facility, the Shift Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Weatherford Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.

Weatherford Police Department

Policy Manual

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Weatherford, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Shift Supervisor should be notified when police assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

Response to Bomb Calls

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes:
 - 1. Two-way radios.
 - 2. Cell phones.
 - 3. Other personal communication devices.
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.

Response to Bomb Calls

- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Supervisor including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).
 - 4. The anticipated danger zone and perimeter.
 - 5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds, or any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Fire marshal
- Bomb squad

Response to Bomb Calls

- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

408.8 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.8.1 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be embedded in nearby structures or hanging in trees and bushes.

Crisis Intervention Incidents

409.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

409.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; noncompliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

409.2 POLICY

The Weatherford Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

409.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation or lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these signs should not be treated as proof of the presence or absence of a mental health issue or crisis.

409.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Lieutenant to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

409.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Weatherford Police Department

Policy Manual

Crisis Intervention Incidents

409.5.1 TRANSFER TO TREATMENT CENTER

An officer should transfer a person to an available treatment center, in lieu of making an arrest, when it is reasonable and it appears that a mental health crisis or substance abuse issue led the person to commit the offense. Transfer to a treatment center is not an option when the offense was any of the following (Tex. Code of Crim. Pro. art. 16.23):

- (a) A felony
- (b) A misdemeanor involving violence
- (c) Any of the following:
 - 1. Driving while intoxicated (Tex. Penal Code § 49.04)
 - 2. Driving while intoxicated with a child passenger (Tex. Penal Code § 49.045)
 - 3. Flying while intoxicated (Tex. Penal Code § 49.05)
 - 4. Boating while intoxicated (Tex. Penal Code § 49.06)
 - 5. Boating while intoxicated with a child passenger (Tex. Penal Code § 49.061)
 - 6. Assembling or operating an amusement park ride while intoxicated (Tex. Penal Code § 49.065)

409.5.2 RELEASE OF PERSONS WITH INTELLECTUAL OR DEVELOPMENTAL DISABILITIES

In lieu of making an arrest, an officer may release a person who has an intellectual or developmental disability at the person's residence when (Tex. Code of Crim. Pro. art. 14.035):

- (a) The person resides at a group home or an intermediate care facility.
- (b) The officer reasonably believes that confinement of the person is unnecessary to protect the person and the other persons who reside at the residence.
- (c) The officer has made reasonable efforts to consult with staff at the person's residence and with the person regarding the decision not to make an arrest.

409.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm and courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.

Crisis Intervention Incidents

- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (i.e., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

409.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the telecommunicator provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents or suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

409.8 SUPERVISOR RESPONSIBILITIES

A supervisor may respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Absent an imminent threat to the public, consider strategic disengagement. This may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

Crisis Intervention Incidents

409.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

409.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn or clerical members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

409.11 EVALUATION

The Lieutenant designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

409.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

The Department shall provide crisis intervention training as required by the Texas Commission on Law Enforcement (TCOLE) (Tex. Occ. Code § 1701.253; Tex. Occ. Code § 1701.352; Tex. Occ. Code § 1701.402; Tex. Educ. Code § 96.641).

409.12.1 BRAIN INJURIES AND TRAUMA-AFFECTED VETERANS

Training in acquired and traumatic brain injuries and trauma-affected veterans should be provided as developed by TCOLE (Tex. Occ. Code § 1701.264; Tex. Occ. Code § 1701.265).

Emergency Detentions

410.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place a person under an emergency detention.

410.2 POLICY

It is the policy of the Weatherford Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

410.3 AUTHORITY

An officer may take a person into custody without a warrant, regardless of the person's age, if the officer reasonably believes there is probable cause for each of the following (Tex. Health & Safety Code § 573.001):

- (a) The person has a mental illness.
- (b) Because of their mental illness, there is a substantial risk of harm to the person or others. A substantial risk of serious harm to the person or others may be demonstrated by:
 - 1. The person's behavior.
 - 2. Evidence of severe emotional distress and deterioration in the person's mental condition to the extent that they cannot remain at liberty.
- (c) There is not sufficient time to obtain a warrant before taking the person into custody.

Probable cause may be established from the representation of a credible person, or based on the conduct of the person being taken into custody, or the circumstances under which they are found (Tex. Health & Safety Code § 573.001).

The person taken into custody shall be transported to the nearest appropriate inpatient mental health facility or, if an inpatient facility is not available, a mental health facility deemed suitable by the local mental health authority (Tex. Health & Safety Code § 573.001).

410.3.1 ADVISEMENT

Officers who take an individual into custody for an emergency detention shall immediately inform the individual in simple terms (Tex. Health & Safety Code § 573.001):

- (a) Of the reason for the detention.
- (b) That a member of the mental health facility will inform the individual of his/her rights within 24 hours after admission (Tex. Health & Safety Code § 573.025).

Officers shall also give these notices to the individual when EMS personnel will be transporting the individual for evaluation (Tex. Health & Safety Code § 573.005).

Emergency Detentions

410.3.2 NOTIFICATIONS

If an officer determines that a person taken into custody for an emergency detention is a person for whom a guardian has been appointed (i.e., ward of the state), the officer shall notify the appropriate probate court with jurisdiction over the person's guardianship of the person's detention or transportation to a facility as soon as practicable but no later than one business day after the detention (Tex. Health & Safety Code § 573.0021).

410.3.3 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for emergency detention, he/she may inquire as to whether the person desires to be voluntarily evaluated at an appropriate facility. If the person so desires, the officer should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the person changes his/her mind regarding voluntary evaluation, the officers should proceed with the Peace Officer's Notification of Emergency Detention, if appropriate.

410.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving a person who may qualify for an emergency detention should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the possible cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources that may be readily available to assist with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Emergency detentions should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

410.5 TRANSPORTATION

Transport for any individual for an emergency detention shall be conducted in accordance with the Transporting Persons in Custody Policy.

Officers may transport individuals in the patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy.

Emergency Detentions

410.5.1 TRANSPORTATION BY EMERGENCY MEDICAL SERVICES (EMS)

An officer may request that an EMS provider transport a person taken into custody for emergency detention if the Weatherford Police Department has a memorandum of understanding with the EMS provider pursuant to Tex. Health & Safety Code § 573.005 and the officer determines that transferring the person for transport is safe for both the person and the EMS personnel (Tex. Health & Safety Code § 573.001).

410.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the Notification of Emergency Detention and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

410.7 DOCUMENTATION

The officer shall complete a Notification of Emergency Detention, provide it to the facility staff member assigned to the individual or to the EMS personnel transporting the individual and retain a copy for inclusion in the case report (Tex. Health & Safety Code § 573.002). [See attachment: Emergency Detention Notification.pdf](#)

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

410.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody on an emergency detention should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for an emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for an emergency detention.

Emergency Detentions

In the supervisor's judgment, the individual may instead be transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

410.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for an emergency detention, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent) (Tex. Health & Safety Code § 573.001).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer shall immediately provide the individual a written receipt for the firearm and written notice of the procedure for the return of the firearm (Tex. Health & Safety Code § 573.001; Tex. Code of Crim. Pro. art. 18.191). [See attachment: Firearm Seizure.pdf](#)

410.10 TRAINING

This department will provide training approved by the Texas Commission on Law Enforcement (TCOLE) on interacting with persons with mental disabilities, emergency detentions and crisis intervention (Tex. Occ. Code § 1701.352).

Citation Releases

411.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Weatherford Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Family Violence Policy.

411.2 POLICY

The Weatherford Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

411.3 RELEASE

A suspected offender may be released on issuance of a citation as follows (Tex. Code of Crim. Pro. art. 14.06):

- (a) For class C misdemeanors, other than public intoxication, by issuing a citation that contains a written notice with the following information:
 - 1. The name and address of the person.
 - 2. The offense with which the person is charged.
 - 3. The time and place the person must appear before a magistrate.
 - 4. The admonishment required by Tex. Code of Crim. Pro. art. 14.06 regarding possession of a firearm.
 - 5. Information regarding alternatives to the full payment of any fine and costs that the person would incur if the person was convicted of the offense and could not pay the amount.
- (b) For certain Class A and B misdemeanors, as specified by Tex. Code of Crim. Pro. art. 14.06(d), by issuing a citation that contains a written notice with the following information consistent with procedures established by the appropriate local prosecutor's office:
 - 1. The name and address of the person.
 - 2. The offense with which the person is charged.
 - 3. The time and place the person must appear before a magistrate.

411.4 PROHIBITIONS

The release of a suspected offender on a citation is not permitted for public intoxication (Tex. Code of Crim. Pro. art. 14.031; Tex. Code of Crim. Pro. art. 14.06). If the offender is not arrested, he/ she must be released as provided by Tex. Code of Crim. Pro. art. 14.031.

Citation Releases

See the Family Violence Policy for release restrictions related to those investigations.

411.5 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Weatherford Police Department extend appropriate privileges and immunities to foreign diplomats, consular representatives, active state military personnel and legislative representatives in accordance with law.

412.2 POLICY

The Weatherford Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.3 CLAIMS OF IMMUNITY

These are the only reliable documents for purposes of determining privileges and immunities.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Foreign Diplomatic and Consular Representatives

412.4 ENFORCEMENT ACTION

Active Shooter

413.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in their response to incidents involving active shooter(s).

413.1.1 DEFINITIONS

Active Shooter- For the purpose of this policy an Active Shooter will be defined as an armed person who has used deadly force on others and continues to do so while having unrestricted access to additional victims. The suspect's overriding objective appears to be that of mass murder rather than other criminal conduct.

Rapid Deployment- The swift and immediate deployment of law enforcement resources to ongoing life threatening situations, where a delayed response could otherwise result in death or serious bodily injury to innocent persons.

Contact Team- An officer or group of officers whose primary mission is to stop the active shooter's deadly behavior and prevent escape.

Rescue Team- A group of officers whose primary mission is to locate and facilitate the evacuation process of victims to safe areas or to medical personnel for treatment.

413.2 POLICY

The Weatherford Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those who are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

The preservation of human life shall be the highest priority of the Weatherford Police Department during an Active Shooter incident.

413.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

Active Shooter

- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Each crisis situation is unique and dynamic. The incident may go in and out of an "active" status. An active shooter incident may transition to a hostage situation or a barricaded person with or without access to victims.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advancement or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In the case of a barricaded or trapped suspect, with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

For procedures on responding to an active shooter incident, refer to the Weatherford Police Department Procedure Manual: [413.1 RESPONSE PROCEDURES](#)

Active Shooter

413.5 DIRECTED FIRE

Directed fire is defined as “controlled and deliberate fire, directed at a life endangering threat. ”Directed fire can be utilized when exposed to an immediate life endangering threat in order to protect others and stop the threat, especially if the threat has gained an advantage by height or barricade.

Directed fire towards the position of an active shooter is permissible; so long as it appears that no innocent victims are in the line of fire and beyond. The decision to use directed fire should be considered deadly force and should be coordinated with other officers in the area and the Incident Commander if possible.

413.6 INCIDENT COMMAND

The first officer to arrive at the scene, who is not part of a contact or rescue team, will be the incident commander and will establish a command post and initiate incident command operations. Personnel at the command post should remain in their role until relieved by an individual of higher rank

Establishing incident command will include coordination with additional resources that may include but not limited to:

- (a) Additional Law Enforcement agencies/personnel
- (b) Emergency medical services
- (c) Fire Department

For procedures on incident command, refer to the Weatherford Police Department Procedure Manual: [413.2 INCIDENT COMMAND PROCEDURES](#)

For post incident procedures by the incident commander, refer to the Weatherford Police Department Procedure Manual: [413.3 POST INCIDENT PROCEDURES](#)

413.7 PLANNING

The Patrol Lieutenant should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment venues and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.

Active Shooter

- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

413.8 TRAINING

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment venues and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma. Basic or refresher training in Self Aid/Buddy Aid must be completed every two years.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Weatherford Police Department relating to immigration and interacting with federal immigration officials.

414.2 POLICY

It is the policy of the Weatherford Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Texas constitutions

414.3.1 INQUIRY INTO IMMIGRATION STATUS

Members should not inquire into the nationality or immigration status of a victim or witness unless doing so is relevant to the investigation or to provide the victim or witness with information about visas for individuals providing assistance to law enforcement (i.e., T visa or U visa) (Tex. Code of Crim. Pro. art. 2A.059).

414.4 DETENTIONS

An officer should not detain any individual for any length of time for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and

Immigration Violations

may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

414.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

414.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer will not need to notify federal immigration officials when booking arrestees at the City jail. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

414.6 FEDERAL REQUEST FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

414.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Tex. Gov't Code § 752.053):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity
- (d) Permitting federal immigration officials to enter a jail and conduct enforcement activities

Weatherford Police Department

Policy Manual

Immigration Violations

414.7.1 IMMIGRATION DETAINERS

No individual should be held more than 48 hours based solely on a federal immigration detainer under 8 CFR 287.7. Notification to the federal authority issuing the detainer should be made prior to the release.

414.7.2 COMPLYING WITH IMMIGRATION DETAINERS

The Weatherford Police Department will comply with lawful immigration detainer requests related to a person already in custody unless there is reason to believe the person is a citizen of the United States or has lawful immigration status in the United States based on proof such as a Texas driver's license or similar government-issued identification.

An individual who is being held in custody and who is the subject of a federal immigration detainer shall be informed that they are being held pursuant to an immigration detainer request issued by federal immigration officials (Tex. Code of Crim. Pro. art. 2A.060).

414.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Criminal Investigations supervisor assigned to oversee the handling of any related case. The Criminal Investigations supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

414.9 TRAINING

The Training Sergeant should ensure officers receive immigration training on this policy. Training should include:

- (a) Identifying civil versus criminal immigration violations.

Weatherford Police Department

Policy Manual

Immigration Violations

- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Utility Service Emergencies

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for addressing City utility service emergencies. This policy will address calls for service that are directed to the Police Department.

415.2 POLICY

It is the policy of the Weatherford Police Department to appropriately respond to City emergency utility service requests received by this department.

415.3 UTILITY SERVICE EMERGENCY

A current contact list of City personnel to be notified in the event of a utility service emergency should be available in Communications.

415.3.1 WATER LINES

The City's responsibility for water lines ends at the water meter; any break or malfunction in the water system from the water meter to a residence or business is the responsibility of the customer.

If a water line break occurs on the City side of the water meter, public works personnel should be notified as soon as practicable.

415.3.2 ELECTRICAL LINES

When a power line poses a hazard, a member of this department should be dispatched to the reported location to protect against personal injury or property damage that might be caused by the power line. The fire department, electric company and/or the public works department should be promptly notified, as appropriate.

415.3.3 RESERVOIRS, PUMPS, WELLS

In the event of flooding or equipment malfunctions involving City reservoirs, pumps or wells, the public works department should be contacted as soon as practicable.

415.3.4 NATURAL GAS LINES

All reports of a possible leak of natural gas or damage to a natural gas line shall promptly be referred to the fire department and the local entity responsible for gas lines. A member of this department should be dispatched to the reported location if it appears that assistance such as traffic control or evacuation is needed.

415.3.5 TRAFFIC SIGNALS

A member of this department should be dispatched upon report of a damaged or malfunctioning traffic signal in order to protect against personal injury or property damage that might occur as the result of the damaged or malfunctioning signal. The member will advise Communications of the problem with the traffic signal. The telecommunicator should make the necessary notification to the appropriate traffic signal maintenance agency as soon as practicable.

Weatherford Police Department

Policy Manual

Utility Service Emergencies

A decision to place a signal on flash should include a consultation with the appropriate traffic signal maintenance agency, unless exigent circumstances exist.

Aircraft Accidents

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

416.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

416.2 POLICY

It is the policy of the Weatherford Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

416.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

416.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

416.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

416.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

Aircraft Accidents

- Pressure vessels, compressed gas bottles, accumulators and tires.
- Fluids, batteries, flares and igniters.
- Evacuation chutes, ballistic parachute systems and composite materials.

416.8 DOCUMENTATION

All aircraft accidents occurring within the City of Weatherford shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of WPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

416.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

416.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

Aircraft Accidents

416.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Field Training

417.1 PURPOSE AND SCOPE

This policy provides guidelines for field training that ensure standardized training and evaluation; facilitate the transition from the academic setting to the actual performance of general law enforcement duties; and introduce the policies, procedures and operations of the Weatherford Police Department. The policy addresses the administration of field training and the selection, supervision, training and responsibilities of the Field Training Officer (FTO).

417.2 POLICY

It is the policy of the Weatherford Police Department that all newly hired or appointed officer trainees will participate in field training that is staffed and supervised by trained and qualified FTOs.

417.3 FIELD TRAINING

The Department shall establish minimum standards for field training, which should be of sufficient duration to prepare officer trainees for law enforcement duties. The field training is designed to prepare trainees for a patrol assignment and ensure they acquire the skills needed to operate in a safe, productive and professional manner, in accordance with the general law enforcement duties of this department.

Procedures for field training, as listed below, are maintained in the Weatherford Police Department Field Training Manual:

- (a) Issuance of training materials to each trainee at the beginning of his/her field training. The evaluation will be reviewed with the new officer and the F.T.O., and then filed in the training documents.
- (b) Daily evaluation and documentation of the trainee's performance.
- (c) A multiphase structure that includes:
 - 1. A formal evaluation progress report completed by the FTOs involved with the trainee and submitted to the on-duty shift supervisor, the Field Training Sergeant and Patrol Division Lieutenant(s).
 - 2. Assignment of the trainee to a variety of shifts and geographical areas.

- (d) The trainee's confidential evaluation of his/her assigned FTOs and the field training process.
- (e) Retention of all field training documentation in the officer trainee's training file including:
 - 1. All performance evaluations.

Field Training

2. A certificate of completion or a memorandum from the last phase FTO certifying that the trainee has successfully completed the required number of field training hours.
- (f) Newly certified or inexperienced officers must complete all phases of the training program before operating as a "solo" officer.
- (g) Recently hired experienced officers may have the phases reduced according to the FTO Training Manual but training should include at a minimum, operational procedures and directives specific to that Agency.
- (h) All training will be in accordance with the FTO manual and will never be less than 4 weeks in duration.

417.4 FTO COORDINATOR

The Chief of Police shall delegate certain responsibilities to an FTO coordinator. The coordinator shall be appointed by and directly responsible to the Patrol Lieutenant or the authorized designee.

The FTO coordinator may appoint a senior FTO or other designee to assist in the coordination of FTOs and their activities.

The responsibilities of the coordinator include, but are not limited to:

- (a) Assignment of trainees to FTOs.
- (b) Conducting FTO meetings.
- (c) Maintaining and ensuring FTO and trainee performance evaluations are completed.
- (d) Maintaining, updating and issuing department training materials to each FTO and trainee.
- (e) Developing ongoing training for FTOs.
- (f) Mentoring and supervising individual FTO performance.

- (k) Performing other activities as may be directed by the Patrol Lieutenant.

The FTO coordinator will be required to successfully complete a training course approved by this department that is applicable to supervision of field training within one year of appointment to this position.

417.5 FTO SELECTION, TRAINING AND RESPONSIBILITIES

Weatherford Police Department

Policy Manual

Field Training

417.5.1 SELECTION PROCESS

The selection of an FTO will be at the discretion of the Chief of Police or the authorized designee. Each part of the selection process is stand alone and failure to meet the minimum requirement will result in disqualification from the process. Selection will be based on the officer's:

- (a) Desire to be an FTO expressed by submitting a letter of intent to the immediate supervisor. The immediate supervisor will submit a letter either recommending or disqualifying the applicant.
- (b) Experience, which shall include a minimum of the following requirements:
 - 1. Possess a basic certificate and have at least three years' experience as a full-time police officer with the Weatherford Police Department and have completed all of the required core coursework for an intermediate certificate.
 - 2. Possess an Intermediate Peace Officer Certificate and have at least two years' experience as a full-time police officer with the Weatherford Police Department.
 - 3. Possess an Advanced certificate with at least one of the years of full-time experience being at the Weatherford Police Department.

- (e) Evaluation by supervisors and FTOs that have worked with candidate within the last year.
- (f) Possession of, or ability to obtain, department-approved certification.

An FTO must remain in good standing and may be relieved from FTO duties due to discipline, inappropriate conduct or poor performance.

417.5.2 TRAINING

An officer selected as an FTO shall successfully complete the TCOLE certified course prior to being assigned as an FTO.

All FTOs must complete periodic FTO update courses approved by this department while assigned to the position of FTO.

417.5.3 TRAINING MATERIALS

The FTO shall receive training materials outlining the requirements, expectations and objectives of the FTO position. FTOs should refer to their training materials or the FTO coordinator regarding specific questions related to FTO or field training.

417.5.4 RESPONSIBILITIES

The responsibilities of the FTO include, but are not limited to:

Field Training

- (a) Issuing his/her assigned trainee field training materials.
 - 1. The FTO shall ensure that the trainee has the opportunity to become knowledgeable of the subject matter and proficient with the skills as set forth in the training materials.
 - 2. The FTO shall sign off on all completed topics contained in the training materials, noting the methods of learning and evaluating the performance of his/her assigned trainee.
- (b) Completing and reviewing daily performance evaluations with the trainee.
- (c) Completing and submitting a written evaluation on the performance of his/her assigned trainee to the FTO coordinator on a daily basis.
- (d) The shift Corporal, or designated person, will complete a detailed bi-weekly performance evaluation based on the FTO's Daily Observation Reports
- (e) Providing the shift supervisor with a verbal synopsis of the trainee's activities at the end of each day or during any unusual occurrence needing guidance or clarification.

417.6 FTO PROCESS REVIEW

The Field Training Coordinator (FTC) or his designee will conduct and document two Field Training Process Review meetings a year. A summary of the meetings and an attendance roster will be documented and at least include any changes in directives or procedures.

The "Process Review" will be a meeting of all active FTOs for discussion, training, refreshing, and updating in changes in departmental policy or modifications to the FTO program operation. The meeting will also serve as an opportunity for FTOs to discuss training problems and offer input towards program improvement.

The meetings should be scheduled as near to every six (6) months as possible but may allow for 'called' meetings when specific issues arise.

Field Training Officers should attend at least one such meeting/review throughout the calendar year to remain active within the Field Training Program. The FTC or his designee may permit an FTO to meet with and discuss the same topics with the FTC in lieu of attending at the FTC's discretion.

Air Support

418.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies situations where the use of air support may be requested and the responsibilities for making a request.

418.2 POLICY

It is the policy of the Weatherford Police Department to prioritize requests for air support to enhance law enforcement objectives and provide additional safety to officers and the community.

418.3 REQUEST FOR AIR SUPPORT

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made.

418.3.1 CIRCUMSTANCES FOR REQUESTS

Law enforcement air support may be requested under conditions that include, but are not limited to:

- (a) When the safety of officers or the community is in jeopardy and the presence of air support may reduce such hazard.
- (b) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to officers or the community.
- (c) When air support is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (d) Vehicle pursuits.
- (e) Pre-planned events or actions that require air support.
- (f) Due to a request under an existing mutual aid agreement.
- (g) When the Shift Supervisor or equivalent authority determines a reasonable need exists.

418.3.2 ALLIED AGENCY REQUEST

After consideration and approval of the request for air support, the Shift Supervisor or the authorized designee will call the closest agency having available air support and will apprise that agency of the specific details of the incident prompting the request.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

The taking of photographs of a juvenile is handled by the Temporary Custody of Juveniles Policy.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 POLICY

The Weatherford Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations and constitutional safeguards.

Contacts and Temporary Detentions

419.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Weatherford Police Department to strengthen community involvement, community awareness and problem identification.

If the questioning is related to general questioning, there is no need for *Miranda* rights to be given. However, if the person being contacted does not feel free to leave or questioning goes beyond general roadside questioning, *Miranda* rights should be given.

Officers should identify themselves when initiating a field interview or contact unless his/her identity is obvious.

419.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

419.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.

Contacts and Temporary Detentions

- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports should be submitted to a supervisor and retained in compliance with this policy.

419.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Supervisor will forward the photograph

Contacts and Temporary Detentions

and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be destroyed.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

419.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Weatherford Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

Criminal street gang – Three or more persons having a common identifying sign or symbol or an identifiable leadership who continuously or regularly associate in the commission of criminal activities.

TXGANG – Statewide repository that is comprised of an index of certain records related to criminal street gang members. Information submitted to TXGANG can be accessed by other member agencies in Texas.

420.2 POLICY

The Weatherford Police Department recognizes that certain criminal activities, including, but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20. System information may be compiled on paper, by computer, or in any other useful manner.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

Weatherford Police Department

Policy Manual

Criminal Organizations

420.3.1 TXGANG

Weatherford Police Department will establish a user agreement with TXGANG and submit WPD gang intelligence information in accordance with CCP Chapter 61.

The Chief of Police will appoint a user to be properly qualified, trained and authorized under the policies and procedures of TXGANG.

Texas Department of Public Safety will provide the initial system training for TXGANG users and DPS will be the overall system administrator.

420.3.2 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

420.3.3 INTELLIGENCE DATABASE ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information into a local or regional criminal intelligence system authorized by Tex. Code of Crim. Pro. art. 67.051. Any criminal intelligence system created or maintained under this section should meet or exceed the standards of 28 CFR 23.20. The designated supervisor shall approve entry of information into the local or regional criminal intelligence system only when the information meets the criteria established by Tex. Code of Crim. Pro. art. 67.054.

420.3.4 INTELLIGENCE SUBMISSIONS RELATING TO CRIMINAL STREET GANG

Criminal information collected relating to a criminal street gang must:

- (a) Be relevant to the identification of an organization that is reasonably suspected of involvement in criminal activity; and
- (b) Consist of:
 - 1. A judgment under any law that includes, as a finding or as an element of a criminal offense, participation in a criminal street gang;
 - 2. A self-admission by the individual of a criminal street gang membership that is made during a judicial proceeding; or
- (c) Any two of the following:

Criminal Organizations

1. A self-admission by the individual of criminal street gang membership that is not made during a judicial proceeding, including the use of the Internet or other electronic format or medium to post photographs or other documentation identifying the individual as a member of a criminal street gang;
2. An identification of the individual as a criminal street gang member by a reliable informant or other individual;
3. A corroborated identification of the individual as a criminal street gang member by an informant or other individual of unknown reliability;
4. Evidence that the individual frequents a documented area of a criminal street gang and associates with known criminal street gang members;
5. Evidence that the individual uses, in more than an incidental manner, criminal street gang dress, hand signals, tattoos, or symbols, including expressions of letters, numbers, words, or marks, regardless of how or the means by which the symbols are displayed, that are associated with a criminal street gang that operates in an area frequented by the individual and described by Subparagraph (iv);
6. Evidence that the individual has been arrested or taken into custody with known criminal street gang members for an offense or conduct consistent with criminal street gang activity;
7. Evidence that the individual has visited a known criminal street gang member, other than a family member of the individual, while the gang member is confined in or committed to a penal institution; or
8. Evidence of the individual's use of technology, including the Internet, to recruit new criminal street gang members.

The WPD Gang Intelligence Field Interview Form will be used by officers to document the necessary information for submission to WPD's authorized individual for entry into the intelligence file and subsequent submission to TXGANG. The form will follow a format acceptable to TXGANG. For procedures in completing the form, refer to the Weatherford Police Department Procedure Manual: [420.1 GANG INTELLIGENCE FIELD INTERVIEW FORM PROCEDURES](#)

See attachment: [Gang Intelligence Field Interview Form.pdf](#)

420.4 TEMPORARY INFORMATION FILE

No member may create or keep intelligence files for entry into the gang or criminal organization database for individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the member responsible for consideration of criminal intelligence system entries.

Criminal Organizations

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, FI forms, Communications records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution to a source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

Mobile Audio/Video

422.1 PURPOSE AND SCOPE

The Weatherford Police Department has equipped marked law enforcement vehicles with Mobile Audio/Video (MAV) recording systems to provide records of events and to assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and MAV system - Synonymous terms that refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at a minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods and storage and retrieval methods and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio/video signals recorded or digitally stored on a storage device or portable media.

422.2 POLICY

It is the policy of the Weatherford Police Department to use mobile audio/video recording technology to more effectively fulfill the mission of the Department and to ensure these systems are used securely and efficiently.

422.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Weatherford Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or personal identification number (PIN) and the current date and time at the start of their shift. At the end of the shift, officers must log off the system. If the system is malfunctioning, the

Mobile Audio/Video

officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

422.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the vehicle's emergency lights are activated. The system remains on until it is turned off manually.

422.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. Driving while intoxicated (DWI) investigations, including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify Communications
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect, including:
 - 1. Family violence
 - 2. Disturbance of the peace

Mobile Audio/Video

3. Offenses involving violence or weapons

- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

Activation of the MAV system is not required when exchanging information with other officers, during breaks or lunch periods, or when not in service or not actively on patrol.

422.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For the purpose of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

422.4.3 SURREPTITIOUS RECORDING

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

422.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Communications.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date the media was issued.
 - 3. The name of the department member or the vehicle to which the media was issued.
 - 4. The date the media was submitted for retention.
 - 5. The name of the department member submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new members is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved traffic collisions), a supervisor shall

Mobile Audio/Video

respond to the scene and ensure that the appropriate person properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot, or an event that may threaten public safety, officer safety, or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

422.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images, and audio recordings are the property of the Department. Dissemination outside of the Department is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed, or otherwise inserted into any device not approved by the Department, MAV technician, or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) By officers for use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems

- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data, and reviews and uses such data for any purpose relating to their employment
- (h) By court personnel through proper process or with the permission of the Chief of Police or the authorized designee
- (i) By the media through proper process
- (j) To assess possible training value
- (k) For training purposes. If an involved officer objects to showing a recording, their objection will be submitted to the command staff to determine if the training value outweighs the officer's objection
- (l) By a supervisor during periodic reviews for compliance with racial profiling laws (Tex. Code of Crim. Pro. art. 2B.0151)
- (m) As may be directed by the Chief of Police or the authorized designee

Mobile Audio/Video

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Supervisor. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

422.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

422.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained in accordance with the established records retention schedule.

422.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

422.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense or to a potential claim against the officer or against the Weatherford Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

422.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d)
- (e) Officers using digital transmitters that are synchronized to their individual MAVs shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

Mobile Audio/Video

- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed or otherwise inserted into any device not approved by the Department MAV technician or forensic media staff.

422.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.

422.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Data Computer Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use, and application of the Mobile Data Computer (MDC) system in order to ensure proper access to confidential records from local, state, and national law enforcement databases, and to ensure effective electronic communications between department members and Communications. See the CJIS Access, Maintenance, and Security Policy for additional guidance.

423.2 POLICY

Weatherford Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use, Protected Information, and CJIS Access, Maintenance, and Security policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Supervisors.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, or communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Mobile Data Computer Use

423.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

In no case should an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Supervisor or other department-established protocol, all calls for service assigned by a telecommunicator should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a telecommunicator.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

423.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

423.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are handling a different emergency.

423.6 EQUIPMENT CONSIDERATIONS

Weatherford Police Department

Policy Manual

Mobile Data Computer Use

423.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Communications. It shall be the responsibility of the telecommunicator to document all information that will then be transmitted verbally over the police radio.

Public Recording of Law Enforcement Activity

424.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

424.2 POLICY

The Weatherford Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

424.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officer, him/herself or others.

424.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

424.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of department members, such as how and where to file a complaint.

424.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

Weatherford Police Department

Policy Manual

Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Section Policy.

Bicycle Patrol

425.1 PURPOSE AND SCOPE

This policy establishes guidelines for the Weatherford Police Department to safely and effectively use bicycle patrol for the purpose of enhancing field patrol efforts in the community.

Patrol bicycles may be deployed to any area, at any hour of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the bicycle patrol coordinator or the Shift Supervisor.

Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety or tactical considerations. Officers must use caution and care when operating bicycles without lighting equipment or when they are operating in violation of the rules of the road.

Officers are exempt from the rules of the road under the following conditions (Tex. Transp. Code § 546.002):

425.6 PATROL BICYCLE

Bicycle patrol officers will be assigned a specially marked and equipped patrol bicycle.

Patrol bicycles should have a "Police" decal affixed to each side of the crossbar or the bicycle's gear bag. Every patrol bicycle shall be equipped with:

- (a) Front and rear reflectors.
- (b) A steady or flashing blue and red warning light that is visible from the front, sides or rear of the bicycle (Tex. Transp. Code § 547.702).

- (d) A gear bag that should include a first-aid kit, tire pump, repair tool, tire tube, security lock, high-visibility vest and equipment information and use manuals. These items are to remain with/on the patrol bicycle at all times.

Patrol bicycles shall be properly secured when not in the officer's immediate presence.

Bicycle Patrol

425.6.1 TRANSPORTING THE PATROL BICYCLE

The patrol bicycle should be transported using a vehicle bicycle rack. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a law enforcement vehicle push-bumper is discouraged.

425.6.2 MAINTENANCE

- (a) Bicycle patrol officers should conduct an inspection of the patrol bicycle and equipment prior to use to ensure proper working order of the equipment.
- (b) Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
 - 1. Each patrol bicycle should have scheduled maintenance to be performed by a repair shop or technician approved by the Department.
- (c) Officers shall not modify the patrol bicycle or remove, modify or add components to the patrol bicycle except with the express approval of the bicycle patrol coordinator, or in the event of an emergency.

- (e) When equipped, patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty.
 - 1. During prolonged periods of nonuse, each bicycle patrol officer assigned a patrol bicycle shall periodically rotate the batteries on the respective chargers to increase battery life.
- (f) At the end of a patrol bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

425.7 UNIFORMS AND EQUIPMENT

Officers shall wear uniforms and safety equipment in accordance with the Uniforms and Civilian Attire Policy.

The uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt, with Weatherford Police Department badge and patches, and department-approved bicycle patrol pants or shorts. Optional attire may include, but is not limited to, a jacket in colder weather and turtleneck shirts or sweaters when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on their duty belts as they would on regular patrol assignments. Assignment-specific safety equipment should include, but is not limited to, department-approved helmet, a radio headset and microphone, riding gloves, protective eyewear and approved footwear.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

Bicycle Patrol

425.8 TRAINING

Officers must complete an initial department-approved bicycle-training course prior to assignment to bicycle patrol. Thereafter, bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include:

- (a) Bicycle patrol strategies.
- (b) Bicycle safety and accident prevention.
- (c) Operational tactics and techniques using bicycles.

Bicycle patrol officers will be required to train and qualify with their duty and secondary firearms while wearing bicycle safety equipment, including the helmet and riding gloves.

Automated License Plate Readers (ALPRs)

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

426.2 POLICY

The policy of the Weatherford Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

426.3 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Weatherford Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Patrol Lieutenant(s). The Patrol Lieutenant(s) will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

426.4 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped vehicles to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

Automated License Plate Readers (ALPRs)

- (e) No ALPR operator may access confidential department, state or federal data unless authorized to do so.
- (f) If practicable, the officer should verify an ALPR response through the appropriate official law enforcement database before taking enforcement action that is based solely on an ALPR alert.

426.5 DATA COLLECTION AND RETENTION

The Patrol Lieutenant(s) are responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All stored ALPR data should be retained in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances, the applicable data should be downloaded onto portable media and booked into evidence.

426.6 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Weatherford Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (c) ALPR system audits should be conducted on a regular basis.

426.7 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
 - 1. The name of the agency.
 - 2. The name of the person requesting.
 - 3. The intended purpose of obtaining the information.

Weatherford Police Department

Policy Manual

Automated License Plate Readers (ALPRs)

- (b) The request is reviewed by the Patrol Lieutenant(s) or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy.

Homeless Persons

427.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that department members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the department member appointed to act as a liaison to the homeless, and details the need for special protection and services for homeless persons.

427.2 POLICY

It is the policy of the Weatherford Police Department to protect the rights, dignity and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Weatherford Police Department will address the needs of homeless persons in balance with the overall mission of this department.

Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

427.3 LIAISON TO THE HOMELESS COMMUNITY

The Chief of Police shall delegate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Patrol Lieutenant or the authorized designee.

The responsibilities of the liaison include but are not limited to:

- (a) Maintaining and making available to all department members a list of assistance programs and other resources that are available to homeless persons.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless community. Remain aware of homeless issues and services through the Department of Housing and Community Affairs (charged with homeless assistance under Tex. Gov't Code § 2306.094) and the related Texas Interagency Council for the Homeless (Tex. Gov't Code § 2306.902).
- (c) Maintaining a list of the areas within and near the jurisdiction of this department that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with homelessness, including personal property rights.
- (e) Being present during any clean-up operation conducted by this department that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.
- (f) Developing training to assist members in understanding current legal and social issues relating to the homeless.

Homeless Persons

427.4 FIELD CONTACTS

Officers are encouraged to contact a homeless person to render aid, offer assistance, or to check on the person's welfare. Officers also will take enforcement action when information supports a reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

When encountering a homeless person who has committed a "nonviolent misdemeanor" and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of an arrest and criminal charges.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

427.4.1 CONSIDERATIONS

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness or suspect is homeless can, however, require special consideration for a successful investigation and prosecution. When handling investigations involving victims, witnesses or suspects who are homeless, officers should consider:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Documenting locations the person may frequent.
- (c) Providing victim/witness resources, when appropriate.
- (d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.
- (e) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.
- (f) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates that he/she does not desire prosecution.
- (g) Whether the person may be an adult abuse victim and, if so, proceed in accordance with the Adult Abuse Policy.

427.4.2 CITATIONS FOR CLASS C MISDEMEANORS

An officer issuing a citation for a Class C misdemeanor should, when reasonable to do so (Tex. Penal Code § 48.05):

- (a) Recommend an alternative place where the person may lawfully camp.
- (b) Take steps to contact the appropriate official of the city to provide the individual regarding human trafficking and other relevant information.

Homeless Persons

427.5 MENTAL HEALTH ISSUES

When mental health issues are evident, officers should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Officers should consider detaining the person under an emergency detention when facts and circumstances reasonably indicate such a detention is warranted (see the Emergency Detention Policy).

427.6 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the community. Officers should use reasonable care when handling, collecting, and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure the person's personal property. Otherwise, it should be collected for safekeeping (Tex. Penal Code § 48.05). If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure it. It will be the supervisor's responsibility to coordinate its removal and safekeeping.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the homeless liaison. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the liaison.

Officers who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community, or is the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

427.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or City departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Medical Marihuana

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marihuana under Texas's medical marihuana laws.

428.1.1 DEFINITIONS

Definitions related to this policy include (Tex. Occ. Code § 169.001; Tex. Health & Safety Code § 487.001):

Dispensing organization - An organization licensed by the Texas Department of Public Safety (DPS) to cultivate, process, and dispense low-tetrahydrocannabinol (THC) cannabis to a patient under a prescription.

Low-THC cannabis - Marihuana and any part of that plant or any compound, manufacture, salt, derivative, mixture, preparation, resin, or oil of that plant that contains not more than one percent by weight of THC.

428.2 POLICY

It is the policy of the Weatherford Police Department to prioritize resources to avoid making arrests related to marihuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Texas medical marihuana laws are intended to provide protection from prosecution to those who use or possess marihuana in the form of low-THC cannabis by prescription. However, Texas medical marihuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marihuana. The Weatherford Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Texas law and the resources of the Department.

428.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marihuana generally fall into one of two categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a person with a prescription.

428.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM

In any investigation involving the possession, delivery, production or use of marihuana or drug paraphernalia where no person claims that the marihuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marihuana was possessed or produced for medicinal purposes.

Medical Marihuana

428.3.2 INVESTIGATIONS INVOLVING A PERSON WITH A PRESCRIPTION

A patient for whom low-THC cannabis is prescribed or the patient's legal guardian shall not be arrested for possession of low-THC cannabis obtained under a valid prescription from a dispensing organization (Tex. Health & Safety Code § 481.111).

Reasonable effort should be taken to confirm a person has a prescription for low-THC cannabis if it is not in the person's possession.

428.3.3 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marihuana possession, delivery, production or use:

- (a) Officers may obtain information from the Compassionate-Use Registry for the purpose of verifying whether a patient has a prescription for low-THC cannabis and whether it has been filled (37 Tex. Admin. Code § 12.41).
- (b) Before proceeding with enforcement related to a licensed dispensing organization, officers should consider conferring with appropriate legal counsel (Tex. Health & Safety Code § 487.101).

428.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marihuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

428.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor should ensure that marihuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marihuana is not destroyed. The Property and Evidence Section supervisor is not responsible for caring for live marihuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should as soon as practicable return to the person from whom it was seized any useable marihuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor should not destroy marihuana that was alleged to be for medical purposes except upon receipt of a court order.

The Property and Evidence Section supervisor may release marihuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Special Crimes supervisor.

Medical Aid and Response

429.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

429.2 POLICY

It is the policy of the Weatherford Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

429.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so (Tex. Code of Crim. Pro. art. 2B.0301).

Prior to initiating medical aid, the member should contact Communications and request response by Emergency Medical Services (EMS) as the member deems appropriate (Tex. Code of Crim. Pro. art. 2B.0301).

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Communications with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Medical Aid and Response

Members should not direct EMS personnel whether to transport the person for treatment.

429.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are not in custody and who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

For guidelines regarding transporting ill or injured persons who are in custody, see the Transporting Persons in Custody Policy.

Members should not provide emergency escort for medical transport or civilian vehicles.

429.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive medical care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with an emergency detention in accordance with the Emergency Detentions Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

429.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Medical Aid and Response

429.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Conducted Energy Device policies.

429.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Lieutenant should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members shall follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during the landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

Medical Aid and Response

429.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

429.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly shall be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Communications as soon as possible and request response by EMS (Tex. Health & Safety Code § 779.004).

429.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

429.8.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training is provided to members authorized to use an AED.

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's guidelines, a monthly inspection is conducted, and records of all maintenance and testing are retained in accordance with the established records retention schedule (Tex. Health & Safety Code § 779.003).

429.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocol specified by the physician who prescribed the overdose medication for use by the member (Tex. Health & Safety Code § 483.106).

429.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact Communications as soon as possible and request response by EMS.

429.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

Medical Aid and Response

429.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Sergeant should ensure training is provided to members authorized to administer opioid overdose medication.

429.10 ADMINISTRATION OF EPINEPHRINE

Members who have received training approved by TCOLE may administer epinephrine in accordance with the standing order issued by the physician, or other individual with prescriptive authority, who prescribed the medication for use by the member (Tex. Occ. Code § 1701.702; Tex. Occ. Code § 1701.703).

429.10.1 EPINEPHRINE USER RESPONSIBILITIES

Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers epinephrine should contact Communications as soon as possible and request response by EMS.

429.10.2 EPINEPHRINE REPORTING

Any member administering epinephrine should detail its use in an appropriate report.

The Training Sergeant will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements including the required reporting to the physician or person who prescribed the epinephrine as required by Tex. Occ. Code § 1701.705.

429.10.3 EPINEPHRINE TRAINING

The Training Sergeant should ensure that training is provided to members authorized to administer epinephrine (Tex. Occ. Code § 1701.702).

429.11 FIRST AID TRAINING

Subject to available resources, the Training Sergeant should ensure officers receive periodic first aid training appropriate for their position.

429.12 TELECOMMUNICATOR CPR (T-CPR)

Telecommunicators transfer all medical calls to Parker County Hospital District EMS.

First Amendment Assemblies

430.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

430.2 POLICY

The Weatherford Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

430.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills, leafleting, loitering and funeral service disruptions. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and to prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

430.3.1 PHOTOGRAPHS, VIDEO RECORDINGS AND OTHER INFORMATION

Photographs, video recordings and other information may be collected at assemblies and demonstrations as they can serve a number of purposes, such as support of criminal prosecutions, assistance in evaluating department performance, serving as training material, recording the use of dispersal orders and facilitating a response to allegations of improper law enforcement conduct.

Photographs, video recordings and other information shall not be maintained on the political, religious or social activities, views or associations of any individual, group or organization unless those activities, views or associations directly relate to an investigation of criminal activity and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

430.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to:

- Location.
- Number of participants.
- Apparent purpose of the event.
- Leadership (whether it is apparent and/or whether it is effective).
- Any initial indicators of unlawful or disruptive activity.
- Indicators that lawful use of public facilities, streets or walkways will be impacted.
- Ability and/or need to continue monitoring the incident.

Initial assessment information should be promptly communicated to Communications, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

430.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

430.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

430.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (helmets, shields, etc.).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) An established liaison with demonstration leaders and external agencies.
- (h) An established liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.

First Amendment Assemblies

- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

430.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

430.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear, standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order. [Dispersal Order.pdf](#)

430.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to

First Amendment Assemblies

harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsicum (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

430.8 ARRESTS

The Weatherford Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

430.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media, to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

430.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should

First Amendment Assemblies

promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

430.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include:

- (a) Operational plan.
- (b) Any incident logs.
- (c) Any assignment logs.
- (d) Vehicle, fuel, equipment and supply records.
- (e) Incident, arrest, use of force, injury and property damage reports.
- (f) Photographs, audio/video recordings, Communications records/tapes.
- (g) Media accounts (print and broadcast media).

430.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used, to include:

- (a) Date, time and description of the event.
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests, costs).
- (c) Problems identified.
- (d) Significant events.
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

430.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

431.1 PURPOSE AND SCOPE

This policy provides members of the Weatherford Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Family Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Texas law.

431.2 POLICY

The Weatherford Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources and supervisor approval, members of this department may assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

Generally, the Weatherford Police Department will not respond to civil standby requests without supervisor approval. The Patrol Lieutenant may be consulted for guidance if an on-duty supervisor is unavailable. If the standby request is not approved, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items.

431.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While the following is not intended to be an exhaustive list, members should give consideration to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice; however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.

Civil Disputes

- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

431.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

431.4.1 STANDBY REQUESTS

Supervisors should consider the following when approving standby requests:

- (a) The requestor is a victim of family violence, and the standby assistance is to protect the victim and allow the victim to take the personal property of the victim or a child in the care of the victim to a place of safety in an orderly manner (Tex. Code of Crim. Pro. Art. 5.045).
- (b) The requestor possesses a valid order of retrieval or similar court order, and
- (c) The request does not violate an order for emergency protection, a protective order, or similar court order (Tex. Code of Crim. Pro. Art. 17.292, Tex. Fam. Code Chapter 85).
- (d) A law enforcement presence is warranted for the peace and safety of the community.

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order

Civil Disputes

against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

431.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

431.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Suspicious Activity Reporting

432.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

432.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

432.2 POLICY

The Weatherford Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

432.3 RESPONSIBILITIES

The Investigations Lieutenant and the authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigations Division include, but are not limited to:

- (a) Remaining familiar with those databases available to the department that would facilitate the purpose of this policy.

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage community members to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

432.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about the involved parties and the circumstances of the incident. If, during any investigation an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

432.5 HANDLING INFORMATION

The Records Section will forward copies of SARs, in a timely manner, to:

- The Criminal Investigations supervisor.
- The Special Crimes Unit.
- Other authorized designees.

Body-Worn Cameras

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of a body-worn camera (BWC) by members of this department and for the access, use, and retention of department BWC media (Tex. Code of Crim. Pro. art. 2B.0106).

The provisions of this policy, including notice, documentation, access, and retention, also apply to other portable audio/video recording devices used by members, where applicable.

This policy does not apply to undercover operations, wiretaps, or eavesdropping (concealed listening devices).

433.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - To place a BWC in active mode (also called event mode). In active mode, the BWC records both video and audio.

BWC media - The video, audio, and images captured by department BWCs and the associated metadata.

BWC media systems - Any software, including web-based programs and mobile applications, used by the Department to upload/download, store, view, transfer, and otherwise maintain BWC media.

Deactivate - To place a BWC in buffering mode (also called ready or pre-event mode). In buffering mode, the BWC records video (without audio) in short, predetermined intervals that are retained only temporarily. However, when a BWC is activated, the interval recorded immediately prior to activation is then stored as part of the BWC media. Deactivate does not mean powering off the BWC.

Event - A general term referring to a set of circumstances that may, but does not necessarily, correlate directly to a single public safety incident.

433.2 POLICY

It is the policy of the Department to use BWCs and BWC media for evidence collection and to accurately document events in a way that promotes member safety and department accountability and transparency while also protecting the privacy of members of the public.

433.3 RESPONSIBILITIES

433.3.1 BWC COORDINATOR RESPONSIBILITIES

The Chief of Police or the authorized designee should delegate certain responsibilities to a BWC coordinator.

The responsibilities of the coordinator include:

Weatherford Police Department

Policy Manual

Body-Worn Cameras

- (a) Serving as a liaison between the Department and the BWC manufacturer/distributor and any third-party media storage vendor.
- (b) Developing inventory procedures for issuing and tracking BWC equipment, including properly marking BWCs as property of the Department and recording the date each BWC is placed into or taken out of service.
- (c) Assisting with troubleshooting and maintenance of BWC equipment and media systems and, when necessary, coordinating the repair or replacement of BWCs.
 - 1. All equipment and system malfunctions and their resolutions should be documented, and maintenance and repair records should be maintained for all BWCs.
- (d) Managing BWC media systems so that:
 - 1. Access is limited to the minimum necessary authorized users and user privileges are restricted to those necessary for the member to conduct assigned department duties.
 - 2. Security requirements, such as two-factor authentication and appropriate password parameters, are in place for user credentials.
- (e) Configuring BWC media systems, or developing manual procedures, so that media is appropriately categorized and retained according to the event type tagged by members.
- (f) Retaining audit logs or records of all access, alteration, and deletion of BWC media and media systems, and conducting periodic audits to ensure compliance with applicable laws, regulations, and department policy.
- (g) Developing and updating BWC training for members who are assigned a BWC or given access to BWC media systems.
- (h) Coordinating with the community relations coordinator to (see the Community Relations Policy):
 - 1. Provide the public with notice of the department's use of BWCs (e.g., posting on the department website or social media pages).
 - 2. Gain insight into community expectations regarding BWC use.
- (i) Coordinating with the Records Supervisor to (see the Records Section and Records Maintenance and Release policies):
 - 1. Determine and apply proper retention periods to BWC media.
 - 2. Develop procedures for the appropriate release of BWC media.
- (j) Coordinating with the Property and Evidence Section to develop procedures for the transfer, storage, and backup of evidentiary BWC media (see the Property and Evidence Section Policy).

433.3.2 MEMBER RESPONSIBILITIES

Every member issued a BWC is responsible for its proper use, safekeeping, and maintenance.

Body-Worn Cameras

At the beginning of each shift or period of BWC use, the member should inspect their assigned BWC to confirm it is charged and in good working order. As part of the inspection, the member should perform a function test by activating the BWC and recording a brief video stating their name, identification number, assignment, and the date and time.

Members should wear their assigned BWC on their outermost garment positioned at or near chest level and as close to the center of their body as practicable. Members are responsible for ensuring there are no obstructions and that the BWC remains in a position suitable for recording.

When a BWC is not in the physical possession of the member to which it is assigned, it should be placed on the charging dock and stored in a secure location.

Members shall report any malfunction or damage to the BWC coordinator or on-duty supervisor as soon as practicable and, if possible, obtain a functioning BWC to use either temporarily while repairs are being made to the member's BWC or as a permanent replacement.

The Chief of Police or authorized designee may waive the use of body cameras during certain assignments.

433.4 BWC USE

The following guidelines apply to the use of BWCs:

- (a) Only department-issued BWCs should be used without the express consent of the Chief of Police or the authorized designee (Tex. Code of Crim. Pro. art. 2B.0109).
- (b) BWCs should only be used by the member or members to whom it was issued unless otherwise authorized by a supervisor.
- (c) The use of department-issued BWCs shall be strictly limited to department-related activities.
- (d) Members shall not use BWCs or BWC media systems for which they have not received prior authorization and appropriate training.
- (e) Members shall immediately report unauthorized access or use of BWCs or BWC media systems by another member to their supervisor or the Chief of Police.

433.4.1 PROHIBITIONS

BWCs should not be used to record:

- (a) Routine administrative activities of the Department that do not involve interactions with the public. Care should be taken to avoid incidentally recording confidential documents that the Department has a duty to keep secure (i.e., criminal justice information).
- (b) Areas within the department facilities where members have a reasonable expectation of privacy (e.g., locker rooms or dressing areas, breakrooms) unless responding to a call for service or conducting an investigation.
- (c) Conversations of other members without their knowledge.
- (d) When a member is taking an authorized break or otherwise engaged in personal activities.

Body-Worn Cameras

- (e) In a courtroom unless responding to a call for service or emergency situation.
- (f) Interactions with undercover officers or confidential informants.
- (g) Strip searches.

BWCs shall not be used for the purpose of embarrassment, harassment, or ridicule of any individual or group.

433.5 ACTIVATION OF BWC

Members should activate their BWC during all calls for service and the performance of law enforcement-related functions. Members are not required to activate their BWC during casual or informal contacts with members of the public that are not part of or related to law enforcement functions. However, members should activate their BWC any time a contact with an individual becomes hostile or adversarial.

Unless otherwise authorized by this policy or approved by a supervisor, BWCs should remain activated until the call for service or law enforcement-related function has concluded (Tex. Code of Crim. Pro. art. 2B.0106). A member may cease recording if they are simply waiting for a tow truck or a family member to arrive, or in other similar situations.

At no time is a member expected to jeopardize their safety to activate their BWC. However, the BWC should be activated as soon as reasonably practicable in required situations. Any justification for failing to activate the BWC because it is unsafe, unrealistic, or impracticable must be based on whether a reasonable officer under the same or similar circumstances would have made the same decision (Tex. Code of Crim. Pro. art. 2B.0108).

If a member attempts to activate their BWC but the BWC fails to record an event, the member should notify their supervisor as soon as practicable.

433.5.1 NOTICE OF RECORDING

Unless otherwise approved based on unique circumstances, a member should wear the BWC in a manner that is conspicuous and shall answer truthfully if asked whether they are equipped with a BWC or if their BWC is activated.

433.5.2 PRIVACY CONSIDERATIONS

Members should remain sensitive to the dignity of individuals being recorded and should exercise sound discretion with respect to privacy concerns.

When responding to a place where individuals have an expectation of privacy (e.g., private residences, medical or mental health facilities, restrooms) or to a sensitive situation (e.g., individuals partially or fully unclothed), members are permitted to mute or deactivate their BWC if it reasonably appears that the privacy concern outweighs any legitimate department interest in recording the event. Members may also mute or deactivate their BWC:

- (a) To protect the privacy of a victim or witness.

Body-Worn Cameras

- (b) When an individual wishes to provide information anonymously.
- (c) To avoid recording a confidential informant or undercover officer.
- (d) When discussing case tactics or strategy.
- (e) During private conversations with other members or emergency responders.

Members should choose to mute rather than deactivate BWCs when practicable. Deactivation should only be used when muting the BWC will not accomplish the level of privacy necessary for the situation.

Before muting or deactivating their BWC, the member should verbally narrate the reason on the recording. As soon as possible once the privacy concern is no longer an issue, or when circumstances change so that the privacy concern no longer outweighs the department's interest in recording the event (e.g., the individual becomes combative, the conversation ends), the member should unmute or reactivate their BWC and verbally note that recording has resumed.

433.5.3 LIVESTREAMING

Livestreaming enables authorized individuals to remotely view the audio and video captured by a member's BWC in real time. Only supervisors and telecommunicators approved by the Chief of Police or the authorized designee shall have access to livestreaming capabilities.

Livestreaming should only be activated:

- (a) For purposes of member safety when the member is not responding to their radio or there is some other indication of distress.
- (b) To assist with situational awareness or tactical decisions during a significant incident.
- (c) When requested by the member.

433.5.4 DOCUMENTATION

Members are encouraged to provide narration while using a BWC when it would be useful to provide context or clarification of the events being recorded. However, the use of a BWC is not a replacement for written reports and should not be referred to in a written report in place of detailing the event.

Every report prepared by a member who is issued a BWC should state "BWC available" or "BWC unavailable," as applicable, and should document (Tex. Code of Crim. Pro. art. 2B.0108):

- (a) To the extent practicable and relevant, the identity of individuals appearing in the BWC media.
- (b) An explanation of why BWC media is unavailable including any malfunction, damage, or battery issue that resulted in the failure of the BWC to capture all or part of the event.
- (c) Any exigency or other circumstances that prevented the member from immediately activating the recording at the beginning of the event.
- (d) Any period of the event in which the member deactivated or muted their BWC and the reason for such action.

Body-Worn Cameras

- (e) If livestreaming was activated during the event, the reason for livestreaming and the members who communicated or participated in the event through BWC livestreaming.

433.6 UPLOADING BWC MEDIA

Unless otherwise authorized by a supervisor, all media from a member's BWC should be properly uploaded and tagged before the end of their shift. BWC media related to a serious or high-profile event (e.g., search for a missing child, active shooter situation) should be uploaded and tagged as soon as practicable upon returning to the Department.

Following an officer involved shooting or death or other event deemed necessary, a supervisor should take possession of the BWC for each member present and upload and tag the BWC media.

433.6.1 TAGGING BWC MEDIA

Members should tag all media captured by their BWC with their name and/or identification number, the case or incident number, and the event type. BWC media should be tagged upon uploading or, if capabilities permit tagging in the field, as close to the time of the event as possible. If more than one event type applies to BWC media, it should be tagged with each event type. If BWC media can only be tagged with a single event type, the media should be tagged using the event type with the longest retention period.

BWC media depicting sensitive circumstances or events should be tagged as restricted. BWC media should be flagged for supervisor review when it pertains to a significant event such as:

- (a) An incident that is the basis of a formal or informal complaint or is likely to result in a complaint.
- (b) When a member has sustained a serious injury or a line-of-duty death has occurred.
- (c) When a firearm discharge or use of force incident has occurred.
- (d) An event that has attracted or is likely to attract significant media attention.

Supervisors should conduct audits at regular intervals to confirm BWC media is being properly uploaded and tagged by their subordinates.

433.7 BWC MEDIA

All BWC media is the sole property of the Department. Members shall have no expectation of privacy or ownership interest in the content of BWC media.

All BWC media shall be stored and transferred in a manner that is physically and digitally secure with appropriate safeguards to prevent unauthorized modification, use, release, or transfer. Contracts with any third-party vendors for the storage of BWC media should include provisions specifying that all BWC media remains the property of the Department and shall not be used by the vendor for any purpose without explicit approval of the Chief of Police or the authorized designee.

Members shall not alter, copy, delete, release, or permit access to BWC media other than as permitted in this policy without the express consent of the Chief of Police or the authorized designee (Tex. Code of Crim. Pro. art. 2B.0110).

Weatherford Police Department

Policy Manual

Body-Worn Cameras

BWC media systems should not be accessed using personal devices unless authorized by the Chief of Police or the authorized designee.

433.7.1 ACCESS AND USE OF BWC MEDIA

BWC media systems shall only be accessed by authorized members using the member's own login credentials and in accordance with the Information Technology Use Policy.

BWC media shall only be accessed and viewed for legitimate department-related purposes in accordance with the following guidelines:

- (a) BWC media tagged as restricted should only be accessible by those designated by the Chief of Police or the authorized designee.
- (b) Members may review their own BWC media for department-related purposes. Members should document in their report if they reviewed BWC media before completing the report.
 - 1. A member shall be permitted to review their BWC media, before giving a statement or being interviewed for an internal investigation (Tex. Code of Crim. Pro. art. 2B.0106).
- (c) Investigators may review BWC media pertaining to their assigned cases.
- (d) A member testifying regarding a department-related event may review the pertinent BWC media before testifying.
- (e) Supervisors are permitted to access and view BWC media of their subordinates.
 - 1. Supervisors should review BWC media that is tagged as a significant event or that the supervisor is aware pertains to a significant event.
 - 2. Supervisors should conduct documented reviews of their subordinate's BWC media at least annually to evaluate the member's performance, verify compliance with department procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review BWC media with the recording member when it would be beneficial to provide guidance or to conduct one-on-one informal training for the member.
 - 3. Supervisors should conduct periodic reviews of a sample of each subordinate's BWC media to evaluate BWC use and ensure compliance with this policy.
- (f) The Training Sergeant is permitted to access and view BWC media for training purposes.
 - 1. The Training Sergeant should conduct a quarterly review of a random sampling of BWC media to evaluate department performance and effectiveness and to identify specific areas where additional training or changes to protocols would be beneficial. Training Committee members may review BWC media as part of their review to identify training needs.
 - 2. The Training Sergeant may use BWC media for training purposes with the approval of the Chief of Police or the authorized designee. The Training Sergeant should use caution to avoid embarrassing or singling out a member

Body-Worn Cameras

and, to the extent practicable, should seek consent from the members appearing in the BWC media before its use for training. When practicable, sensitive issues depicted in BWC media should be redacted before being used for training.

- (g) The Records Supervisor may access BWC media when necessary to conduct department-related duties.
- (h) The BWC coordinator may access BWC media and the BWC media system as needed to ensure the system is functioning properly, provide troubleshooting assistance, conduct audits, and fulfill other responsibilities related to their role.

433.7.2 PUBLIC ACCESS

Unless disclosure is required by law or a court order, BWC media should not be released to the public if it unreasonably violates a person's privacy or sense of dignity or depicts the interior of (Tex. Code of Crim. Pro. art. 2B.0112):

- (a) A private residence.
- (b) A facility that offers health care, mental health or substance abuse treatment, or social services.
- (c) A school building.
- (d) Any other building in which public access is restricted or which implicates heightened security concerns.

Requests for the release of BWC media shall be processed in accordance with the Records Maintenance and Release Policy and Subchapter C, Chapter 2B, Tex. Code of Crim. Pro (Tex. Code of Crim. Pro. art. 2B.0101 et seq.). The Records Supervisor should review BWC media before public release.

433.8 RETENTION OF BWC MEDIA

Non-evidentiary BWC media should be retained in accordance with state records retention laws but in no event for a period less than 90 days (Tex. Code of Crim. Pro. art. 2B.0106).

Unless circumstances justify continued retention, BWC media should be permanently deleted upon the expiration of the retention period in a way that it cannot be retrieved. BWC media shall not otherwise be deleted by any person without the authorization of the Chief of Police or the authorized designee.

433.8.1 EVIDENTIARY BWC MEDIA

BWC media relevant to a criminal prosecution should be exported from the BWC media system and securely transferred to digital evidence storage according to established department procedures. Evidentiary BWC media is subject to the same laws, policies, and procedures as all other evidence, including chain of custody, accessibility, and retention periods (see the Property and Evidence Section Policy).

Body-Worn Cameras

433.9 TRAINING

The BWC coordinator should ensure that each member issued a BWC receives initial training before use, and periodic refresher training thereafter (Tex. Code of Crim. Pro. art. 2B.0107). Training should include:

- (a) Proper use of the BWC device and accessories.
- (b) When BWC activation is required, permitted, and prohibited.
- (c) How to respond to an individual's request to stop recording.
- (d) Proper use of the BWC media systems, including uploading and tagging procedures.
- (e) Security procedures for BWC media, including appropriate access and use.

Members who are not issued a BWC but who have access to BWC media systems shall receive training on the BWC media system, including appropriate access, use, and security procedures (Tex. Code of Crim. Pro. art. 2B.0107).

Chapter 5 - Traffic Operations

Traffic

500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 POLICY

It is the policy of the Weatherford Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic collisions, citizen complaints, traffic volume, traffic conditions, and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.3 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems, or locations; and, whenever practicable, preceded by enforcement activities.

Several factors will be considered in the development of deployment schedules for department members. State and local data on traffic collisions are a valuable resource. Factors for analysis include but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.
- Special events.

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic collisions, and also will consider the hours and locations where traffic collisions tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic collisions frequently occur.

Traffic

500.4 ENFORCEMENT

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of arrests or citations issued by any member shall not be used as the sole criterion for evaluating member overall performance (Tex. Transp. Code § 720.002).

500.4.1 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, such as when a minor violation was inadvertent.

500.4.2 CITATIONS

Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with:

- (a) An explanation of the violation or charge.
- (b) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) A notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

An officer shall issue a citation and give the person an opportunity to sign the citation for the offense of speeding, using a wireless communication device under Tex. Transp. Code § 545.4251 or a violation of the open container law. If the person refuses to sign the citation, an arrest may be made in accordance with this policy (Tex. Transp. Code § 543.004).

500.4.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These cases usually deal with but are not limited to:

- (a) Vehicular manslaughter.
- (b) Felony and misdemeanor driving under the influence (DUI or DWI) of alcohol or drugs.
- (c) Felony or misdemeanor hit-and-run.
- (d) Refusal to sign a notice to appear.
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances.

While state law permits officers to make an arrest for most class C traffic offenses, prior to doing so, officers should obtain supervisor approval.

500.5 SUSPENDED OR REVOKED LICENSES

If an officer contacts a traffic violator who is also driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest as appropriate.

Traffic

500.6 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic or by maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

500.6.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the department member or when the member will be exposed to the hazards of passing traffic or will be maneuvering or operating vehicles, machinery, and equipment.

Examples of when high-visibility vests should be worn include traffic control duties, traffic collisions investigations, lane closures, and disaster scenes.

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear the vest as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

Traffic Collisions

501.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic collisions.

501.2 POLICY

It is the policy of the Weatherford Police Department to respond to traffic collisions and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to the established minimum reporting requirements with the goal of reducing the occurrence of collisions by attempting to identify the cause of the collision and through enforcing applicable laws. Unless restricted by law, traffic collision reports will be made available to the public upon request.

501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this department and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.
 - 3. A City vehicle involved.
 - 4. A City official or employee involved.
 - 5. Involvement of an on- or off-duty member of this department.
- (b) Is within another jurisdiction and there is:
 - 1. A City of Weatherford vehicle involved.
 - 2. A City of Weatherford official involved.
 - 3. Involvement of an on-duty member of this department.

501.3.1 MEMBER RESPONSIBILITIES

Upon arriving at the scene, the responding member should consider and appropriately address:

- (a) Traffic direction and control.
- (b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.
- (c) First aid for any injured parties if it can be done safely.

Weatherford Police Department

Policy Manual

Traffic Collisions

- (d) The potential for involvement of hazardous materials.
- (e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, hazardous materials response, tow vehicles).
- (f) Clearance and cleanup of the roadway.
- (g) Involved Vehicles
 - 1. Any vehicle involved in an accident shall be removed to the shoulder of the road or elsewhere as soon as possible after officers have obtained necessary investigative information. Vehicles should be removed from the shoulder without unnecessary delay.
 - 2. Vehicles may be removed to the shoulder of the road or other legal parking spot which does not obstruct or impede vehicle travel on the roadway. Officers shall not use departmental vehicles to push cars unless equipped with push bars and the officer has been trained in its use
 - 3. If the procedure above is not possible and a traffic hazard results, the officer may order towing of the vehicle at the owner's expense and a vehicle impound form is not required.
 - 4. Vehicles may be impounded if the vehicle is needed for purposes of the investigation following a vehicle crash. See Towing Policy.
 - 5. Vehicles may also be impounded when the operator is unwilling or unable to take charge of the vehicle, and
 - (a) The vehicle cannot be legally parked and sufficiently secured at the scene, or
 - (b) There is property in or attached to the vehicle that cannot be sufficiently secured at the scene or placed in the custody of a responsible third party. See Towing Policy.

501.4 NOTIFICATION

If a traffic collision involves a life-threatening injury or fatality, the responding officer shall notify a supervisor or, if unavailable, the Shift Supervisor. The Shift Supervisor or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Supervisor will ensure notification is made to the Shift Supervisor, department command staff, and City Manager in accordance with the Major Incident Notification Policy.

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Medical Examiner, department chaplain, or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic collision should not be released until notification is made to the victim's immediate family.

Traffic Collisions

501.5 MINIMUM REPORTING REQUIREMENTS

A collision report shall be taken when:

- (a) A fatality, any injury (including complaint of pain), driving while intoxicated, or hit-and-run is involved.
- (b) An on-duty member of the City of Weatherford is involved.
- (c) The collision results in any damage to any City-owned or leased vehicle.
- (d) The collision involves any other public agency driver or vehicle.
- (e) There is damage to public property.
- (f) There is damage to any vehicle to the extent that towing is required.
- (g) Prosecution or follow-up investigation is contemplated.
- (h) Directed by a supervisor.

501.5.1 PRIVATE PROPERTY

Reports may be taken for collisions occurring on private property when the collision results in injury to or death of any person or total apparent property damage of \$1,000 or more. This does not apply to privately owned residential parking areas or a privately owned parking lot where a fee is charged for parking or storing a vehicle (Tex. Transp. Code § 550.041).

501.5.2 TRAFFIC COLLISIONS DAMAGING FENCES

An officer who responds to, or investigates, an incident involving a fence that the officer reasonably believes is intended to enclose livestock or other animals is required to immediately notify a landowner who has registered to receive notifications pursuant to Tex. Local Gov't Code § 370.004.

501.5.3 CITY VEHICLE INVOLVED

A traffic accident report shall be taken when a City vehicle is involved in a traffic accident that results in property damage or injury.

A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a City vehicle, the City of Weatherford Accident/ Incident Report shall be completed and forwarded to the appropriate Lieutenant. See attachment: [AccidentInjuryForm.pdf](#).

The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

501.5.4 INJURED ANIMALS

Department members should refer to the Animal Control Policy when a traffic collision involves the disposition of an injured animal.

Weatherford Police Department

Policy Manual

Traffic Collisions

501.6 INVESTIGATION

When a traffic collision meets minimum reporting requirements, the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence, reporting) on the appropriate forms.

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Shift Supervisor or on-duty Shift Supervisor should request that the Texas Department of Public Safety or other outside law enforcement agency investigate and complete a traffic collision investigation when a life-threatening injury or fatal traffic collision occurs within the jurisdiction of the Weatherford Police Department and involves:

- (a) An on- or off-duty member of the Department.
 - 1. The involved member shall complete the department traffic collision form. If the member is unable to complete the form, the supervisor shall complete it.
- (b) An on- or off-duty official or employee of the City of Weatherford.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic collision. The collision investigation and report shall be completed by the agency having jurisdiction.

501.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the collision, authorized members may issue a citation as appropriate (Tex. Transp. Code § 550.041).

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter, or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.8 REPORTS

Department members shall utilize forms provided by the Texas Department of Transportation (TXDOT) for the reporting of traffic collisions. All such reports shall be forwarded to the Traffic Section for approval and filing (Tex. Transp. Code § 550.063).

501.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once

Weatherford Police Department

Policy Manual

Traffic Collisions

a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member (Tex. Transp. Code § 550.068).

501.8.2 SHIFT SUPERVISOR RESPONSIBILITIES

The responsibilities of the Shift Supervisor include but are not limited to:

- (a) Ensuring the monthly and quarterly reports on traffic collision information and statistics are forwarded to the Patrol Lieutenant or other persons as required.
- (b) All collision reports taken by members of this department involving injury, death, or more than \$1,000 in property damage must be submitted to TXDOT no later than the 10th day after the collision (Tex. Transp. Code § 550.062).

Traffic Collision Review Board

502.1 PURPOSE AND SCOPE

This policy establishes a process for the Weatherford Police Department to review motor vehicle collisions involving members driving department vehicles, or other vehicles when the member is operating in an official capacity.

This review process shall be in addition to any other review or investigation that may be conducted by any outside agency having jurisdiction over the collision investigation.

502.2 POLICY

It is the policy of the Weatherford Police Department to objectively evaluate motor vehicle collisions involving members working in an official capacity to ensure that the operation of the vehicle was consistent with department training and policy.

502.3 ADMINISTRATIVE ASSIGNMENT

Generally, whenever a member's actions in an official capacity, or while using department equipment, results in death or very serious injury to another, that member will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police or the authorized designee may exercise discretion and alter the duration or choose not to place a member in an administrative assignment.

502.4 TRAFFIC COLLISION REVIEW BOARD

The Traffic Collision Review Board will be convened on a regular basis as determined by the Patrol Lieutenant to review motor vehicle collisions involving property damage and at a reasonable time following a motor vehicle collision that results in injury or death.

It will be the responsibility of the Lieutenant or supervisor of the involved member to notify the Patrol Lieutenant of any incidents requiring board review. The involved member's Lieutenant or supervisor will also ensure that all relevant reports, documents, and materials are available for consideration and review by the board.

502.4.1 COMPOSITION OF THE BOARD

The Patrol Lieutenant should staff the Traffic Collision Review Board with at least three individuals including but not limited to:

- A member of command staff from the involved member's chain of command (a single member from command staff may sit in review when the board is reviewing multiple property damage collisions).
- A non-administrative supervisor.
- A department driving instructor or driver training supervisor.
- A law enforcement supervisor from an outside law enforcement agency, if appropriate.

Traffic Collision Review Board

The senior ranking command staff member will serve as chairperson.

502.4.2 RESPONSIBILITIES OF THE BOARD

The Traffic Collision Review Board is empowered to conduct an administrative review and inquiry into the circumstances of the motor vehicle collisions.

The Chief of Police will determine whether the board should delay its review until after completion of any collision investigation, review by any prosecutorial body, the filing of charges or the decision not to file charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information, and request the involved member to appear. If the involved member is requested to attend, the involved member will be notified of the meeting of the board and may choose to have a representative present.

Absent an express waiver from the involved member, no more than two designated board members may ask questions of the involved member. Other board members may provide questions to the designated board members.

Any questioning of the involved member conducted by the board will be in accordance with Weatherford Police Department disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement or memorandum of understanding, and any applicable state or federal law.

The board shall make one of the following recommended findings:

- The member's actions were within department policy and procedure.
- The member's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. If the vote is tied, the Chief of Police will make a determination as to fault.

The board may also recommend additional investigations or reviews, such as training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The board does not have the authority to recommend discipline.

502.5 LIEUTENANT RESPONSIBILITIES

The member's Lieutenant shall review the recommendation of the board and make an independent determination as to whether the member's actions were within policy and procedure, and determine whether any additional actions, investigations or reviews are appropriate. If the member's Lieutenant concludes the member is at fault, a disciplinary process will be initiated in accordance with the provisions in the Personnel Complaints Policy.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed in Guardian Tracking. All accidents will be reviewed through the chain of command.

Vehicle Towing

503.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing.

503.2 POLICY

The Weatherford Police Department will tow vehicles when appropriate and in accordance with the law.

503.3 BLOCKING DRIVEWAYS, PARKING AREAS AND ABANDONED VEHICLES

Any officer discovering or having report of any motor vehicle, trailer, or other vehicle blocking a driveway or parking area, or obstructing or interfering with the movement on any driveway or parking area without the land owner's permission may order the vehicle towed at the owner's expense.

The officer should make a reasonable attempt to locate the owner of the vehicle and have it moved, before having it towed from the scene.

Abandoned vehicles:

- (a) Whenever any motor vehicle is abandoned, whether on public property or private property without the owner's consent, the officer may:
 - 1. Place a 48-hour sticker on the vehicle as notice to have the vehicle moved within the following 48 hours or risk it being towed.
 - 2. Once the 48-hour notice has expired, the officer may tow the vehicle at the owner's expense.
- (b) A citizen may request a specific or private wrecker service to assist or aid in removing their vehicle from an accident, abandon vehicle, blocking driveway and emergency situation if their request can be accommodated in a timely and/or safe manner.

503.4 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through Communications to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member (Tex. Transp. Code § 545.305).

Vehicles that are not the property of the City should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or comply with posted signs.

Any vehicle found illegally parked in the vicinity of a fire, traffic accident or area of emergency which creates a traffic hazard or interferes with the necessary work of police, fire, or other rescue

Vehicle Towing

workers may be towed on an officer's orders at the owner's expense. Vehicles being used by radio, T.V., and press are exempt unless they obstruct police, fire, or rescue operations, or create an unreasonable traffic hazard.

503.5 ARREST SCENES

Generally, any officer that arrests an individual, should safely secure the subject's vehicle by having it towed and inventoried. By towing the vehicle, it reduces the liability placed on an officer and the Department and generally expedites the officer's ability to return to service.

There are two circumstances in which an officer should not tow a vehicle:

- (a) The vehicle's registered owner is on scene and if not intoxicated, has requested the car be released to another party that is present on scene, and:
 - 1. The person taking custody of the vehicle has a valid driver's license and is not intoxicated; and/or
 - 2. That it wouldn't create a delay in the officer's ability to return to service.
- (b) The vehicle is legally parked on, or in front of, the registered owner's or operator's residence/property, unless another legal justification for impounding/towing exists. The owner's/operator's intoxication status should not be a factor and therefore a waiver is not required.

Only the legal registered owner of the vehicle, or the driver with some proof of ownership, can make the request of releasing the vehicle to another party. Other proof of ownership may include a bill of sale or insurance in the person's name.

An officer should place a vehicle in impound:

- (a) If the owner and/or operator is suspected to be under the influence of alcohol, drugs or any other substance that creates a deficiency in their mental faculties.
- (b) If articulable facts show the ownership or possession of the vehicle is in question and further investigation is needed to establish legal possession of the vehicle.
- (c) If the owner/operator requests such impoundment after his/her arrest for safekeeping, providing it is not on subject's private property.
- (d) If a person is arrested and his/her vehicle is on private property of another individual and either the property owner, or the vehicle owner/operator requests it to be moved, the vehicle will be impounded and inventoried.

503.6 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

Officers should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence. Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, so long as the vehicle is not needed for evidence.

An officer shall place a vehicle in impound:

Weatherford Police Department

Policy Manual

Vehicle Towing

- (a) If the vehicle is used in connection with the illegal transportation of felony-type drugs/controlled substances. The vehicle may be impounded for possible seizure by the District Attorney's Office.
- (b) If the vehicle was used in connection with any felony.
- (c) If the vehicle is considered evidence in a criminal case such as aggravated assault with a deadly weapon.

503.7 COMMUNICATIONS PERSONNEL

Communications personnel shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

503.7.1 VEHICLE STORAGE REPORT

Department members towing a vehicle shall complete a Vehicle Impound Report. In cases of vehicles with Holds placed, the vehicle impound report should be submitted to communications personnel as soon as practicable after the vehicle is towed.

503.7.2 NOTICE OF TOW/IMPOUNDED VEHICLES

The vehicle storage facility holding a vehicle that has been impounded by this department is required to provide the registered owner or operator of the vehicle with formal notice of his/her right to a court hearing on whether probable cause existed for the removal of the vehicle (Tex. Occ. Code § 2303.151, Tex. Occ. Code § 2308.454).

If an owner or operator of an impounded vehicle contacts the Department to dispute an impound and it is determined that he/she has not received formal notice from the vehicle storage facility, the Records Section Manager should refer the owner or operator to the vehicle storage facility so that he/she may obtain a copy of such notice.

To ensure that the owner or operator of an impounded vehicle has a basic understanding of the remedies available, the Records Section Manager may advise the owner or operator of their right to submit a written request for a hearing to the justice court in accordance with Tex. Occ. Code § 2308.456.

If the impounded vehicle was abandoned as defined by Tex. Transp. Code § 683.002, the Records Section Manager should attempt to determine the names and addresses of any individuals having an interest in the vehicle as soon as practicable. The Records Section Manager shall send notice to all such individuals by certified mail within 10 days of the impound (Tex. Transp. Code § 683.012).

For procedures on impounding a vehicle, refer to the Weatherford Police Department Procedure Manual [500.1 IMPOUND PROCEDURES](#)

When releasing a hold on a vehicle, it is the officer's responsibility to ensure the Vehicle Hold Release form has been completed. [See attachment: Vehicle Hold Release Form.pdf](#)

Vehicle Towing

503.8 TOWING SERVICES

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Department for tow services should be followed.

503.9 VEHICLE INVENTORY

The contents of all vehicles towed at the request of department members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger compartment of the vehicle including, but not limited to, any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger compartment as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.
- (c) Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money, small valuables or hazardous materials.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practicable and appropriate, such items should be removed from the vehicle and given to the owner or booked into property for safekeeping.

Large amounts of cash, valuable jewelry or other small items of great value located during the inventory process will be held for safekeeping, in accordance with the Property and Evidence Section Policy. A copy of the property receipt should be given to the person in control of the vehicle or, if that person is not present, left in the vehicle.

A copy of the vehicle inventory will be given to the tow truck operator.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members and protecting the Department against fraudulent claims of lost, stolen or damaged property.

Weatherford Police Department

Policy Manual

Vehicle Towing

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

503.10 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or his/her agent to request a hearing to contest the tow.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving while intoxicated (DWI).

504.2 POLICY

The Weatherford Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Texas's impaired driving laws.

504.3 INVESTIGATIONS

Officers should not enforce DWI laws to the exclusion of their other duties unless specifically assigned to DWI enforcement. All officers are expected to enforce these laws with due diligence.

The Shift Supervisor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DWI investigation will be documented using these forms. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Texas or another jurisdiction.

504.4 FIELD TESTS

Officers should be trained in Standardized Field Sobriety Testing. If officers use alternate testing, they should be trained in the alternate method.

504.5 CHEMICAL TESTS

A person implies consent under Texas law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Tex. Transp. Code § 724.011):

- (a) The person is arrested by an officer having reasonable grounds to believe the person is DWI.

Impaired Driving

- (b) The person is under 21 years of age and is arrested by an officer for operating a motor vehicle in a public place while having any detectable amount of alcohol in the person's system.

If a person withdraws this implied consent, or is unable to withdraw consent (*e.g.*, the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 STATUTORY NOTIFICATIONS

Before requesting that a person submit to the taking of a breath or blood sample, whether or not consent has been given, the officer shall inform the person orally and in writing of the required information contained in Tex. Transp. Code § 724.015.

504.5.2 BREATH SAMPLES

The Shift Supervisor should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Shift Supervisor.

504.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Tex. Transp. Code § 724.017). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

Impaired Driving

504.5.5 ADDITIONAL TESTING

A person who submits to a chemical test at the request of an officer may, on request and within a reasonable time (not to exceed two hours after arrest), have a qualified medical professional of the person's own choosing take an additional specimen of the person's blood for analysis. While the person must be provided with a reasonable opportunity to contact a professional to respond and administer an additional sample, officers are not required to transport the person for testing (Tex. Transp. Code § 724.019).

504.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Tex. Transp. Code § 724.011).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of license suspension or denial upon the person (Tex. Transp. Code § 724.032).

504.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses to submit to a chemical test when any of the following conditions exist (Tex. Transp. Code § 724.012):

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay resulting from a collision investigation or medical treatment of the person.

504.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to providing such a sample without physical resistance.

Impaired Driving

1. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure that the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform the duties of a supervisor, as set forth above.

504.7 ARREST AND INVESTIGATION

504.7.1 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test, the officer shall request that the person sign a statement of refusal (Tex. Transp. Code § 724.031). In addition, the officer shall make a written report of the refusal (Tex. Transp. Code § 724.032).

The officer shall forward a copy of the refusal report and notice of suspension or denial to the Department of Public Safety (DPS) on the prescribed forms within five business days (Tex. Transp. Code § 724.032).

504.7.2 REPORTING

The Shift Supervisor shall ensure that this department complies with all state reporting requirements pursuant to (Tex. Gov't. Code § 411.049).

504.8 RECORDS SECTION RESPONSIBILITIES

The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.8.1 VIDEO RECORDINGS OF ARRESTS FOR INTOXICATION

Upon request of a person stopped or arrested for DWI, the Records Supervisor shall supply a copy of any video recordings related to the stop or arrest as required by Tex. Code of Crim. Pro. art. 2B.0154.

504.9 ADMINISTRATIVE HEARINGS

The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DPS.

Traffic and Parking Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibilities for issuing, correcting, voiding and dismissing traffic and parking citations.

505.2 POLICY

It is the policy of the Weatherford Police Department to enforce traffic laws fairly and equally. Authorized members may issue a traffic citation, parking citation, or written or verbal warning based upon the circumstances of the contact and in the best interest of the motoring public and community safety.

505.3 RESPONSIBILITIES

The Patrol Lieutenant(s) shall be responsible for the supply and accounting of all traffic and parking citations issued to members of this department. Primarily, officers will use the currently approved electronic citation module approved by the department for citations/warnings. If the electronic citation system is down, paper citations/warnings should to be used as a backup process. Paper citations will be kept in a secure location with only limited access by police supervisors and issued to members by the Patrol Lieutenant(s) or designee. Members will sign for the citation books when issued or upon return of unused citations.. Officers needing paper citations shall request issuance of a citation book and citations should be signed out by number. A sign-out log may be in paper form or computerized but should be audited periodically (at least twice a year) to ensure books of citations are not missing and all numbered books and citations are accounted for.

Members of the Weatherford Police Department shall only use department-approved traffic and parking citation forms.

505.3.1 WRITTEN OR VERBAL WARNINGS

Written or verbal warnings may be issued when the department member believes it is appropriate. Communications should maintain information relating to traffic stops in which a written warning is issued. Written warnings are retained by this department in accordance with the established records retention schedule.

505.4 TRAFFIC CITATIONS

505.4.1 VOIDING

Voiding a citation may occur when the citation has not been completed or when it is completed but not issued. All citations from the electronic citation module that were not issued to a violator, must be voided using the same process as listed in the dismissal section of this policy. All copies of voided paper citations shall be presented to a supervisor for approval. The citation and copies shall then be forwarded to the Patrol Lieutenant(s) or designee.

Weatherford Police Department

Policy Manual

Traffic and Parking Citations

505.4.2 DISMISSAL

Members of this department do not have the authority to dismiss a citation once it has been issued. Only the court has that authority. Any request from a recipient to dismiss a citation shall be referred to the Shift Supervisor using the Guardian Tracking Citation Dismissal Request process. The officer that issued the citation should be the one to complete the citation dismissal request. Upon a review of the circumstances involving the issuance of the citation, the Shift Supervisor may approve the request and forward it to the Patrol Lieutenant to recommend dismissal. If approved by the Lieutenant, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of citations whose request for dismissal has been denied shall be referred to the appropriate court.

Prior to a court hearing but after a citation has been submitted to the court, a member may submit a request for dismissal of a traffic citation to his/her supervisor. The request must be in writing and should include the reason for dismissal (i.e., in the interest of justice, prosecution is deemed inappropriate). Upon a review of the circumstances involving the issuance of the citation, the supervisor may forward the request to the Patrol Lieutenant to recommend dismissal. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal.

Should a member determine during a court proceeding that a citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the member may request the court to dismiss the citation. Upon such dismissal, the member shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required, and forward it to the Patrol Lieutenant for review.

505.4.3 DISPOSITION

The court and file copies of all paper citations issued by members of this department shall be forwarded to the member's immediate supervisor for review by the end of each shift. The citation copies shall then be filed with the proper court.

Upon separation from appointment or employment with this department, all members who were issued traffic citation books shall return any unused citations to the Patrol Lieutenant(s) or designee.

505.4.4 JUVENILE CITATIONS

Completion of citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing a juvenile a citation.

505.4.5 DATA COLLECTION

For data collection requirements related to racial profiling laws, see the Bias-Based Policing policy.

505.5 LAW ENFORCEMENT OPERATIONS / STEP GRANT OPERATIONAL POLICY AND PROCEDURE

The purpose of the Selective Traffic Enforcement Program (STEP) is the enforcement of the traffic code and all other applicable laws of the State of Texas through a directed approach. The

Weatherford Police Department

Policy Manual

Traffic and Parking Citations

STEP enforcement officer will conduct 2.5 contacts per hour. The focus of the enforcement is to change the driving behavior of drivers, reduce crashes, crash-related injuries and fatalities on Texas roads and highways; through data driven consistent and high-visibility enforcement efforts. STEP includes public education, increased public awareness through media exposure and distribution of information pamphlets. [Weatherford Police Department Procedure Manual: 501.1 STEP OPERATING PROCEDURE](#)

STEP is funded through a Texas Department of Transportation (TXDOT) grant and administered by the Weatherford Police Department Grant Manager and Field Supervisor.

A. Grant Manager Responsibilities

1. Liaison with the Texas Department of Transportation (TXDOT)
2. Liaison with the designated Field Supervisor
3. Submitting program reports to TXDOT
4. Submitting requests for funds reimbursement to TXDOT
5. Overall grant fund management

B. Field Supervisor Responsibilities

1. Supervise officers working STEP
2. Schedule times and locations of STEP enforcement
3. Verify STEP hours worked by each officer
4. Receive and approve officers' requests to work STEP
5. Approve STEP daily reports
6. Submit required paperwork to STEP Grant Manager.
7. Oversee the individual officer's performance to determine if they are meeting the STEP performance measures and target numbers

Disabled Vehicles

506.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for department members who provide assistance to motorists in disabled vehicles within the primary jurisdiction of the Weatherford Police Department.

506.2 POLICY

It is the policy of the Weatherford Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

506.3 RESPONSIBILITIES

When an on-duty member of this department sees a disabled vehicle on the roadway, the member should make a reasonable effort to provide assistance. If this is not reasonably possible, the telecommunicator should be advised of the location of the disabled vehicle and the need for assistance. The telecommunicator should then assign another department member to respond as soon as practicable.

506.4 ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department members will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

506.4.1 MECHANICAL REPAIRS

Department members should not make mechanical repairs to a disabled vehicle. The use of push bumpers, with consent of the owner, to relocate vehicles to a position of safety is not considered a mechanical repair.

506.4.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.4.3 ASSISTING MOTORISTS

The relocation of a motorist should only occur with the person's consent, and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the motorist or transport him/her to a safe area to await pickup.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and dispositions of criminal investigations.

600.2 POLICY

It is the policy of the Weatherford Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine whether additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects to include potential child witnesses as practicable.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
 - 8. Call the Qualified Crime Scene Technician as necessary.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary and what other resources may be available, and advise the informant or complainant of this information.

Investigation and Prosecution

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 ASSIGNMENT OF FOLLOW UP INVESTIGATIONS

All offenses should be followed up by an investigator after the initial/preliminary investigation, unless the C.I.D. Supervisor determines there is no additional investigation needed. The CAD RMS system provides a guide for selection of reports that should have follow up investigations.

1. Officers who conduct preliminary investigations of any offenses shall complete the initial investigation and report as soon as practical so that an investigator can be assigned to follow-up in a timely manner.
2. The initial responding officer is responsible for completing the original offense report with all details of the preliminary investigation included in the report.
3. Patrol personnel should conduct follow-up investigations on hit and run accidents, all other offenses should be forwarded to CID for follow-up after the initial investigation and report has been completed.
4. Unless the investigator responds to the scene and is part of the preliminary investigation, the report will be forwarded to the investigator the following work day.

The Criminal Investigations Division supervisor shall determine which investigator is assigned to a specific case for follow-up investigations. The following procedures should be followed: [Weatherford Police Department Procedure Manual: 601.1 Follow Up Investigation Procedures](#)

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

Officers should receive training, as appropriate to their assignment, in methods to conduct an interrogation.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any felony offense listed in Tex. Code of Crim. Pro. art. 2B.0202 shall be recorded (audio or video with audio as available) in its entirety when conducted at the Weatherford Police Department, jail, or any other law enforcement facility unless (Tex. Code of Crim. Pro. art. 2B.0202):

- (a) The suspect refuses to respond or cooperate while being recorded.

Investigation and Prosecution

1. A refusal by a suspect to provide a recorded statement should be recorded when possible.
 2. The refusal should be documented in the associated report.
- (b) There is an equipment malfunction.
 - (c) Exigent circumstances exist.
 - (d) The person was not suspected of one of the listed offenses when the interrogation began.

Any custodial interrogation of any other violent felony offense should also be recorded in its entirety. Regardless of where the interrogation occurs, reasonable efforts should be made to secure functional recording equipment to accomplish such recordings. If the person expresses the desire to provide a voluntary oral statement during the course of the interrogation, officers should ensure that the requirements of Tex. Code of Crim. Pro. art 38.22 are satisfied to facilitate the admissibility of the statement.

Consideration should also be given to recording any investigative interview when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered until a final conviction is obtained, all direct appeals are exhausted, or prosecution is barred by law (Tex. Code of Crim. Pro. art 38.22). Written authorization from the prosecuting attorney and the Criminal Investigations supervisor should be obtained and placed in the related case file. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete, and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, there is no reasonable belief that the person who committed the crime can be identified and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.

Investigation and Prosecution

2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor; charges have been filed; further investigation is not reasonable, warranted or requested; and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proved that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Family Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.7 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.8.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Weatherford Police Department

Policy Manual

Investigation and Prosecution

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.8.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of the Criminal Investigations supervisor, Lieutenant, Assistant Chief, or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor. This does not include requesting that a case with the DA or County Attorney's Office be reviewed for appropriate charges.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Title 5, Chapter 21 (Sexual Offenses) and Chapter 22 (Assaultive Offenses) of the Texas Penal Code and in Tex. Penal Code § 25.02 (Prohibited Sexual Conduct).

601.2 POLICY

It is the policy of the Weatherford Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates, and support for the victim.
- (f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.
- (g) Ensure relevant information is included in the FBI's Violent Criminal Apprehension Program (ViCAP) as required by Tex. Gov't Code § 420.036.

Sexual Assault Investigations

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Communications, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART or the multidisciplinary response team should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Officers conducting an investigative interview with an adult victim shall offer the victim an opportunity to have a trained sexual assault program advocate present, or if not available, a crime victim liaison or other properly trained officer from the Department or victim's assistance counselor, provided such support would not unreasonably delay the interview process (Tex. Code of Crim. Pro. art. 56A.3515).

601.5.1 POLYGRAPH EXAMINATIONS

Members of the Weatherford Police Department may not request or require a victim of a sexual assault to submit to a polygraph examination, nor take a polygraph examination of a victim of certain crimes specified by law (34 USC § 10451; Tex. Code of Crim. Pro. art. 15.051).

601.5.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense may keep the identity of the victim confidential by providing the victim with a pseudonym form as provided to this department by the Sexual Assault Prevention and Crisis Services program of the Texas Office of the Attorney General. The victim may choose a pseudonym to be used instead of his/her name (Tex. Code of Crim. Pro. art. 58.102).

Once the pseudonym form has been completed by the victim and returned to this department, the Department may not be required to disclose the victim's name, address, and telephone number. The Department shall also (Tex. Code of Crim. Pro. art. 58.103):

- (a) Remove the victim's name and substitute the pseudonym for the name on all reports, files, and records in the Department's possession.

Sexual Assault Investigations

- (b) Notify the attorney for the state of the pseudonym and that the victim has elected to be designated by the pseudonym.
- (c) Maintain the form in a manner that protects the confidentiality of the information.

601.5.3 VICTIM'S RIGHTS

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

Subject to the requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (Tex. Gov't Code § 420.041; Tex. Gov't Code § 420.042):

- (a) Use an evidence collection kit provided by the Attorney General (Tex. Gov't Code § 420.031)
- (b) Upon notice from a health care facility or other entity that performs a medical examination, take possession of the evidence collected within the time frame specified in Tex. Gov't Code § 420.035
- (c) Enter required information into the ViCAP database (Tex. Gov't Code § 420.036)
- (d) Submit the evidence to an accredited crime laboratory for analysis within 30 days from the date the evidence was received
 - 1. If evidence is not timely submitted, the Chief of Police or the authorized designee shall submit a written explanation within 30 days of discovering the delay.
- (e) Provide any additional information requested by the crime laboratory within five business days of the request when a match between the biological evidence and a profile contained in a DNA database has been identified by the laboratory (Tex. Gov't Code § 420.0431)

Weatherford Police Department

Policy Manual

Sexual Assault Investigations

- (f) Acknowledge the receipt of notice of a case-to-case match identified between the biological evidence and a profile contained in a DNA database within five business days of receipt (Tex. Gov't Code § 420.0431)
- (g) Within 30 business days after receiving notice from the crime laboratory that a verified match has identified a suspect, make reasonable attempts to collect a biological sample from the suspect and submit it to the laboratory for DNA analysis (Tex. Gov't Code § 420.0431)

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Section Policy.

601.6.2 DNA TEST RESULTS

No later than five business days after receiving notice that a profile contained in a DNA database has been identified as a match to the biological evidence, the member investigating a sexual assault case shall notify the victim of the match, or, if disclosing the match would interfere with the case, the estimated date in which the match will be disclosed (Tex. Gov't Code § 420.0432). If requested, upon receipt of any other results from the DNA analysis, investigating member shall, as soon as reasonably practicable, notify the victim of the results, or, if disclosing the results would interfere with the case, the estimated date in which the results will be disclosed (Tex. Code of Crim. Pro. art. 56A.052).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in by the Victim and Witness Assistance policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.6.3 PROHIBITED USE OF FORENSIC MEDICAL EVIDENCE

The Weatherford Police Department will not use forensic medical evidence collected from a sexual assault victim to investigate a misdemeanor offense, or any offense that falls under the Texas Controlled Substances Act alleged to have been committed by the victim (Tex. Code of Crim. Pro. art. 38.435).

601.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Criminal Investigations supervisor.

Classification of a sexual assault case as unfounded requires the Criminal Investigations supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/

Sexual Assault Investigations

her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.8 CASE REVIEW

The Criminal Investigations supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The investigator and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Criminal Investigations supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART or multidisciplinary response team.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as ViCAP.

Asset Forfeiture

602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Weatherford Police Department seizes property for forfeiture or when the Weatherford Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and acting as the liaison between the Department and the assigned forfeiture attorney.

Pro. art. 59.01(2). However, contraband as defined by Tex. Code of Crim. Pro. art. 59.01(2)(B)(v) related to the Texas Litter Abatement Act only applies to a municipality with a population of 250,000 or more (Tex. Code of Crim. Pro. art. 59.02).

Property subject to forfeiture may also include items associated with a conviction related to gambling, an offense involving a criminal instrument (specially designed, made, or adapted for use in the commission of an offense), possession of an obscene device or material, child pornography, or for an offense involving a scanning device or a re-encoder (Tex. Code of Crim. Pro. art. 18.18).

602.2 POLICY

Asset Forfeiture

of criminal offenses, officer safety, the integrity of ongoing investigations or any person's due process rights.

It is the policy of the Weatherford Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeitures.

602.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

602.3.1 PROPERTY SUBJECT TO SEIZURE

The following property may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer (Tex. Code of Crim. Pro. art. 59.03; Tex. Civ. Prac. & Rem. Code § 140B.105):

- (a) Property subject to forfeiture seized under the authority of a search warrant or other court order.
- (b) Property subject to forfeiture may be seized without warrant under any of the following circumstances:
 - 1. The owner, operator, or agent in charge of the property knowingly consents to the seizure.
 - 2. The owner, operator, or agent in charge of the property knowingly consented to a search that led to the discovery of the property subject to forfeiture and the seizing officer has a reasonable belief that a substantial connection exists between the property and the criminal activity.
 - 3. The seizure was incident to a lawful arrest, lawful search, or lawful search incident to arrest and the seizing officer has a reasonable belief that a substantial connection exists between the property and the criminal activity.

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture attorney's current minimum forfeiture thresholds
- (b) Property when it is reasonably known to the officer that a third party may be an "innocent owner" as defined by Texas law (Tex. Code of Crim. Pro. art. 59.02).

If there is a question as to whether a third party might be an innocent owner, the officer should seek guidance from the forfeiture reviewer or the assigned attorney.

Asset Forfeiture

602.3.3 CONTRABAND LOCATED OUT OF STATE

If property subject to seizure is located out of state, the officer making such discovery shall provide the forfeiture attorney with a sworn statement that identifies the contraband and reasons it is subject to seizure so that a notice of intended forfeiture may be filed in the appropriate state court (Tex. Code of Crim. Pro. art. 59.022).

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so. Note: A seizure of currency under \$1,000 should not be made without supervisor approval.
- (b) Notify the forfeiture reviewer(s) at time of seizure.
- (c) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (d) Forward the original seizure forms and related reports to the forfeiture reviewer(s) within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere; the whereabouts of the property is unknown; it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.4.1 DOCUMENTATION AND FOLLOW UP

An officer who seizes property subject to forfeiture shall (Tex. Code of Crim. Pro. art. 59.03):

- (a) Provide the forfeiture attorney with a sworn statement containing a list of the property seized, an acknowledgement that the officer has seized the property and an explanation of the officer's reasons for the seizure.
- (b) Document an assertion of an interest in, or right to, the property by the person in possession of the property at the time of seizure.

No member may request, require or in any manner induce any person, including a person who asserts an interest in, or right to, the property, to execute a document purporting to waive the

person's interest in, or rights to, property seized under this chapter (Tex. Code of Crim. Pro. art. 59.03).

Within 72 hours after the seizure, the officer shall place the property under seal, remove the property to a place ordered by the court or have the property taken into custody by another agency having jurisdiction.

602.4.2 DOCUMENTATION IN SUITS FOR PROCEEDS

An officer who identifies proceeds gained from the commission of an offense specified in Tex. Code of Crim. Pro. art 59.01(2) shall provide the forfeiture attorney for the state with an affidavit identifying the amount of the proceeds and the officer's basis for probable cause to believe the proceeds are contraband subject to forfeiture (Tex. Code of Crim. Pro. art. 59.023).

For procedures on filing the affidavit, refer to the Weatherford Police Department Procedure Manual: [600.1 FILING PROCEDURES](#)

Cooperating Individuals

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of cooperating individuals.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Cooperating Individual - A person who covertly interacts with other individuals or suspects at the direction or request of, or by agreement with, the Weatherford Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Weatherford Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money). There are two classes of Cooperating Individuals.

Class I Cooperating Individual - A person who has a criminal record, reputation for involvement or association with individuals in the criminal underworld, or who has a prior state or federal criminal conviction. Both defendants and non-defendants will be included if they meet this basic definition.

Class II Cooperating Individual - A person who do not have a criminal record or reputation for involvement in or association with individuals in the criminal underworld. Examples of a Class II individual include hotel clerks, airport employees, business owners, and concerned citizens who observe activities as a course of their daily business.

Establishment - the appropriate documentation regarding the identification, background, criminal record check, photograph, and debriefing of cooperating individuals.

603.2 POLICY

The Weatherford Police Department recognizes the value of cooperating individuals to law enforcement efforts and will strive to protect the integrity of the cooperating individual process.

The proper use of confidential sources to assist in gathering intelligence and in developing prosecutable cases is crucial to accomplishing Weatherford Police Department Street Crime Unit's (SCU) overall goals. All SCU Officers should strive to utilize cooperating individuals in an efficient, cost-effective way to secure intelligence and information necessary to investigate arrest and prosecute criminals. Additionally, it is the intent that this be done in a manner designed to maintain the highest professional standards.

603.3 USE OF COOPERATING INDIVIDUALS

603.3.1 ESTABLISHMENT OF COOPERATING INDIVIDUALS

A query will be performed to determine if the individual has been previously established or terminated by Principle or SCU personnel. If the individual has been previously established, the SCU officer will contact the prior establishing officer or supervisor.

Weatherford Police Department

Policy Manual

Cooperating Individuals

- (a) Class I Cooperating Individuals. Class I cooperating individuals must be identified by:
 - 1. Criminal History
 - 2. State issued Identification
 - 3. Recent photograph
 - (a) Class I cooperating individual shall be debriefed by an SCU officer and a supervisor. During the initial debriefing, the cooperating individual should be informed that the possibility exists that he may be subject to court subpoena and testimony in future judicial proceedings. It will be documented whether or not the cooperating individual is willing to testify in these proceedings
 - (b) Class I cooperating individuals will not be utilized without the prior approval of a SCU supervisor.
 - (c) Class I cooperating individuals will be assigned a cooperating individual number. Additionally, at the discretion of the SCU Lieutenant, an alias name may also be assigned. All cooperating individuals will undergo periodic debriefing in order that their potential may be established, priorities assigned, and effectiveness evaluated. SCU supervisors will be directly involved with investigative personnel in this ongoing process.
- (b) Class II Cooperating Individuals. The use of Class II cooperating individuals, acting under the specific direction of an investigator, requires prior supervisory approval and the submission of an establishment report.
 - 1. Class II cooperating individuals will be assigned a cooperating individual number. As with Class I cooperating individuals, an alias name may be assigned at the discretion of the SCU Lieutenant.
 - 2. Full establishment is required if rewards or reimbursements are paid to Class II cooperating individuals.

603.3.2 UTILIZATION OF COOPERATING INDIVIDUALS

A Cooperating Individual is a useful asset in conducting criminal investigations. All Cooperating Individuals should be fully debriefed as to their knowledge of illegal drug activities, other non-drug criminal activities, possible terrorist activities and related terrorist signature crimes and this information documented during the establishment. When appropriate this intelligence information should be shared with appropriate law enforcement agencies to further enhance criminal investigations.

The potential uses for a Cooperating Individual include the development of criminal intelligence information on criminal activity, enhancing investigative efforts, including the development of probable cause for search warrants and purchases of evidence for establishing credibility and furthering investigations.

Cooperating Individuals have also been used for “controlled buys” (purchases of evidence) for the purpose of filing criminal charges against suspects. The utilization of “controlled buys” will be done within established guidelines of the prosecuting attorney’s office.

Weatherford Police Department

Policy Manual

Cooperating Individuals

Cooperating Individuals should not be used for “controlled buys” unless the handling officer has directed the efforts of the Cooperating Individual towards specific identified suspects.

TEX CR. CODE ANN. § 38.141: Texas Statutes - Article 38.141: TESTIMONY OF UNDERCOVER PEACE OFFICER OR SPECIAL INVESTIGATOR.

- (a) A defendant may not be convicted of an offense under Chapter 481, Health and Safety Code, on the testimony of a person who is not a licensed peace officer or a special investigator but who is acting covertly on behalf of a law enforcement agency or under the color of law enforcement unless the testimony is corroborated by other evidence tending to connect the defendant with the offense committed.
- (b) Corroboration is not sufficient for the purposes of this article if the corroboration only shows the commission of the offense.
- (c) In this article, "peace officer" means a person listed in Article 2.12, and "special investigator" means a person listed in Article 2.122.

603.3.3 RECRUITMENT OF COOPERATING INDIVIDUALS

Cooperating Individuals

- (h) Officers shall take the utmost care to avoid conveying any confidential investigative information to a confidential informant (such as the identity of other informants, surveillance activities, covert vehicles or search warrants) other than what is absolutely necessary and appropriate for operational purposes.
- (i) Meetings with confidential informants shall be conducted at locations and times that vary and with another officer present. One officer surveilling from a nearby position is acceptable.

603.4 COOPERATING INDIVIDUAL REPORTS

All investigative activities resulting from the utilization of a cooperating individual shall be properly documented in an investigative report and will be subject to review by the SCU Lieutenant. This includes not only the reporting of information obtained for prosecution of criminal cases but also for documenting intelligence information.

In preparing reports that are likely to be used in criminal prosecutions, it is preferable to refer to sources as "cooperating individuals." However, it is permissible to refer to cooperating individuals by their assigned number. The respective SCU Lieutenant may establish more detailed and specific reporting procedures in this regard.

Weatherford Police Department

Policy Manual

Cooperating Individuals

(a) Update Reports

1. Update Reports for Class I and Class II cooperating individuals are required at twelve-month intervals. These reports summarize the activity of the individual since the last reporting date and will include the following information at a minimum: additional intelligence provided, investigations initiated, cases initiated, and monies paid. Also include a recommendation as to continued utilization. Document supervisory participation in the cooperating individual debriefings as required. If the cooperating individual is a defendant in a criminal proceeding, report any change of legal status in the case.
2. If the required annual update report is not submitted prior to the end of the twelve-month period, the cooperating individual automatically reverts to inactive status. Cooperating individuals may be carried on inactive status for an indefinite period of time. However, once a cooperating individual becomes inactive, he must be re-established prior to further utilization.
3. A supervisor will participate in at least one debriefing interview with each Class I cooperating individual assigned to an investigator under his supervisory control during each six-month period. Update Reports will document supervisory participation in the debriefing of the cooperating individual.

(b) Re-establishment Reports

1. The re-establishment report will include the same basic information required in the original establishment report. The information should be updated as appropriate to include a recent criminal history check and wanted check.

(c) Termination Reports

1. In the event an individual is determined to be unsuitable for further utilization as a cooperating individual, a written report will be directed to the SCU Lieutenant. This form will only be completed when the supervising officer believes that the Cooperating Individual is unsuitable for use by himself or other officers. This report will indicate the recommendation for termination and will include adequate details why the cooperating individual is not suitable for further utilization.

603.5 RELATIONSHIP OF INVESTIGATOR WITH COOPERATING INDIVIDUAL

SCU officers shall operate within legal boundaries when working with cooperating individuals. All contact with a cooperating individual shall be lawful.

- (a) The relationship between SCU officers and cooperating Individuals will remain ethical and professional at all times. The purpose for using a cooperating individual is to assist in the detection, apprehension, and prosecution of individuals violating the law. Less than ethical or professional conduct on the part of officers with regard to cooperating individuals may jeopardize prosecution and will not be tolerated. At no time will any officer solicit or accept anything of value from a cooperating individual.
- (b) All officers shall maintain a professional relationship with the cooperating individual. Off-duty fraternizing or social contact with the criminal-type cooperating individual

Cooperating Individuals

603.6 ILLEGAL CONDUCT BY COOPERATING INDIVIDUAL

SCU personnel will not suggest, condone, or knowingly allow involvement of cooperating individuals in illegal activities outside the scope of an approved criminal investigation. However, in furtherance of an ongoing criminal investigation, SCU personnel expressly controlling the investigation may direct a cooperating individual to violate certain laws.

Examples of such directed actions, in furtherance of a criminal investigation, include the purchase or possession of drugs, stolen property or other contraband. If a cooperating individual commits a crime outside the scope of an approved criminal investigation, that individual will be at risk of criminal prosecution.

603.7 SPECIAL REQUIREMENTS

Types of Individuals requiring prior approval:

- (a) There are additional restrictions applicable to the utilization of certain types of cooperating individuals regardless of the cooperating individual's classification. Prior to the utilization of cooperating individuals in the following circumstances, an establishment report with a written justification should be submitted to the SCU Lieutenant:
 1. The proposed utilization of a person of either sex who has not attained the age of 17 years. This request will be accompanied by written consent of either one or both parents, or the legal guardian.

Additionally, the defendant will only be utilized upon the approval and concurrence of the federal or state prosecutor responsible for the prosecution of the pending charge.

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Weatherford Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers (Tex. Code of Crim. Pro. art. 38.20).

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Criminal Investigations supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications (Tex. Code of Crim. Pro. art. 38.20).

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

The forms to be used by Weatherford Police Department personnel are attached to the applicable sections of this policy.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Eyewitness Identification

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out (Tex. Code. of Crim. Pro. art. 38.20). In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding (Tex. Code of Crim. Pro. art. 38.20).

See attachment: [Photo Lineup Blinded.pdf](#)

604.7 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow-up, if necessary.

See attachment: [Show-up Forms.pdf](#)

604.8 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.9 TRAINING

The Training Sergeant shall ensure that an eyewitness identification education and training program established by the Texas Commission on Law Enforcement (TCOLE) is provided to officers (Tex. Code of Crim. Pro. art. 2A.062).

Brady Information

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Weatherford Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Weatherford Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Weatherford Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

Weatherford Police Department

Policy Manual

Brady Information

605.4 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Chief of Police or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

605.5 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member whose file is related to the motion shall be notified of the potential presence of *Brady* information.
- (b) The prosecuting attorney or City Attorney should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the Custodian of Records should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (d) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.6 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility or dishonesty or has been engaged in an act of moral turpitude or criminal conduct,

Weatherford Police Department

Policy Manual

Brady Information

the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.7 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Unmanned Aerial System

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS. The purpose of the small, unmanned aircraft system is to aid the organization with search and rescue, crime scene reconstruction, accident scene photography involving seriously injured or deceased persons, accident scenes on state or interstate highways, in-progress felony suspect search, hazardous material scenes, location of missing persons, and any other deployment deemed necessary by the department.

606.1.1 DEFINITIONS

Definitions related to this policy include:

National Airspace System (NAS) -The airspace owned and regulated by the Federal Aviation Administration (FAA).

Night Flight -Flight of a UAS that occurs between the hours of one-half hour after sunset and one-half hour before sunrise. The time of sunset and sunrise are determined by the National Oceanic and Atmospheric Administration (NOAA), but 14 CFR Part 107 will allow small UAS operations to be conducted during civil twilight if the small, unmanned aircraft has lighted anti-collision lighting visible for at least 3 statute miles. Nighttime-operations are permitted as long as the UAS PIC has a 14 CFR Part 107 license and meets all current requirements.

Notice To Airman (NOTAM) -A notice filed with the FAA to alert aircraft pilots of potential hazards along or near a flight route or at a location that could affect the safety of a flight.

Pilot In Command (PIC) -Individual who has total control and authority over the flight operations of the UAS. This individual is civilly and criminally responsible to state and federal agencies tasked with the safe and legal operation of a UAS in the NAS.

Preventative Maintenance -Simple or minor adjustments, or the replacement of small standard parts not involving complex assembly operations.

Registration -UAS registration marking with FAA number in accordance with 14 CFR Part 45.

Scheduled Maintenance -Periodic maintenance on aircraft at specified intervals.

Third-Party Provider -A commercial provider that offers UAS services under contract usually on a permission or group of missions basis.

Weatherford Police Department

Policy Manual

Unmanned Aerial System

Visual Line of Sight (VLOS) - The Remote Pilot and/or the Visual Observer can see, unaided, the UAS under their control during flight.

Visual Observer (VO) -Responsible for assisting with the monitoring of the UAS prior to and during flight operations. The VO must maintain visual sight of UAS and maintain contact with the PIC.

606.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

This policy applies to:

(1) All unmanned aerial systems owned, provided, and/or managed by the Weatherford Police Department;

(2) All uses of unmanned aerial systems and services provided to the Weatherford Police Department under agreements with third-party vendors and service providers.

This policy is designed to minimize risk to people, property, and aircraft during the operation of the UAS while continuing to safeguard the right to privacy of all persons. It is further designed to keep the Weatherford Police Department and its personnel from being subject to civil and criminal penalties for misuse of UAS and remain in compliance with strict legislative requirements.

If conflicts exist between FAA regulations, Texas Government Code, Texas Administrative Code, and any part of this policy, the most restrictive regulation will apply.

606.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

606.4 OPERATIONAL STANDARDS

UAS Commander: One member of the command staff shall be designated to serve as the Department's primary coordinator for UAS activities. The UAS Lieutenant will be responsible for

Weatherford Police Department

Policy Manual

Unmanned Aerial System

coordinating the development and administration of procedures, tools, and other aspects of the UAS program to be applied department-wide.

Department UAS Coordinator: A supervisor shall be designated as the Department UAS Coordinator. This person will be responsible for the specific operating procedures and documentation. The coordinator will ensure operations within the Department comply with City and Department policy. The coordinator should serve as the Department's representative on the UAS Advisory Group. The coordinator will also ensure that pertinent safety information is circulated and that safety instruction is included as part of recurrent pilot training.

Qualifications: To be considered for selection as a pilot, applicants must be in good standing with the Department, and agree to comply with Department policy related to UAS operations. Pilots must also have 2 years of full-time law enforcement experience with the WPD or one year of experience at the WPD with previous law enforcement experience from another agency.

Selection: The pilot selection process will be set forth by the Chief of Police or his/ her designee. Officers selected for the position will have 180 days to gain their Pilot Certificate by passing the Part 107 examination.

Initial and Recurrent Training: The WPD will develop training plans for new and existing pilots and aircrew members.

At a minimum, initial training should include:

- FAA rules pertaining to UAS flight operational limitations
- All Aspects of 14 CFR Part 107
- Knowledge of the rules and responsibilities described in 14 CFR 91
- All aspects of the Texas Government Code Chapter 423
- City and Department policy and standard operating procedures
- Crew Resource Management
- Mission Planning
- Mission briefing and preflight checklists
- Nighttime Operations
- UAS Management System
- Emergency procedures and reporting
- Citizen privacy
- Factory authorized training, if available, for the Department's specific UAS

Pilots must participate in recurrent training biannually. Recurrent training must include, at a minimum:

- Demonstration of flight operations proficiency

Unmanned Aerial System

- Emergency procedures
- Updates to federal and/or state regulation
- Updates to City and Department policy
- Nighttime Operations
- Citizen privacy
- Lessons learned in previous deployments

Certification: Pilots must obtain, possess and maintain a valid FAA Remote Pilot License (UAS) under 14 CFR Part 107. The pilot must also be approved or "certified" by the Department. The entry of the pilot's data into the UAS Management System will complete the pilot certification process.

Currency Requirements: Other than flights required for initial training, pilots must have completed three (3) currency events within the previous 180 days. Currency events include landings, takeoffs, and simulator/training flights. Pilots must also perform these currency events during nighttime hours to maintain their nighttime operations status.

Documentation: Pilots are responsible for ensuring all flight logs, training records, and other pertinent information is entered, stored, and updated in the UAS Management System. Logs will be reviewed periodically by the Department UAS Coordinator to ensure accuracy.

Disqualification: Pilots may have their flying privileges revoked by the UAS Lieutenant, or his/her designee if deemed appropriate. Pilots will be notified in writing or via email. A pilot must be disqualified if the Part 107 certification is not maintained. In addition, a pilot's privileges of flying missions may be suspended or revoked if, in the sole opinion of the UAS Lieutenant or her/his designee, the pilot is unwilling or unable to conduct flight operations in a safe and legal manner due to past performance, lack of currency, medical conditions, fitness, or any other reasonable cause. A pilot's refusal to fly for safety reasons may not be cited as cause to remove the pilot's flying privileges.

Requirements: Visual Observers are not required to deploy UAS under Part 107 (except during night operations); however, it is highly encouraged for a UAS Visual Observer to assist the PIC during all missions for risk mitigation purposes.

When operating under a COA a trained Visual Observer is required. Visual Observers may be both formally trained and designated or can be chosen for a specific mission under Part 107.

Training: Designated UAS Visual Observers shall have completed sufficient training to efficiently communicate pertinent inflight observations with the PIC so that the UAS aircraft remains clear of conflicting air traffic and obstructions.

At minimum, initial training should include:

- Knowledge of the supporting tasks described 14 CFR 107 with respect to maintaining Line of Sight, and effective communication.

Weatherford Police Department

Policy Manual

Unmanned Aerial System

- Knowledge of the supporting tasks described in 14 CFR 91: Operating Near Other Aircraft; Right-of-Way Rules; and Basic VFR Weather Minimums
- Nighttime Operations

If formal training is not available for UAS Visual Observers, the PIC is responsible for briefing the observer and ensuring the understanding of the role and the supporting tasks to the observer.

Night Operation: Night operations require that the PIC and Visual Observer are trained to recognize and overcome visual illusions caused by darkness and understand physiological conditions which may degrade night vision. The UAS Coordinator will document that the required training was performed by the PIC/VO prior to night operations.

Maintenance: A properly maintained UAS is essential to safe operations. Compliance with the manufacturer's scheduled maintenance, preflight inspections, and immediate repair of mechanical problems will ensure the availability and safety of unmanned aircraft.

The Department UAS Coordinator will ensure that scheduled maintenance is entered into the UAS Management System. All scheduled and unscheduled maintenance must be recorded along with any discrepancy.

If scheduled maintenance is not performed when scheduled, the aircraft will be grounded until maintenance is completed.

For minor problems not requiring grounding of the aircraft, the problem will be entered in the aircraft maintenance log in the UAS Management System.

For major problems requiring aircraft grounding, the problem will be entered into the aircraft maintenance log. A placard will be affixed to the system case indicating the aircraft is not airworthy.

Updates to UAS hardware and software will be entered into the aircraft maintenance log.

Following maintenance or repairs, a test flight must be conducted prior to placing the UAS back in service.

Inspections: Prior to every flight, the PIC shall conduct a thorough inspection of the UAS in accordance with instructions contained in the unmanned aircraft flight checklist provided by the UAS manufacturer. Checklists may be modified with additional items, if necessary to ensure the UAS can perform its designated mission. Checklists will be maintained by the Department in the UAS Management System.

Mission Authority: All UAS deployments will be initiated by a request to the UAS Lieutenant, UAS Coordinator, or ranking on-duty patrol supervisor, who will have responsibility for the request and call out of the UAS team.

Missions: All UAS missions of the Weatherford Police Department will be flown in accordance with FAA regulations, 14 CFR Parts 107 and/or Certificate of Authorization, applicable portions of 14 CFR Parts 61 and 91, current FAA National Policy regarding UAS Operational Approval, Texas Government Code Chapter 423, and the WPD UAS Training Material relating to the operation

Weatherford Police Department

Policy Manual

Unmanned Aerial System

unmanned aircraft. All non-emergency missions require preapproval and review by the UAS Coordinator or Lieutenant.

Mission deployments that are authorized include but are not limited to:

- Pursuant to a valid search or arrest warrant
- Immediate pursuit of any criminal suspect
- Aiding in search and rescue/recovery operations
- Crime scene photography
- Crash reconstruction
- Human fatality documentation
- Hazmat scene deployments
- Major disaster scenes
- Storm damage assessment
- Fire scenes
- Tactical situations, including SWAT or K9 deployments
- Community or special events
- Surveillance purposes on private property for officer or civilian safety with written consent by the property owner or their designee
- Missions immediately necessary to preserve the health, safety, and welfare of people or property

Flight Crew: The minimum flight crew for every mission will be the Pilot-In-Command (PIC) and a Visual Observer (VO). Concerns on the part of either crew member must be communicated immediately. PICs and VOs must question the other crew member whenever there is ambiguity in communications or if conditions exist that could potentially contribute to an unsafe flight.

The PIC is directly responsible for and is the final authority over the operation of the unmanned aircraft.

The PIC has absolute authority to reject a flight based on weather, aircraft limitations, physical condition, or any other factor affecting the safety of the flight. No other individual, regardless of management level, may require a PIC to conduct a flight when, in the opinion of the PIC, the flight cannot be conducted safely.

The PIC is responsible for compliance with FARs, COA conditions, City policy, and Department SOPs. The PIC will report any non-compliant occurrence to the immediate supervisor and the Department UAS Coordinator as soon as practicable.

The VO helps ensure the objectives of the flight mission are accomplished and that the flight is conducted in a safe manner.

Weatherford Police Department

Policy Manual

Unmanned Aerial System

The VO will assist the pilot in maintaining visual awareness of the airspace and will advise the pilot of imminent hazards including other aircraft, terrain, obstructions, and adverse weather conditions.

The VO will avoid unnecessary communications with the pilot during takeoff and landing but will help ensure that areas are clear during those flight segments.

Flight Plans: Before each flight, the PIC will become familiar with all available information concerning the flight and will plan the flight accordingly.

The plan must be entered into the UAS Management System prior to the flight. Information should include, but is not limited to:

- PIC name
- UAS
- Mission purpose
- Area of flight
- Estimated time and duration of the flight
- Potential Safety Issues
- Expected outcomes

Exceptions to this requirement may include certain flights related to public safety and incident response if the response time precludes entry into the UAS management system. This exception applies only to the requirement to enter the flight plan into the UAS Management System prior to the flight. All other flight preparation and planning is required. All relevant information regarding the flight must be entered as soon as practicable after termination of the flight.

Weather Briefing: Prior to initiating a flight, the PIC will obtain a weather briefing. Subsequent to the initial briefing, the PIC will obtain additional weather information as required to continue the flight safely.

Airspace Awareness: The PIC and the VO will be aware of airspace classifications of the flight area, including proximity to restricted areas or areas requiring ATC clearance prior to entry.

Ground Handling: The PIC is responsible for the operation of the UAS both in the air and on the ground. The PIC, with the assistance of the VO, will ensure that adequate clearance is maintained prior to takeoffs and landings. The PIC will also ensure that no unauthorized items are attached to the aircraft.

Post Flight: The PIC will conduct a thorough inspection of the UAS immediately after completion of the mission to detect any damage sustained during the operation. If necessary, the aircraft will be serviced to ensure its availability for the next flight. Batteries will be placed on charge.

Necessary entries will be made into the aircraft and pilot flight logs in the UAS Management System.

Flight Restrictions: Certain limitations apply to the use of UAS by City Departments.

Weatherford Police Department

Policy Manual

Unmanned Aerial System

Personal use of City-owned UAS is prohibited. The use of personally owned UAS for City missions is prohibited unless express consent is provided by the Chief of Police or his/her designee.

Flight into instrument meteorological conditions, thunderstorms, or other severe weather is prohibited. No aircraft operations, with the exception of extreme emergencies, will be conducted under Visual Flight Rules (VFR) when flight visibility is less than three (3) statute miles. No aircraft operations will be conducted when the ceiling is less than 1000 feet above ground level.

If the PIC or VO develop fatigue or a sudden illness, the flight shall be terminated as soon as practicable. If the UAS has auto-landing capability, then the auto-landing procedures should be initiated as soon as practicable as long as the landing can be made safely.

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

UAS shall only be used pursuant to a valid search or arrest warrant or if the image is captured (Tex. Gov't Code § 423.002):

- (a) In immediate pursuit of a person law enforcement officers have reasonable suspicion or probable cause to suspect has committed a felony.
- (b) For the purpose of documenting a crime scene where a felony has been committed.
- (c) For the purpose of investigating the scene of:
 - (a) A human fatality.
 - (b) A motor vehicle collision causing death or serious bodily injury to a person.
 - (c) Any motor vehicle collision on a state highway or federal interstate or highway.
- (d) In connection with the search for a missing person.
- (e) For the purpose of conducting a high-risk tactical operation that poses a threat to human life.
- (f) Of private property that is generally open to the public where the property owner consents to law enforcement public safety responsibilities.
- (g) To survey an area to determine if a state of emergency should be declared or to preserve public safety and protect property during a state of emergency.
- (h) For the purpose of fire suppression or rescuing a person whose life is in imminent danger.

Unmanned Aerial System

606.5 EMERGENCIES

Emergency procedures stated in the manufacturer's operations manual shall be complied with for all UAS operations. In the event of an emergency involving the safety of persons or property, the PIC may deviate from the procedures of this directive relating to aircraft, equipment, and weather minimums to the extent required to meet the emergency.

Emergencies include:

Lost Link: An interruption or loss of command-and-control link contact with the UAS such that the remote pilot can no longer manage the aircraft's flight and as a result of the control loss, the UAS is not operating in a predictable or planned manner.

- The UAS lost link procedures shall be initiated which shall automatically cause the UAS to climb to its pre-determined altitude and return to and land at the designated home location.
- If positive control of the UAS cannot be maintained and the UAS is leaving the operation area or the UAS poses a risk to life and/or property, the PIC will issue a combined stick command.

Loss of GPS Signal:

- Should the UAS lose GPS signal during autonomous operations, the PIC must immediately command the UAS into manual mode and land as soon as practical.
- If positive control of the UAS cannot be maintained and the UAS departs the operation area or the UAS poses a risk to life and/or property, the RPIC will issue a combined stick command.

Loss of Visual Contact:

- If visual contact with the UAS is lost, the PIC shall command the aircraft into a hover mode and the PIC and/or VO shall try to reestablish visual contact.
- If visual contact cannot be re-established within a reasonable amount of time determined by the PIC, then lost link procedures shall be executed.

Loss of UAS Power (Engine Failure)/UAS Crash:

- In case of an engine failure, the UAS will not be able to maintain flight UAS team members will immediately attempt to locate the UAS, assess the scene for injuries, and render first aid if necessary.

606.6 SAFETY

Ground Safety: The PIC, assisted by the VO, is responsible for ensuring ground operations are conducted safely.

The PIC and VO will maintain constant awareness of dangers to ground personnel from moving propeller or rotor blades.

Weatherford Police Department

Policy Manual

Unmanned Aerial System

The PIC will not under any circumstances leave any unauthorized person in charge of the UAS controls while the motor is running. If it is necessary for the PIC to leave the UAS, the motor will be shut down, and the controls deactivated.

Only mission-essential personnel will be in proximity to UAS launch and recovery activities.

When operating overpopulated areas, the pilot will ensure that a defined flight perimeter is established to limit the potential of persons being present beneath the UAS flight path.

Accident Response: Following an accident, the primary concern will be the prevention of injury to persons on the ground and to other users of the NAS. Secondary concerns include the protection of property. Following a UAS accident involving personal injury and/or significant property damage, the aircrew will perform the following actions:

- Immediately notify the on-duty supervisor.
- Request first aid to the injured.
- Notify the Department UAS Coordinator, who will notify the UAS Lieutenant, or her/his designee, and the chain of command.
- Notify the FAA and NTSB, if applicable.
- Survey the damage to the aircraft and other property. Document the situation and take photographs of the accident and surrounding environment in order to complete the City Accident/Injury Report Form.
- Prior to the arrival of the FAA or the National Transportation Safety Board (NTSB), ensure the aircraft and its contents are moved only to the extent necessary to remove injured persons, protect the public from injury, or protect the wreckage from further damage.
- Submit a detailed report to the Department UAS Coordinator.

Hazards Reporting: All aircrew members must monitor and report any safety hazard, whether procedural, operational, or maintenance related, to the Department UAS Coordinator.

The UAS Coordinator will take appropriate action within the Department, if applicable.

If the hazard applies citywide, the UAS Coordinator will forward the finding to the UAS Lieutenant for presentation and consideration by the UAS Advisory Group.

Aircrew Condition: Each aircrew member is responsible for ensuring she/he is rested and emotionally prepared for each flight.

A self-assessment of physical condition will be made by all aircrew members as part of the preflight activity. Physical illness, exhaustion, or emotional concerns can seriously impair judgment, memory, and alertness. Aircrew members will ground themselves when these problems could affect their ability to perform flight duties.

No UAS aircrew member may participate in-flight activities after consumption of any alcoholic beverage within the previous eight (8) hours. Even if the member is beyond the eight (8) hour time

Unmanned Aerial System

frame, a UAS aircrew member shall not have any detectable amount of alcohol in his/her system when participating in UAS operations.

606.7 DATA AND INFORMATION

Collection of Data: A UAS may collect only the data and information necessary to achieve the authorized purpose of the mission. UAS data may not be used for personal purposes. Members are prohibited from using a UAS to collect information on individuals or private property except for purposes specifically defined in an authorized mission.

Data Sharing: Where multiple departments can benefit from a single UAS mission, data collected on that mission may be shared among multiple departments. Each Department will ensure that only data required for that Department's purpose is retained by the Department.

Compliance Audits: The UAS Coordinator or her/his designee may perform audits to gauge compliance with Department policy.

The Department will permit the UAS Coordinator to examine records, data, and information relevant to the compliance audit.

606.8 REPORTING

Documentation of all operations associated with UAS activities are required regardless of the airspace in which the UAS operates.

The PIC is responsible for the completion of a flight log following every UAS flight, including maintenance checks and training flights. If the situation of the mission does not allow for immediate entry of the flight data, then the information can be recorded the following workday.

The UAS Coordinator will be responsible for submitting the number of flights on a monthly basis through the COA Application Processing System (CAPS).

The UAS Coordinator will also be responsible for ensuring that all images or videos captured during flight operations related to accidents or criminal activity will be uploaded to the WatchGuard server with the appropriate call for service or incident number.

Images captured by an unmanned aircraft pursuant to Tex. Gov't Code § 423.002 will be stored in compliance with Department policy. The Records Section supervisor shall ensure that the information for reports filed with the state is collected, submitted, and retained as required by Tex. Gov't Code § 423.008.

606.9 PROHIBITED USE / USE OF FORCE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Weatherford Police Department

Policy Manual

Unmanned Aerial System

- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

Operating a UAS that has a dangerous weapon attached to it is a violation of Section 363 of the 2018 FAA Reauthorization Act enacted Oct. 5, 2018. "Dangerous Weapon" means any item that is used for, or is readily capable of, causing death or serious bodily injury.

UAS shall not be utilized for any use of force unless the action is to safeguard human life or prevent imminent serious bodily injury. The UAS shall not be weaponized.

606.10 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Weatherford Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The Operations Director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The Operations Director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she should complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the Operations Director for review and classification of risk (see the Operations Planning and Deconfliction Policy). [See attachment: Search Arrest Risk Assessment](#)

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the Operations Director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the Operations Director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Information Policy).

607.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the

Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified by the Code of Criminal Procedure.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment

Weatherford Police Department

Policy Manual

Warrant Service

- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Weatherford Police Department are utilized appropriately. Any concerns regarding the requested use of Weatherford Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If officers intend to serve a warrant outside Weatherford Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Weatherford Police Department when assisting outside agencies or serving a warrant outside Weatherford Police Department jurisdiction.

607.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.12 TRAINING

The Training Sergeant should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

607.13 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the Weatherford Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR

The Chief of Police will designate members of this department to be an Operations Director for warrant service.

The Operations Director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The Operations Director will review risk assessment forms with involved supervisors to determine whether an incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form. [See attachment: Search Arrest Risk Assessment](#)

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present at the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Weatherford Police Department

Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the Operations Director.

The supervisor and Operations Director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS

If the Operations Director, after consultation with the involved supervisor, determines that the operation is high risk, the Operations Director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - 1. Weatherford/Parker County Special Operations Group (SWAT)
 - 2. Additional personnel
 - 3. Outside agency assistance
 - 4. Special equipment
 - 5. Medical personnel
 - 6. Persons trained in negotiation

Operations Planning and Deconfliction

7. Additional surveillance
 8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
 - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
 - (d) Coordinate the actual operation.

608.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN

The Operations Director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present,

Operations Planning and Deconfliction

information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan.
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and

Operations Planning and Deconfliction

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Any items to be seized should be identified at the briefing.
- (c) The Operations Director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the Operations Director for officers who are conducting surveillance or working undercover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the Operations Director to ensure that Communications is notified of the time and location of the operation, and to provide a copy of the operations plan prior to officers arriving at the location.
 - 2. If the radio channel needs to be monitored by Communications, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operations plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 SWAT PARTICIPATION

If the Operations Director determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

608.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

608.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

608.11 TRAINING

The Training Sergeant should ensure officers and SWAT team members who participate in operations subject to this policy receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Forensic Genetic Genealogy

610.1 PURPOSE AND SCOPE

This policy provides guidance for the use of forensic genetic genealogy (FGG) to generate investigative leads.

610.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphism (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for FGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Forensic genetic genealogy (FGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-FGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in FGG.

610.2 POLICY

The Weatherford Police Department's use of FGG will be in coordination with prosecutors, the Medical Examiner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to

Forensic Genetic Genealogy

maintain the integrity of the FGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

610.3 CRITERIA FOR FGG USE

Before using FGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements:

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) is available for additional testing and is reasonably believed to be attributable to:
 - 1. The perpetrator of an unsolved violent felony.
 - 2. The unidentified human remains of a suspected homicide victim.
- (b) All reasonable conventional investigative methods have been utilized and all reasonable investigative leads have been pursued (e.g., relevant case information entered in the National Missing and Unidentified Persons System (NamUs) and the Violent Criminal Apprehension Program (ViCAP) national database).
- (c) An STR DNA profile has been developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

610.4 COORDINATION

Once a preliminary determination has been made that a case may qualify for the use of FGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues and determine if a search warrant is required.

In the case of unidentified human remains, the lead investigator should also consult with the Medical Examiner.

610.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Department in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) shall notify the genetic genealogy site that the request for comparison is from a law enforcement agency and confirm that the site's terms of service permit FGG for the type of case being investigated (Tex. Bus. and Comm. Code § 503A.007). The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation.

Forensic Genetic Genealogy

If at any time during the FGG process the case no longer meets the criteria for FGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Department.

610.6 ANALYSIS OF FGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the FGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

610.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for FGG, consent from the third party should be obtained prior to collection.

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different.

The use of a third-party DNA sample shall be limited to the original underlying investigation.

610.8 POST-IDENTIFICATION

Members shall not rely solely on FGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the FGG data to support an arrest, a potential suspect identified through FGG should not be arrested until the suspect's identity is confirmed.

Members shall not rely solely on FGG to identify human remains unless there is sufficient evidence independent of the FGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown STR DNA profile through conventional methods (e.g., in CODIS).

Forensic Genetic Genealogy

The lead investigator should consult with the prosecutor to determine the appropriate method of obtaining a known DNA sample.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Medical Examiner for an amendment to a certificate of death.

610.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the FGG process. The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator should formally request that the SNP DNA profile be removed from all genetic genealogy sites upon identity confirmation and should retain a copy of the request for department records. The lead investigator should request that all case-related records and data provided to, or generated by, a genetic genealogist during the FGG process be returned to the Department.

610.10 RETENTION OF DNA SAMPLES AND RELATED RECORDS

Genetic information, including any derivative profiles and genetic genealogy site user information, should be retained in accordance with the established records retention schedule. The lead investigator should coordinate with the property and evidence technician and provide adequate notice to the appropriate prosecutor's office before destroying any profiles or data obtained from the FGG process.

See the Property and Evidence Section Policy for guidelines regarding biological evidence, including DNA samples.

Chapter 7 - Equipment

Department-Owned and Personal Property

700.1 PURPOSE AND SCOPE

This policy addresses the care of department-owned property and the role of the Department when personal property, the property of another person or entity or department-owned property is damaged or lost.

700.2 POLICY

The Weatherford Police Department will ensure that members are issued appropriate property and equipment necessary for the member's job function. The department will take steps to minimize the cost associated with maintaining department property, including personal property authorized for use in the member's duties.

700.3 DEPARTMENT-ISSUED PROPERTY

The Police Finance Specialist should document all property and equipment issued to members by the Department in the appropriate file at the time of issuance. Receipt of issued items shall be acknowledged by the receiving member's signature. Upon separation from the Department, all issued property and equipment shall be returned. Documentation of the return shall be acknowledged by the signature of a supervisor.

A capital asset is defined as all agency owned capital property, equipment and other assets of a value of \$5,000.00 or more that has a useful life of two years or more. Capital Assets will be inventoried on an annual basis by the Purchasing Coordinator for the city. [Weatherford Police Department Procedure Manual: 702.1 Accounting for Agency Owned Capital Assets](#) The results of the inventory will be forwarded to the agency director for review.

700.3.1 MEMBER RESPONSIBILITIES

Members shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them.

- (a) Members shall promptly report, through their chain of command, any loss, damage to, or unserviceable condition of any department-issued property or equipment.
- (b) The use of damaged or unserviceable property should be discontinued as soon as practicable, and the item replaced with a comparable item as soon as available.
- (c) Except when otherwise directed by a supervisor or when exigent circumstances exist, department-issued property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
- (d) Department-issued property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without prior approval.
- (e) Members should obtain a supervisor's approval before any attempt to repair damaged or unserviceable property, unless the repair is of a minor or temporary nature.

Department-Owned and Personal Property

700.3.2 SPECIAL USE EQUIPMENT

Equipment Readiness Inspections will be conducted on all department special use equipment on a quarterly basis.

B. Each division will create an inspection checklist of equipment possessed by the unit for special or periodic use. (Typically, this may be equipment that is not assigned to specific individual members of the department)

C. Inspection checklists should indicate the unit, date inspected, condition of each item, and the person who inspected the equipment. Any maintenance needs will be identified.

D. Copies of completed checklists shall be forwarded to the Chief of Police for review each quarter.

700.4 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or appropriate Lieutenant. The member should submit a request that includes a description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Department will not replace or repair items (e.g., jewelry, expensive watches) that are not reasonably required as part of work.

700.4.1 FILING CLAIMS FOR PERSONAL PROPERTY

A member requesting reimbursement for damage to, or loss of, personal property must submit the request in writing to the member's immediate supervisor. The supervisor may require a separate written report.

Upon review by command staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the City department responsible for issuing payments.

700.5 SUPERVISOR RESPONSIBILITIES

The supervisor receiving a report that property, including personal property authorized for use, has been damaged should conduct an investigation and direct a memo to the appropriate Lieutenant. The memo should include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition.

Cases where the supervisor has reason to believe that misconduct or negligence was involved in the loss, damage or unserviceable condition of property should be handled in accordance with the Standards of Conduct and Personnel Complaints policies.

700.6.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

Personnel from another agency may intentionally or unintentionally cause damage to the real or personal property of the City of Weatherford or of another person while performing their duties within the jurisdiction of this department. The department member present or the member responsible for the property is responsible to report the damage as follows:

- (a) A verbal report shall be made to the member's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets, and similar wireless two-way communications and/or portable internet access devices. PCD use includes but is not limited to placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games, and accessing sites or services on the internet.

701.2 POLICY

The Weatherford Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

Weatherford Police Department

Policy Manual

Personal Communication Devices

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will be either secured in the workplace at the completion of the tour of duty or turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.
 - 1. Use of a personally owned PCD
 - 2. for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 3. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 4. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

Weatherford Police Department

Policy Manual

Personal Communication Devices

- (g) All work-related documents, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Weatherford Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, memorandum of understanding, or if the member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD worn visible while in uniform, shall be conservative and present a professional image. This includes an approved carrier.
- (b) All PCDs in the workplace should be set to silent or vibrate mode.
- (c) A PCD is generally used for departmental purposes. However, limited personal use is acceptable. Members should endeavor to limit their use of PCDs to authorized break times.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.

Personal Communication Devices

2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions, and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. Hands-free use should be restricted to business-related calls or calls of an urgent nature (Tex. Transp. Code § 545.4251).

Vehicle Maintenance

702.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that department vehicles are appropriately maintained.

702.2 POLICY

The Weatherford Police Department will service department vehicles to ensure they remain operational and maintain their appearance, as resources allow.

702.3 GENERAL DUTIES

Members are responsible for assisting in maintaining department vehicles so that they are properly equipped, properly maintained and properly refueled and present a clean appearance.

702.4 DEFECTIVE VEHICLES

Documents describing the correction of the safety issue shall be promptly filed with the vehicle history.

702.4.1 DAMAGE OR POOR PERFORMANCE

Vehicles that may have been damaged or perform poorly shall be removed from service for inspections and repairs as soon as practicable.

702.4.2 SEVERE USE

Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.

702.4.3 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured in the department armory prior to the vehicle being released for maintenance, service or repair. For minor work, such as an oil change or tire repair, and the officer remains in sight of the vehicle, secured firearms, weapons, control devices, computers and items designated by the Chief of Police do not need to be removed. Any unsecured firearms, weapons, control devices, computers and items designated by the Chief of Police need to remain with the officer.

702.7 WASHING OF VEHICLES

Vehicles shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to maintain the professional appearance of the Department.

Members using a vehicle shall remove any trash or debris at the end of their shifts. Confidential material should be placed in a designated receptacle that has been provided for shredding this material.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Weatherford to provide assigned take-home vehicles.

Additional guidelines for member responsibilities when transporting persons in custody may be found in the Transporting Persons in Custody Policy.

703.2 POLICY

The Weatherford Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

703.3.1 SHIFT ASSIGNED VEHICLES

The Shift Supervisor shall ensure a copy of the shift assignment, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number should be documented.

703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Supervisor.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

Employees conducting official work-related functions should not use their personal vehicle unless authorization has been obtained from their supervisor.

703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents, or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after

Weatherford Police Department

Policy Manual

Vehicle Use

the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MOBILE DATA COMPUTER

Members assigned to vehicles equipped with a Mobile Data Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify Communications. Use of the MDC is governed by the Mobile Data Computer Use Policy.

703.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Lieutenant approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

703.3.7 KEYS

Members approved to operate marked patrol vehicles as take home cars should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle for a shift should check out the keys at the beginning of the shift and return them at the end of the shift. No ignition keys should be left in a vehicle overnight if not in use.

Weatherford Police Department

703.3.9 ALCOHOL

Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

703.3.10 PARKING

Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all traffic and parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

703.3.12 NON-SWORN MEMBER USE

Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

703.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES

Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

Policy Manual

Vehicle Use

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

703.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

703.4.2 UNSCHEDULED TAKE-HOME USE

Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:

- (e) The vehicle will be locked when not attended.
- (f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured when the vehicle is not attended, unless the vehicle is parked in a locked garage.
- (g) Unmarked vehicles may have firearms, weapons and control devices secured in the trunk or lock boxes. If secured in the trunk, the automatic trunk release must be disabled.

703.4.3 ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member's residence; the nature of the member's duties, job description and essential functions; and the member's employment or appointment status. Residence in the City of Weatherford is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Weatherford may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member's tax adviser.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Lieutenant gives authorization.

Weatherford Police Department

Policy Manual

Vehicle Use

- (b) Vehicles may be used to transport the member to and from the member's residence for work-related purposes.
- (c) Vehicles will not be used when off-duty except:
 - 1. In circumstances when a member has been placed on call by the Chief of Police or Lieutenants and there is a high probability that the member will be called back to duty.
 - 2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or traveling to or from a work-related activity or function.
 - 3. When the member has received permission from the Chief of Police or Lieutenants.
 - 4. When the vehicle is being used by the Chief of Police, Lieutenants or members who are in on-call administrative positions.

- (d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.
- (e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.
- (f) Unattended vehicles are to be locked and secured at all times.

 - 2. All weapons should be secured while the vehicle is unattended.
 - 3. All department identification, portable radios and equipment should be secured.
- (g) Vehicles are to be parked off-street at the member's residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be properly secured (see the Firearms Policy regarding safe storage of firearms at home).
- (h) Vehicles are to be secured at the member's residence or the appropriate department facility, at the discretion of the Department, when a member will be away (e.g., on vacation) for periods exceeding one week.
 - 1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.
 - 2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.
- (i) The member is responsible for the care and maintenance of the vehicle.

Vehicle Use

703.4.4 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Weatherford Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed and appropriately attired and shall carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

703.4.5 MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Members shall make inspections of their assigned vehicles for service/maintenance requirements. Any damage shall be designated in the Vehicle Damage log.
- (b) It is the member's responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
- (c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
- (d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.
- (e) All weapons shall be removed from any vehicle left for maintenance.
- (f) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

703.5 UNMARKED AND SPECIAL USE VEHICLES

Unmarked vehicles and special use vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle that has not been assigned to them shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also be recorded with the Shift Supervisor.

Special use vehicles should only be used after appropriate training. The training manager or authorized designee shall be responsible for scheduling the training.

Vehicle Use

703.5.1 OFF HIGHWAY VEHICLES

Off highway vehicles (OHVs) are special use vehicles that allow greater mobility and flexibility in department operations. Areas to be patrolled by an OHV include, but are not limited to, special events, bike trails, public parks, and any area that cannot be easily accessed by a normal patrol type vehicle. The patrol OHV may be used by any authorized personnel as approved by a supervisor, Assistant Chief or Chief of Police.

For procedures in the operation and transportation of the OHV, refer to the Weatherford Police Department Procedure Manual: [700.1 OHV PROCEDURES](#)

703.5.2 PATROL BOAT

The police/fire boat is a special use vessel used for waterway enforcement and safety operations.

For procedures in the operation of the police/fire boat, refer to the Weatherford Police Department Procedure Manual: [700.2 PATROL BOAT PROCEDURES](#)

703.6 DAMAGE, ABUSE, AND MISUSE

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collisions Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered and documented in memorandum format, which shall be forwarded to the Shift Supervisor. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

703.7 TOLL ROAD USAGE

Law enforcement vehicles are exempt from incurring toll road charges (Tex. Transp. Code § 228.054; Tex. Transp. Code § 366.178; Tex. Transp. Code § 370.177). The designated person should contact the proper toll road authority to confirm whether additional information, such as license plate numbers, is required by the toll road authority to facilitate the use of this exemption.

703.8 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever a member is in public view or has contact with the public, his/her attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.

Cash Handling, Security and Management

704.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence Section and Informants policies.

704.2 POLICY

It is the policy of the Weatherford Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

704.3 PETTY CASH FUNDS

The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing petty cash funds.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

704.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report: [701.1 Petty Cash Transactions](#)

704.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year, by the Chief of Police or the City.

Cash Handling, Security and Management

704.6 ROUTINE CASH HANDLING

Members who handle cash as part of their regular duties (e.g., property and evidence technicians, the Street Crimes Unit supervisor, those who accept payment for department services) will discharge those duties in accordance with the procedures established for those tasks (see the Property and Evidence Section and Informants policies).

704.6.1 FINANCIAL TRANSACTIONS FOR REPORT AND PERMITS

Sworn officers, communications personnel and records personnel are authorized to accept and disperse cash as required for the payment of open records requests, reports, fingerprint cards and permits.

Reports will be released according to the Texas Public Information Act and Open Records Act and must be submitted in writing.

Records clerks, sworn officers and communications personnel may accept money for the reports, fingerprinting or permits after the required paperwork has been completed.

The authorized employee will complete a receipt for the report, service or permit.

Upon completion of the transaction, Records personnel will place the cash in a secured cash drawer located in the Records Office.

If communications personnel or a sworn officer takes in cash after the standard 8am to 5pm working hours, they shall write an appropriate receipt for the money collected, noting the reason for the cash.

1. The personnel taking in the cash will then place the sealed envelope in the records office along with a copy of the receipt for the transaction.

At the end of every work day, records personnel will conduct a reconciliation of the cash box and complete a deposit report for any amount over the \$100 daily balance. The following working day, the cash amount over the \$100 daily balance will be sent for deposit to the finance department.

704.7 OTHER CASH HANDLING

Members who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Section Policy.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

Personal Protective Equipment

705.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

705.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

705.2 POLICY

The Weatherford Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

705.3 OFFICER RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

705.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection should meet or exceed industry standards for use at firing ranges (29 CFR 1910.95).

705.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the

Personal Protective Equipment

prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

The Rangemaster should ensure eye protection meets or exceeds consensus standards set by the American National Standards Institute (29 CFR 1910.133).

705.6 RESPIRATORY PROTECTION

The Administrative Lieutenant is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan should include procedures for (29 CFR 1910.134):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
- (g) Regularly reviewing the PPE plan.
- (h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

705.6.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander should reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

Weatherford Police Department

Policy Manual

Personal Protective Equipment

- (c) The member needs to replace the respirator, filter, cartridge or canister.

705.6.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (29 CFR 1910.134):

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

705.6.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.
- (d) The expiration date on the cartridges or canisters has been reached.

705.6.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair

an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

705.6.5 RESPIRATOR FIT TESTING

No member should be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (29 CFR 1910.134).

After initial testing, fit testing for respiratory PPE should be repeated (29 CFR 1910.134):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

705.6.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE

No member shall be issued respiratory protection that forms a complete seal around the face until (29 CFR 1910.134):

- (a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
- (b) A physician or other licensed health care professional has reviewed the questionnaire.
- (c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

705.7 RECORDS

The Training Sergeant, or designee is responsible for maintaining records of all:

- (a) PPE training.
- (b) Initial fit testing for respiratory protection equipment.
- (c) Annual fit testing.
- (d) Respirator medical evaluation questionnaires and any subsequent physical examination results.

1. These records shall be maintained in a separate confidential medical file.

The records should be maintained in accordance with the department records retention schedule and 29 CFR 1910.1020.

Personal Protective Equipment

705.8 TRAINING

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members should be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (29 CFR 1910.132).

Members issued respiratory PPE should attend annual training on the proper use of respiratory protection devices (29 CFR 1910.134).

The Agency has access to a backup power source, in the form of a generator, in order to maintain operation of radios and telephones during a power failure.

801.3 COMMUNICATIONS SECURITY

The communications function is vital and central to all emergency service operations. The safety and security of Communications, its members and its equipment must be a high priority. Special security procedures should be established in a separate operations manual for Communications.

Access to Communications shall be limited to Communications members, the Shift Supervisor, command staff and department members with a specific business-related purpose.

Communications

801.5 CALL HANDLING

This department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the telecommunicator will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the telecommunicator determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the telecommunicator determines that the caller is a limited English proficiency (LEP) individual, the telecommunicator should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Communications, the telecommunicator should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the telecommunicator is unable to identify the caller's language, the telecommunicator will contact the contracted telephonic interpretation service and establish a three-party call connecting the telecommunicator, the LEP individual and the interpreter.

Telecommunicators should be courteous, patient and respectful when dealing with the public.

The use of the call sign allows for a brief pause so that the telecommunicator can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

801.7 DOCUMENTATION

It shall be the responsibility of Communications to document all relevant information on calls for service or self-initiated activity. For the purposes of the notice requirement, personal information includes an individual's first name or first initial and last name in combination with any one or more of the following (Tex. Local Gov't Code § 205.010; Tex. Bus. & Comm. Code § 521.002):

If the breach reasonably appears to have been made to protected information covered in the Protected Information Policy, the Records Supervisor should promptly notify the appropriate member designated to oversee the security of protected information (see the Protected Information Policy).

If the breach involves 250 or more residents of the state, notice shall be sent to the attorney general as soon as practicable and no later than 30 days after a determination is made that a breach occurred. Notice to the attorney general must be submitted electronically and include a detailed description of the breach or information acquired as a result of the breach, the number of residents affected by the breach, the number of affected residents who have been sent a disclosure, the measures taken or that are intended to be taken regarding the breach, and whether the Weatherford Police Department or another law enforcement agency is investigating the breach (Tex. Animal Control

806.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

806.2 POLICY

It is the policy of the Weatherford Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

806.3 ANIMAL CONTROL RESPONSIBILITIES

Animal control services are generally the primary responsibility of Animal Control and include the following:

- (a) Animal-related matters during periods when Animal Control is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Control is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.
- (d) The responsibilities of rabies control as outlined in Chapter 826 of the Texas Health and Safety Code.

806.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation. The following guide should be followed unless there is a threat to public safety: [Chart of Animal Calls](#)

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.

Animal Control

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

806.5 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to animal cruelty offenses under Chapter 42, Texas Penal Code.

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care of protection from acts of cruelty (Tex. Health and Safety Code § 821.022).

806.6 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

806.7 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

806.8 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the shift supervisor will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

806.9 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

Animal Control

806.10 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property may be removed, if necessary. If removed, the animal should be sealed in a plastic bag and properly disposed of by the responding member. If the animal is too large to remove, it should be placed in a safe location and animal control called to recover at a later date.

Members should not climb onto or under any privately-owned structure for the purpose of removing a deceased animal.

806.11 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

806.11.1 INJURED WILDLIFE

Members who encounter injured wildlife should contact the Texas Parks and Wildlife Department to obtain information for the nearest wildlife rehabilitator.

806.12 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Animal Euthanasia Report will be filled out and attached to the officer's report. A badly injured animal shall only be euthanized with the approval of a supervisor. [See attachment: Animal Euthanasia report.pdf](#)

806.13 TRAINING

This department's animal control officers (ACOs) shall successfully complete the required basic and continuing education animal control courses as approved by the Texas Department of State Health Services.

The basic animal control course shall be completed prior to the ACO's first anniversary. All ACOs shall complete 30 hours of continuing education courses during each three-year period thereafter (Tex. Health and Safety Code § 829.002).

Chapter 9 - Custody

Temporary Custody of Juveniles

900.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Weatherford Police Department (34 USC § 11133).

900.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 10 to 16 years of age who is alleged to have committed an offense that would subject an adult to arrest, or a 17-year-old in custody for such an offense committed before 17 years of age (a non-status offense) (Tex. Fam. Code § 51.02).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

Weatherford Police Department

Policy Manual

Temporary Custody of Juveniles

- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender (Tex. Fam. Code § 51.02). Examples may include running away and underage possession of tobacco. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This term also includes any juvenile in custody for an offense that would not subject an adult to arrest but qualifies as delinquent conduct or conduct indicating a need for supervision (CINS) under Tex. Fam. Code § 52.01.

900.2 POLICY

The Weatherford Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and to keeping juveniles safe while in temporary custody at the Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

900.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit certain behaviors or conditions should not be held at the Weatherford Police Department. These include:

- (a) Unconsciousness or having been unconscious while being taken into custody or transported.
- (b) Serious injuries or a medical condition requiring immediate medical attention.
- (c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Emergency Detentions Policy).
 - 1. If the officer taking custody of a juvenile believes that he/she may be a suicide risk, the officer shall ensure continuous direct supervision until evaluation, release or transfer to an appropriate facility is completed.
- (d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
- (e) Extremely violent or continuously violent behavior.
- (f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Officers taking custody of a juvenile exhibiting any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and should notify a supervisor of the

Weatherford Police Department

Policy Manual

Temporary Custody of Juveniles

situation. These juveniles should not be held at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

900.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Weatherford Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Department without authorization of the arresting officer's supervisor or the Shift Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy (Tex. Code of Crim. Pro. art. 45A.453).

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Department (34 USC § 11133).

Officers may issue a warning notice to a juvenile for offenses according to Department disposition guidelines (Tex. Fam. Code § 52.01). If a juvenile offender or status offender will not be released from custody, the officer shall transport the juvenile to the designated juvenile processing office for disposition according to the Department disposition guidelines.

900.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Weatherford Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

900.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

Officers who take a juvenile into temporary custody shall follow the guidelines in Tex. Fam. Code § 52.01.

900.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Weatherford Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances (Tex. Code of Crim. Pro. art. 45A.453).

Weatherford Police Department

Policy Manual

Temporary Custody of Juveniles

Generally, a juvenile offender may be taken into custody under the authority of a juvenile court order for a criminal offense or when the juvenile has committed an offense that would subject an adult to arrest (Tex. Fam. Code § 52.01).

Once a juvenile offender has been taken into custody, the officer may transport the juvenile to a juvenile processing office so that a determination can be made to do one of the following, as appropriate under the circumstances, without unnecessary delay (Tex. Fam. Code § 52.02):

- (a) Release the juvenile to a parent, guardian, custodian, or other responsible adult on that person's promise to bring the juvenile to court on request.
 - 1. In cases of Class C misdemeanors occurring on school property or any vehicle owned by the school, a citation may not be issued but officers may proceed, according to Tex. Educ. Code § 37.145 or Tex. Code of Crim. Pro. art. 45A.454, as applicable.
- (b) Transport the juvenile to one of the following:
 - 1. An office, official, or facility designated by the county juvenile board
 - 2. A secure detention facility as provided by Tex. Fam. Code § 51.12(j)
 - 3. A medical facility if the juvenile is believed to suffer from a serious physical condition or illness that requires prompt treatment
 - 4. The juvenile's school, if in session, if a designated authority at the location will assume responsibility for the juvenile for the remainder of the school day
- (c) Release the juvenile without court referral under county juvenile board guidelines (Tex. Fam. Code § 52.03).

Officers taking a juvenile into custody for an alleged offense shall ensure the case is referred to the juvenile court unless another disposition is authorized under county juvenile board guidelines, and the custody was properly documented (Tex. Fam. Code § 52.03).

900.4.4 JUVENILE OFFENDERS DRIVING UNDER THE INFLUENCE

Officers who take a juvenile into custody on reasonable grounds that the juvenile has been operating a motor vehicle in a public place while having any detectable amount of alcohol in the juvenile's system may (Tex. Fam. Code § 52.02):

- (a) Take the juvenile to a place to obtain a specimen of his/her breath or blood under the implied consent law of this state.
- (b) Have breath alcohol testing and video recording of the juvenile done in an adult processing office (Tex. Fam. Code § 52.02). If the breath testing equipment is located in the Temporary Holding Facility, adult offenders should be locked down while the juvenile is being processed. The juvenile may only remain in the Temporary Holding Facility for as long as it takes to satisfy the mandatory 15-minute observation period and to administer the test.

900.4.5 JUVENILE PROCESSING OFFICE

A juvenile processing office is restricted to facilitating (Tex. Fam. Code § 52.025):

Weatherford Police Department

Policy Manual

Temporary Custody of Juveniles

- (b) Completion of essential forms and records required by the juvenile court or the Texas Family Code.
- (c) Photographing and fingerprinting, when authorized by law.
- (d) Issuance of warnings as required or permitted by law.
- (e) Receipt of a statement by the juvenile in accordance with Tex. Fam. Code § 51.095.

While in a juvenile processing office, the juvenile is entitled to be accompanied by a parent, has the right to communicate privately with their parent, and should be kept separated depending on the status of the juvenile (i.e., non-offender, status offender, juvenile offender) (Tex. Fam. Code § 52.025; Tex. Fam. Code § 61.103).

900.4.6 NOTIFICATION TO PROBATE COURT

Officers should make a reasonable attempt to determine whether a juvenile who has been taken into custody pursuant to Tex. Fam. Code § 52.01(a)(2) or (3) is a juvenile for whom a guardian has been appointed (i.e., ward of the state) and notify the probate court with jurisdiction over the juvenile's guardianship as soon as practicable but no later than one business day after taking the juvenile into custody (Tex. Fam. Code § 52.011).

900.5 ADVISEMENTS

Officers who take a juvenile into custody shall promptly advise the juvenile's parent, guardian or custodian, as well as the office or official designated by the county juvenile board, of the reason for taking the juvenile into custody (Tex. Fam. Code § 52.02).

900.6 JUVENILE CUSTODY DOCUMENTATION

Any time a juvenile is in temporary custody at the Weatherford Police Department, the custody shall be promptly and properly documented. The following information should be included in the report:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Department.
- (c) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (d) Any changes in status (e.g., emergency situations, unusual incidents).
- (e) Any medical and other screening requested and completed.
- (f) Circumstances that justify any secure custody.
- (g) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

Temporary Custody of Juveniles

900.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Weatherford Police Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Department shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

900.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Weatherford Police Department shall ensure:

- (b) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

Temporary Custody of Juveniles

- (m) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

900.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Weatherford Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the shift supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

900.9.1 PREGNANT JUVENILES

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

 - 2. That a photograph of the juvenile will be of material assistance in the investigation of that conduct
- (c) When the juvenile is a runaway, when it is necessary to identify the juvenile

Photographs and fingerprints obtained pursuant to Tex. Fam. Code § 58.0021 must be obtained at a juvenile processing office or at any other location that affords reasonable privacy to the juvenile and must be destroyed if they do not lead to a positive comparison or identification.

900.14 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Custodial Searches

901.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants, or weapons into the Weatherford Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors, and the public.

Guidance for custody searches when transporting a person in custody may be found in the Transporting Persons in Custody Policy.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

901.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

901.3 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody upon entry to the Weatherford Police Department facilities (37 Tex. Admin. Code 265.2). Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

Weatherford Police Department

Policy Manual

Custodial Searches

901.3.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Section Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Weatherford Police Department identification number and information regarding how and when the property may be released.

901.3.2 VERIFICATION OF MONEY

All money should be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

901.4 STRIP SEARCHES

No individual in temporary custody shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention, or is concealing a weapon or contraband. Strip searches should be done at the Parker County Jail, unless exigent circumstances exist. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.
- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
 - 1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.
- (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.

Custodial Searches

- (e) Criminal history (i.e., level of experience in a custody setting).

Transporting Persons in Custody

903.1 PURPOSE AND SCOPE

This policy provides guidelines for transporting persons who are in the custody of the Weatherford Police Department.

See the Handcuffing and Restraints Policy for additional guidance.

It is the policy of the Weatherford Police Department to provide safe, secure, and humane transportation for all persons in custody.

903.3 PATROL LIEUTENANT RESPONSIBILITIES

The Patrol Lieutenant should establish related procedures for:

- Safely transporting persons who have their legs restrained.
- Seating placement of persons being transported in vehicles with and without safety barriers.

903.4 OFFICER RESPONSIBILITIES

Officers transporting a person in custody should:

- (a) Search all areas of the vehicle accessible to a person in custody before and after each transport.
- (b) Immediately search persons in custody after arrest, when receiving the person from the custody of another officer, and before transferring the person. Refer to the Custodial Searches Policy before conducting any search other than a field search.

Transporting Persons in Custody

- (g) Plan travel times and routes to avoid situations that might impede transportation (e.g., heavy traffic, unfavorable road conditions, extreme weather) when reasonably practicable.

 - 1. If no medical condition exists, alternative transportation should be arranged (e.g., a special transport van).

903.5 TRANSPORT RESTRICTIONS

When transporting multiple persons, officers:

Officers transporting a person who has a disability should consult with the person in custody and use good judgment in determining what, if any, restraining devices may be appropriate based on the person's disability to ensure the security, safety, and dignity of all persons.

903.8 TRANSPORTING ILL OR INJURED PERSONS IN CUSTODY

Except in exceptional cases where alternatives are not reasonably available, officers should not transport persons in custody who are unconscious, have serious injuries, or who may be seriously ill. EMS personnel should be called to handle such transportation.

Officers shall notify a supervisor as soon as practicable when transporting a person in custody to a hospital.

Absent exceptional circumstances, persons in labor or delivery should not be transported by officers. EMS personnel should be called to handle transportation.

903.10 EMERGENCY DETENTION TRANSPORTS

903.11 INTERRUPTION OF TRANSPORT

Absent extraordinary circumstances, officers should not interrupt a transport to provide emergency assistance without supervisory approval. Officers encountering an emergency should notify Communications and request an appropriate response.

Transporting Persons in Custody

903.12 EXTENDED TRANSPORTS

During transports for extended durations, transporting officers may be required to make necessary stops. With supervisory approval and due consideration for security risks and the in-custody person's health and well-being, these stops should be limited to fuel, meals, bathroom breaks, and other purposes reasonably necessary for the continuation of the transport.

The Shift Supervisor should notify the Chief of Police or the authorized designee upon learning of an escape.

If the escape occurs outside the jurisdiction of the Weatherford Police Department, the Shift Supervisor should notify the appropriate agency or agencies within the jurisdiction where the escape occurred.

903.15 DOCUMENTATION

If a person is injured during transportation, officers should document the injury in the appropriate report. Documentation should include the condition of the person prior to transportation and the known or suspected causes of the injury during transportation (e.g., hitting head, struggling with restraints, fighting with other persons in custody). Any visible or reported injuries should be photographed and included with the report.

Transporting Persons in Custody

903.16 NOTIFICATIONS

Officers should notify a supervisor and any receiving facility of information regarding any circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., uncooperative or violent, prolonged struggle, extreme agitation, medical conditions) that may have occurred prior to, or during, transportation.

903.17 TRAINING

The Training Sergeant should provide periodic training on this policy and procedures related to transporting persons in custody, restraint systems, and restraint devices.

During that provisional period, this department should obtain and review the completed misconduct investigation report from the previous employing agency or TCOLE and may choose to terminate the provisional employment based on those findings. This provisional period is unrelated to the probationary periods addressed above.

Performance Evaluations

1001.1 PURPOSE AND SCOPE

This policy provides guidelines for the Weatherford Police Department performance evaluation system.

1001.2 POLICY

The Weatherford Police Department shall use a Performance Management Interview (PMI) system to measure, document, and recognize work performance, enhance communication, provide feedback, and promote professional development.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 PMI PROCESS

Supervisors should meet with their employees at the beginning of the current shift rotation or the employee's assignment to their division/unit. This initial meeting, a Role Negotiation Session, discusses expectations, responsibilities, performance standards, roles, reporting relationships, culture, and values. This initial meeting would only need to be conducted one time with each employee but can be redone annually. After the initial meeting, a monthly PMI meeting should be conducted with each employee.

During the initial meeting, each employee should complete a Goal Survey and Personal Development Plan form with their supervisor. This form will be retained by each supervisor and used during future monthly PMI meetings. The Goal Survey and Personal Development Plan form should be completed by each employee annually. [See attachment: Goal Survey and Personal Development Plan WPD-Fillable.pdf](#)

A PMI Form and PMI Agenda Form should be completed for each meeting and retained by the supervisor. [See attachment: PMI Agenda.pdf](#) [See attachment: Performance Management Interview Form WPD-Fillable.pdf](#)

Employees should update their Employee Information Form and Secondary Employment form annually during a PMI meeting with their supervisor. [See attachment: Secondary Employment Form.pdf](#) [See attachment: Employee Information Form 02.2019.pdf](#)

PMI's should be completed by each employee's immediate supervisor. The evaluating supervisor should consult other supervisors directly familiar with the employee's performance during the rating period for input. Assessment of an employee's job performance is an ongoing process. Coaching and feedback during PMI's provide supervisors and employees the opportunity to address performance, promote professional development, and remedy challenges and conflicts.

Performance Evaluations

Supervisors should take notes during the PMI's for use in future sessions. Non-probationary employees demonstrating substandard performance should be notified as soon as possible during the ongoing PMI's to have an opportunity to remediate the issues.

All supervisors shall receive training on the PMI system within one year of a supervisory appointment. The PMI Program Instructional Guide From should be utilized by supervisors for assistance. [See attachment: PMI Program Instructional Guide.pdf](#)

1001.4 PERFORMANCE IMPROVEMENT PLAN

Employees with unsatisfactory job performance may be subject to a PIP. The PIP shall delineate areas that need improvement, any improvement measures, and a timetable in which to demonstrate improvement. The issuing supervisor should meet with the employee to review his/her performance and the status of the PIP at least monthly during the PMI Meeting. To request an appeal, the employee shall forward a written memorandum within three days to the evaluating supervisor's Lieutenant or the authorized designee. The memorandum shall identify the specific basis for the appeal and include any relevant information for the reviewer to consider.

A grievance is a difference of opinion or dispute regarding the meaning, interpretation, or application of any of the following:

- The collective bargaining agreement or memorandum of understanding
- This Policy Manual
- Rules and regulations governing personnel practices or working conditions
- Workplace issues that do not amount to misconduct under the Personnel Complaints Policy, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy or federal, state, or local law, as set forth in the Personnel Complaints Policy.

1003.2 POLICY

It is the policy of the Weatherford Police Department to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint or retaliation against any employee who submits or is otherwise involved in a grievance.

1003.3 PROCESS

Grievances may be brought by an individual employee or by an employee group representative. Employees may have representation during the grievance process. All steps in the process shall be documented in Guardian Tracking.

Except as otherwise required under a collective bargaining agreement or memorandum of understanding, if an employee believes that he/she has a grievance as defined above, that employee shall:

- (a) Attempt to resolve the issue through informal discussion with his/her immediate supervisor.

1003.6 GRIEVANCE AUDITS

The Professional Standards Sergeant should perform an annual audit of all grievances filed the previous calendar year to evaluate whether any change in policy, procedure or training may be appropriate to avoid future grievances. The Professional Standards Sergeant should record these

findings in a confidential memorandum to the Chief of Police without including any identifying information about any individual grievance.

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, state and local law, ordinance or collective bargaining agreement or memorandum of understanding.

1004.2 POLICY

The Weatherford Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Director of Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false or with willful or reckless disregard for the truth or falsity of the information, or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

Texas law protects employees who make a good-faith report of a violation of law by the Department or another employee to the appropriate law enforcement authority (Tex. Gov't Code § 554.002). Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1004.8 RECORDS RETENTION AND RELEASE

The City of Weatherford Human Resources Department shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 TRAINING

This policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions and Court Orders

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions and court orders restrict their ability to perform the official duties and responsibilities of the Weatherford Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction or court order disqualifies them from possessing a firearm.

1005.2 POLICY

The Weatherford Police Department requires disclosure of member arrests, convictions and certain court orders to maintain the high standards, ethics and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

1005.3 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and Texas law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Tex. Penal Code § 46.04).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.4 REPORTING

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Supervisor or the Chief of Police) in writing of any past or current criminal detention, arrest, charge or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Supervisor or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable Texas Commission on Law Enforcement (TCOLE) license.

Any member whose criminal arrest, conviction or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined.

Weatherford Police Department

Policy Manual

Reporting of Arrests, Convictions and Court Orders

This includes, but is not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any employee failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1005.4.1 DEPARTMENT NOTIFICATION REQUIREMENTS

The Chief of Police or designee must notify TCOLE within 30 days in the following circumstances (37 Tex. Admin. Code § 211.28; 37 Tex. Admin. Code § 211.29):

- (a) When a person who holds a license issued by TCOLE is arrested for or charged with a reportable offense by this department.
- (b) When any person who is under appointment with this department is arrested for, charged with or convicted of a reportable offense.

1005.4.2 MEMBER NOTIFICATION REQUIREMENTS

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1006.2 POLICY

It is the policy of the Weatherford Police Department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

1006.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow on-duty member is impaired due to drug or alcohol use.

Weatherford Police Department

Policy Manual

Drug- and Alcohol-Free Workplace

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1006.7 SCREENING TESTS

Testing for employees under the influence.

- (a) Supervisors shall immediately contact the Chief of Police or an Assistant Chief of Police if an employee is reasonably suspected of being under the influence of drugs or alcohol.
- (b) If the supervisor has reasonable suspicion the employee is under the influence of drugs or alcohol, the employee will be immediately relieved of their duty assignment until a further investigation is complete.
- (c) If any supervisor has reasonable suspicion that an employee is using and/or under the influence of drugs or alcohol, they can request a drug and/or alcohol screening test.
- (d) If the employee is reasonably suspected of being under the influence of alcohol, a supervisor may utilize a department issued portable breath test machine to gauge the intoxication level of the employee or test for a detectable amount of alcohol in their system.
- (e) If the employee is suspected of being under the influence of drugs, the supervisor should, if possible, follow the guidelines set forth in the City of Weatherford Personnel Policy regarding drug testing:
 - 1. All testing must be authorized in advance by the employee's Department Director and the Director of Human Resources. If the Department Director is unavailable within a reasonable period of time, the Director of Human Resources may, in his/her sole discretion, authorize the testing of an employee. If the Director of Human

Resources is unavailable within a reasonable period of time, the Department Director may, in his/her sole discretion, authorize the testing of an employee. For reasonable suspicion testing, testing may not be authorized without the supervisor's documentation of the articulable observations which lead him or her to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Testing should be arranged as soon as possible after the supervisor's articulable observations.

2. If an employee's conduct resulted in a work place accident, injury, or reasonable suspicion otherwise exists to believe that the employee has violated the City's Drug and Alcohol Use Policy, the employee will be provided with transportation to the testing facility. A supervisor or other designated City representative may be required to stay with the employee during the testing process. The City may, at its discretion, reassign the employee or put him or her on administrative leave until the test results are received. The City will make arrangements to have the employee transported home after testing.
3. If possible, all substance abuse testing will be performed by a SAMHSA-approved laboratory or healthcare provider chosen by the City. All positive test results will be subject to confirmation testing.
4. If the event takes place after normal business hours, the employee may be taken to any available medical facility to have his/her blood drawn or the supervisor may utilize the department's portable breath test machine. Personnel performing such blood draws should be licensed professionals with the proper authority to draw blood samples. The supervisor shall document the identity and contact information for the healthcare professional drawing the blood.
5. Blood taken from an employee for analysis purposes will be taken to a credible laboratory for analysis as soon as practical.
6. Test results will be maintained in a confidential file separate and apart from the employee's personnel file. Any medical-related information will be confidential and only accessible by designated Human Resources Department representatives; supervisors and managers on a need to know basis, including those who have a need to know about necessary restrictions on the work or duties of an employee and any necessary accommodation; first aid and safety personnel when appropriate; government officials; insurance companies as may be necessary to provide health or life insurance to employees; by court order or as otherwise legally mandated; and as necessary to protect the interests of the City.
7. Should an employee refuse any type of drug or alcohol screening at the request of a supervisor, he or she will be immediately relieved of their duty and sent home. Any employee who refuses testing could face serious disciplinary action up to and including termination.
8. The supervisor shall complete a full detailed report regarding the circumstances, witnesses and findings of the drug and alcohol screening and forward the investigation in a confidential manner directly to the Chief of Police.

- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) or for a line-of-duty related illness or injury (Tex. Local Gov't Code § 177A.001 et seq.).

1007.1.1 DEFINITIONS

Sick leave - An absence due to an employee being personally ill or suffering from an injury received away from work and resulting in the employee being unable to perform his/her regular job duties or an illness in the employee's immediate family that requires the employee to be absent from work. Absences due to work related injuries are covered under the City of Weatherford Worker Compensation Policy.

1007.2 POLICY

It is the policy of the Weatherford Police Department to provide eligible employees with a sick-leave benefit to protect against an employee's loss of income due to illness or injury. Upon completion of the initiation period, all full-time regular employees are eligible for sick leave benefits as defined by the Personnel Policy for the City of Weatherford (106.04).

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences.

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick-leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment and Outside Overtime Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

Sick Leave

Supervisors shall complete a sick leave entry into Guardian Tracking for the employee. This entry will notify the chain of command of that employee's sick leave. The entry must be completed as soon as practicable.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, the mouth, a mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Weatherford Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY

Weatherford Police Department

Policy Manual

Communicable Diseases

1008.4.1 GENERAL PRECAUTIONS

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing, portable radio) as soon as possible if the equipment is a potential source of exposure.
 - 1. Clothing that has been contaminated by blood or other potentially infectious materials should be removed immediately or as soon as feasible and stored/decontaminated appropriately.

- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost. Members should be offered, at no cost, other appropriate immunization for any diseases to which the member may be exposed (Tex. Gov't Code § 607.004).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

Weatherford Police Department

Policy Manual

Communicable Diseases

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practical. [See attachment: BBP Exposure Protocol 1-2021.pdf](#)

1008.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

- (a) Name of the member exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease, Work-Related Injury and Death Reporting, and Illness and Injury Prevention policies).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

Weatherford Police Department

Policy Manual

Communicable Diseases

1008.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Requesting a health authority to order testing and seeking a subsequent court order when necessary (Tex. Health & Safety Code § 81.050; Tex. Health & Safety Code § 81.151; 25 Tex. Admin. Code § 97.12).
- (c) Receipt of a notice from a hospital indicating testing is warranted (Tex. Health & Safety Code § 81.048; Tex. Gov't Code § 607.102; 25 Tex. Admin. Code § 97.11).
- (d) Court order after an exposure from an arrestee (Tex. Code of Crim. Pro. art 18.22).
- (e) Receipt of medical or epidemiological information released to the department's Infection Control Officer by a health care facility (Tex. Health & Safety Code § 81.046).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

Guidance for transporting persons in custody may be found in the Transporting Persons in Custody and Handcuffing and Restraints policies.

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and regulations set forth in 49 CFR 571.213 (Tex. Transp. Code § 545.412).

1011.2 POLICY

It is the policy of the Weatherford Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (Tex. Transp. Code § 545.413).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1011.4 TRANSPORTING CHILDREN

All children younger than 8 years of age shall be transported following the guidelines in the Tex. Transp. Code § 545.412.

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side air bag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

Seat Belts

1011.5 INOPERABLE SEAT BELTS

Department vehicles should not be operated when the seat belt in the driver's position is inoperable. Persons should not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.6 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1011.7 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide officers with guidelines for the proper use of body armor.

1012.2 POLICY

Units which utilize additional types of body armor (e.g., tactical armor, ceramic plates, shields/bunkers) will develop standard operating procedures governing the use of such armor. The requirements of these specialized procedures will be in compliance with all of the requirements of this policy.

 1. Body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer.
 2. Failure to follow manufacturer's care instructions may damage the ballistic performance capabilities of the body armor. If care instructions for the body armor cannot be located, the manufacturer should be contacted to request the instructions.
- (d) Body armor should be replaced in accordance with the manufacturer's recommended replacement schedule, or when its effectiveness or functionality has been compromised.

Fitness for Duty

1016.1 PURPOSE AND SCOPE

Monitoring members' medical and psychological fitness for duty is essential for the safety and welfare of the members of the Department and the community. The purpose of this policy is to ensure that all members of this department remain medically and psychologically fit for duty and able to perform their job functions.

1016.1.1 DEFINITIONS

Definitions related to this policy include:

Fitness-for-duty evaluation - A formal, specialized examination to determine if a member is able to safely and/or effectively perform essential job functions. The need for such evaluation should be based on objective evidence that the member may be unable to effectively perform a defined job function and a reasonable basis that the cause may be attributable to a medical and/or psychological condition or impairment (37 Tex. Admin. Code § 211.1).

TCOLE - Texas Commission on Law Enforcement

1016.2 POLICY

The Weatherford Police Department strives to provide a safe and productive work environment and ensure that all members of this department can safely and effectively perform the essential functions of their jobs. Under limited circumstances, the Department may require a professional evaluation of a member's physical and/or mental capabilities to determine their ability to perform essential functions.

1016.3 MEMBER RESPONSIBILITIES

It is the responsibility of each member of this department to maintain physical stamina and psychological stability sufficient to safely and effectively perform the essential duties of their position.

During working hours, all members are required to be alert, attentive, and capable of performing their assigned responsibilities.

Any member who feels unable to perform their duties shall promptly notify a supervisor. In the event that a member believes that another department member is unable to perform their duties, such observations and/or belief shall be promptly reported to a supervisor.

1016.4 SUPERVISOR RESPONSIBILITIES

All supervisors should be alert to any indication that a member may be unable to safely perform their duties due to an underlying physical or psychological impairment or condition.

Such indications may include:

- (a) An abrupt and negative change in the member's normal behavior.

Fitness for Duty

- (b) A pattern of irrational conduct, hostility, or oppositional behavior.
- (c) Personal expressions of instability.
- (d) Inappropriate use of alcohol or other substances, including prescribed medication.
- (e) A pattern of questionable judgment, impulsive behavior, or the inability to manage emotions.
- (f) Any other factor or combination of factors causing a supervisor to believe the member may be suffering from an impairment or condition requiring intervention.

Supervisors shall maintain the confidentiality of any information consistent with this policy.

1016.4.1 REPORTING

A supervisor observing a member, or receiving a report of a member, who is perceived to be unable to safely or effectively perform their duties shall promptly document all objective information and/or observations.

The supervisor should attempt to meet with the member to inquire about the conduct or behavior giving rise to the concerns.

If a meeting does not resolve the supervisor's concerns or does not take place, the supervisor shall promptly document their observations and actions in a written report and inform the Shift Supervisor or the member's Lieutenant.

1016.4.2 DUTY STATUS

In conjunction with the Shift Supervisor or the member's Lieutenant, the supervisor should make a preliminary determination regarding the member's duty status.

If a determination is made that the member can safely and effectively perform the essential functions of their job, the member should be returned to duty and arrangements made for appropriate follow-up.

If a preliminary determination is made that there is just cause to believe the member's conduct or behavior represents an inability to safely and effectively perform the essential functions of their job, the Shift Supervisor or the member's Lieutenant should immediately relieve the member of duty pending further evaluation.

Members relieved of duty shall comply with the administrative leave provisions of the Personnel Complaints Policy.

The Chief of Police shall be promptly notified in the event that any member is relieved of duty.

1016.5 FITNESS-FOR-DUTY EVALUATIONS

A fitness-for-duty evaluation may be ordered whenever circumstances reasonably indicate that a member is unfit for duty.

Weatherford Police Department

Policy Manual

Fitness for Duty

1016.5.1 THRESHOLD CONSIDERATIONS

Referring a member for a fitness-for-duty evaluation is indicated whenever there is an objective and reasonable basis for believing that the member, as a result of a medical or psychological condition or impairment (37 Tex. Admin. Code § 211.29):

- (a) May be unable to perform one or more essential job functions.
- (b) Poses a direct threat to themselves or others.

An objective basis is one that is not merely speculative but derives from direct observation or other reliable evidence.

When deciding whether to order a fitness-for-duty evaluation, the Chief of Police should consider the potential usefulness and appropriateness of the evaluation given the specific circumstances and whether other remedies (e.g., education, training) are appropriate.

1016.5.2 PROCESS FOR NON-SWORN MEMBERS

The Chief of Police, in cooperation with the Department of Human Resources, may order the non-sworn member to undergo a fitness-for-duty evaluation whenever a question arises as to whether the member is medically or psychologically fit to continue in their duties. The evaluation shall be conducted by the member's personal physician, psychiatrist, or psychologist, as required by department policy.

To facilitate the evaluation of any member, the Department will provide all appropriate documents and available information to the person or entity responsible for conducting the examination.

The examining practitioner will provide the Department with a report indicating whether the member is fit for duty. If the member is not fit for duty, the report should include the existing restrictions or conditions.

A second evaluation may be ordered if the member or Chief of Police questions the practitioner's report. The evaluation will be conducted by a physician, psychiatrist, or psychologist appointed by the Chief of Police. If the report of the appointed practitioner disagrees with the report of the initial practitioner, the final determination as to the member's fitness shall be decided in accordance with applicable laws, provisions of collective bargaining, meet and confer, other agreements, or policies.

All reports and evaluations submitted by the examining practitioner shall be part of the member's confidential medical file.

Any member ordered to undergo a fitness-for-duty evaluation shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the member to discipline, up to and including termination.

Determinations regarding duty status of members who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the Department of Human Resources.

Fitness for Duty

1016.5.3 PROCESS FOR PEACE OFFICERS

The Chief of Police, in cooperation with the Department of Human Resources, may order an officer to undergo a fitness-for-duty evaluation whenever a question arises as to whether the officer is physically or mentally fit to continue in their duties. The evaluation shall be conducted by the officer's personal physician, psychiatrist, or psychologist, as appropriate and in accordance with applicable laws, provisions of collective bargaining, meet and confer, other agreements, or policies (Tex. Local Gov't Code § 143.081; Tex. Local Gov't Code § 143.1115).

The Chief of Police shall provide written notice of the evaluation to the officer not later than the tenth business day before the deadline to submit to the evaluation. Written notice shall include the reasons for the evaluation.

To facilitate the evaluation of any member, the Department will provide all appropriate documents and available information to the person or entity responsible for conducting the examination.

The examining practitioner will provide the Department with a report indicating whether the officer is fit for duty. If the officer is not fit for duty, the practitioner will include the existing restrictions or conditions in the report.

A second evaluation may be ordered by the appropriate authority if the officer, the civil service commission, or the Chief of Police questions the practitioner's report. The evaluation will be conducted by a physician, psychiatrist, or psychologist appointed in accordance with the procedure adopted by the governing body. If the report of the appointed practitioner disagrees with the report of the initial practitioner, the final determination as to the officer's fitness shall be decided in accordance with applicable laws, provisions of collective bargaining, meet and confer, other agreements, or policies.

All reports and evaluations submitted by the examining practitioner shall be part of the officer's confidential medical file.

Any officer ordered to undergo a fitness-for-duty evaluation shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the officer to discipline, up to and including termination.

Determinations regarding duty status of officers who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the Department of Human Resources.

1016.5.4 TCOLE NOTIFICATION

The Chief of Police or the authorized designee shall notify the TCOLE upon a final determination that an officer is unable to effectively perform essential job functions unless the officer submits to and successfully completes an applicable treatment program within a reasonable time. This notification shall be in writing and submitted to TCOLE within 30 days of the final determination that the officer is unable to effectively perform essential job functions.

Weatherford Police Department

Policy Manual

Fitness for Duty

The Chief of Police or the authorized designee shall notify TCOLE if an officer fails to submit to an evaluation within the deadline set by the Department. This notification shall be in writing and submitted to TCOLE within 30 days after the deadline set by the Department has expired.

The Chief of Police or the authorized designee shall notify TCOLE as soon as practicable if an officer reported as having refused an evaluation has completed the required evaluation or the officer's circumstances have been successfully resolved.

1016.6 LIMITATION ON HOURS WORKED

Absent emergency operations, members should not work more than:

- 16 hours in a one-day (24 hours) period.
- 30 hours in any two-day (48 hours) period.
- 84 hours in any seven-day (168 hours) period.

Except in unusual circumstances, members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve any member who has exceeded the above guidelines to off-duty status.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime, and any other work assignments.

1016.7 APPEALS

Members disputing the application or interpretation of this policy may submit a grievance as provided in the Grievances Policy.

Meal Periods and Breaks

1017.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the availability of meal periods and breaks.

1017.2 POLICY

It is the policy of the Weatherford Police Department to provide meal periods and breaks to members of this department in accordance with the applicable collective bargaining agreement, memorandum of understanding and the City personnel manual.

1017.3 MEAL PERIODS

Uniformed patrol and traffic officers should request clearance from the telecommunicator prior to taking a meal period. Uniformed officers shall take their meal periods within the City limits and shall monitor the police radio, unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed. No meal periods shall be taken during the first or last hour of a member's shift unless approved by a supervisor.

1017.4 BREAKS

Each member is entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of a member's shift unless approved by a supervisor.

Members normally assigned to the police facility shall remain at the police facility for their breaks. This does not prohibit them from taking a break away from the facility if they are on official business.

Members assigned to field duties will, be subject to call, and shall monitor the police radio.

Lactation Breaks

1018.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members.

1018.2 POLICY

It is the policy of the Weatherford Police Department to provide, in compliance with federal and state law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child for up to one year after the child's birth (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Tex. Gov't Code § 619.003).

1018.3 LACTATION BREAK TIME

A rest period should be permitted each time the member requires a lactation break (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Tex. Gov't Code § 619.004). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the telecommunicator or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1018.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal and state law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Tex. Gov't Code § 619.004).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1018.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

Supervisors are responsible for approving the payroll records for those under their commands.

Overtime Compensation

1020.1 PURPOSE AND SCOPE

This policy establishes guidelines and procedures regarding overtime for employees, in conformance with the Fair Labor Standards Act (FLSA) (29 USC § 201 et seq.).

1020.2 POLICY

The Weatherford Police Department will compensate nonexempt employees who work authorized overtime either by payment of wages or by the accrual of compensatory time (29 CFR 553.22). Employees who are salary exempt from FLSA are not compensated for overtime worked.

1020.3 COMPENSATION

Payment of wages to nonexempt employees for overtime, or accrual of compensatory time in lieu of compensation for overtime worked, shall be at the rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required (29 USC § 207(k)(2); 29 USC § 207(o)(1)).

Short periods of overtime worked at the end of the normal duty day (e.g., less than one hour in duration) may be handled informally by an agreement between the supervisor and the employee. In such cases, the supervisor shall document the overtime worked and schedule a subsequent shift adjustment within the same work period that the overtime was worked, rather than submit a request for overtime compensation (29 USC § 207(k)).

Salary exempt employees may be eligible for administrative leave, which may be granted at the discretion of the exempt employee's immediate supervisor.

1020.4 REQUESTS FOR OVERTIME COMPENSATION

1020.4.1 EMPLOYEE RESPONSIBILITIES

Generally, no employee is authorized to work overtime without the prior approval of a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of the shift in which the overtime is worked.

Nonexempt employees shall:

- (a) Obtain supervisory approval, verbal or written.
- (b) Not work in excess of 16 hours, including regularly scheduled work time, overtime and extra-duty time, in any consecutive 24-hour period without supervisory approval.
- (c) Record the actual time worked in an overtime status using the department-approved form or method. Informal notations on reports, logs or other forms not approved for overtime recording are not acceptable.
- (d) Submit the request for overtime compensation to their supervisors by the end of shift or no later than the next calendar day.

Weatherford Police Department

Policy Manual

Overtime Compensation

1020.4.2 SUPERVISOR RESPONSIBILITIES

Supervisors shall:

- (a) Prior to authorizing an employee to work overtime, evaluate the need for the overtime.
 - 1. Supervisors should not authorize any request to work overtime if the overtime would not be an appropriate use of department resources.
- (b) Upon receipt of a request for overtime compensation, confirm that the overtime was authorized and then verify the actual time worked.
 - 1. Supervisors identifying any unauthorized overtime or discrepancy shall initiate an investigation consistent with the Personnel Complaints Policy
- (c) Supervisors may not authorize or approve their own overtime.

1020.5 ACCOUNTING FOR PORTIONS OF AN HOUR

Authorized overtime work shall be accounted in the increments as listed:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
Up to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1 hour

1020.5.1 VARIATION IN TIME REPORTED

When two or more employees are assigned to the same activity, case or court trial, and the amount of time for which overtime compensation is requested varies among the officers, the Shift Supervisor or other approving supervisor may require each employee to include the reason for the variation on the overtime compensation request.

1020.6 REQUESTING USE OF COMPENSATORY TIME

Employees who have accrued compensatory time shall be allowed to use that time for time off within a reasonable period after making a request, if the request does not unduly disrupt department operations. Requests to use compensatory time will be submitted to the employee's supervisor at least 24 hours in advance of its intended use. Supervisors may make exceptions in unusual or extraordinary circumstances.

Compensatory time may not be used for time off for a date and time when the employee is required to appear in court on department-related matters. Supervisors shall not unreasonably deny employee requests to use compensatory time (29 CFR 553.25).

1028.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, or current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability or limitation that is protected under federal or state law.

1028.2 POLICY

Subject to operational considerations, the Weatherford Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1028.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Texas Commission on Human Rights Act (TCHRA) shall be treated equally, without regard to any preference for a work-related injury (Tex. Labor Code § 21.001 et seq.).

No position in the Weatherford Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1028.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Weatherford Police Department

The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Supervisor or Lieutenant, with notice to the Chief of Police.

1028.5 ACCOUNTABILITY

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Lieutenant.

The responsibilities of employees assigned to temporary modified duty shall include, but are not limited to:

- (c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
- (d) Submitting a written status report to the Administrative Lieutenant or designee that contains a status update and anticipated date of return to full duty when a temporary modified-duty assignment extends beyond 60 days.

1028.5.2 SUPERVISOR RESPONSIBILITIES

The employee's immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

Temporary Modified-Duty Assignments

The responsibilities of supervisors shall include, but are not limited to:

- (a) Periodically apprising the Administrative Lieutenant of the status and performance of employees assigned to temporary modified duty.
- (b) Notifying the Administrative Lieutenant and ensuring that the required documentation facilitating a return to full duty is received from the employee.
- (c) Ensuring that employees returning to full duty have completed any required training and certification.

1028.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1028.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k); Tex. Labor Code § 21.106). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

If notified by an employee or the employee's representative regarding limitations related to pregnancy, childbirth, or related medical conditions, the Department should make reasonable efforts to provide an accommodation for the employee in accordance with federal and state law. The accommodation should be provided without unnecessary delay, as appropriate (42 USC § 2000gg-1; 29 CFR 1636.3; 29 CFR 1636.4; Tex. Local Gov't Code § 180.004).

1028.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1028.8 RETURN FROM LINE-OF-DUTY ILLNESS OR INJURY LEAVE OF ABSENCE

An officer able to return to light duty while recovering from a temporary disability from a line-of-duty injury or illness should receive a modified-duty assignment while medically necessary, for up to one year (Tex. Local Gov't Code § 177A.004). Following recovery, the officer shall be reinstated at the rank and seniority held prior to taking leave for the temporary disability.

1028.10 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Performance History Audits

1029.1 PURPOSE AND SCOPE

This policy provides guidance for the use of performance history audits. Performance history audits can help identify commendable performance as well as provide early recognition of training needs and other potential issues (e.g., problematic conduct). This policy addresses the responsibilities, performance indicators, and components of the audit; handling of collected data; and conducting appropriate interventions, when necessary.

1029.2 POLICY

The Weatherford Police Department collects data to assist supervisors with evaluating the performance of their employees, including identifying problematic conduct and providing for appropriate interventions. While it is understood that the statistical compilation of data may be helpful to supervisors, the Department recognizes that it cannot account for, and must carefully balance such data with, the many variables in law enforcement, such as:

- Ability to detect crime.
- Work ethic.
- Assignment and shift.
- Physical abilities (ability to perform the job-related physical tasks).
- Randomness of events.

1029.3 RESPONSIBILITIES

Under the authority of the Chief of Police, each supervisor is responsible for collecting performance indicators and other relevant data. The data will be compiled congruently with performance evaluations. The performance history audit reports will be provided to the appropriate Lieutenant.

1029.4 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance history audits should include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring

1029.4.1 PERFORMANCE INDICATORS

Performance indicators represent the categories of employee performance activity that the Chief of Police has determined may be relevant data for the generation and analysis of performance history audits. These indicators may include, but are not limited to, the frequency and/or number of:

- (a) Use of force incidents.

Performance History Audits

- (b) Involvement and conduct during vehicle pursuits.
- (c) Personnel complaints, including the findings.
- (d) Commendations, compliments and awards from the Department and the public.
- (e) Claims and civil suits related to the employee's actions or alleged actions.
- (f) Canine bite incidents.
- (g) Personnel investigations.
- (h) District Attorney case rejections and the reasons.
- (i) Intentional or unintentional firearm discharges (regardless of injury).
- (j) Vehicle collisions.
- (k) Missed court appearances.
- (l) Documented counseling.

1029.4.2 EMPLOYEE REVIEW

Upon receipt of a performance history audit report, the supervisor will carefully review the report with the officer to assess any potential trends or other issues that may warrant intervention to improve officer performance and avoid unnecessary uses of force. These interventions could include informal counseling, additional training, or a recommendation for other action, including discipline. The officer shall date and sign the report and should be provided with a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Lieutenant of such recommendation. If the Lieutenant concurs with the recommendation of the supervisor, the supervisor shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against an officer as a result of a performance history audit, the officer shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

1029.4.3 FOLLOW-UP MONITORING

Depending upon the results of each performance history audit, a determination should be made by the Lieutenant, after discussion with the officer's immediate supervisor, about the need, type and duration of any follow-up. Performance indicators and data analysis will generally provide the basis upon which such decisions should be made.

1029.5 CONFIDENTIALITY OF DATA

Information, data and copies of material compiled to develop performance history audit reports shall be considered confidential as part of the employee's personnel file and will not be subject to discovery or release except as provided by law. Access to performance history audit reports

Weatherford Police Department

Policy Manual

Performance History Audits

will be governed under the same process as access to an officer's personnel file, as outlined in the Personnel Records Policy.

Access to the underlying data will be governed by the process for access to the original records (such as police reports).

1029.6 RETENTION

Performance history audit reports and associated records shall be retained in accordance with the established records retention schedule.

Speech, Expression and Social Networking

1030.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Weatherford Police Department.

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech and use of all internet services, including the Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

1030.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Weatherford Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member's rights against the needs and interests of the Department when exercising a reasonable degree of control over its members' speech and expression.

1030.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of Weatherford Police Department members, such as posting personal information in a public forum or posting a photograph taken with a GPS-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.

Speech, Expression and Social Networking

- Disclosing the address of a fellow department member.
- Otherwise disclosing where another officer can be located off-duty.

1030.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the safety, performance and public-trust needs of the Weatherford Police Department, the following are prohibited unless the speech is otherwise protected (for example, a member speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Department or its members.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Department and tends to compromise or damage the mission, function, reputation or professionalism of the Department or its members. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitutions.
 2. Expression that demonstrates support for criminal activity.
 3. Participation in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting to a website statements or expressions that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape).
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (Tex. Penal Code § 39.06).
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches,

Speech, Expression and Social Networking

marked vehicles, equipment or other material that specifically identifies the Weatherford Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1030.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While members are not restricted from engaging in the following activities as private citizens or as authorized members of recognized bargaining units or employee groups, members may not represent the Weatherford Police Department or identify themselves in any way that could be reasonably perceived as representing the Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video or public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization, including as an authorized member of a recognized bargaining unit or an employee group, is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Weatherford Police Department.

Members retain their rights to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of recognized bargaining units or employee groups, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1030.4.2 POLITICAL ACTIVITY

Employees of the Weatherford Police Department may not engage in a political activity relating to a campaign for an elective office while in uniform or on-duty (Tex. Local Gov't Code § 150.002).

While out of uniform and not on active duty, an employee may engage in a political activity relating to a campaign for an elective office, except that the person may not solicit campaign contributions for a candidate other than from members of an employee organization to which that person belongs (Tex. Local Gov't Code § 150.002; Tex. Local Gov't Code § 150.003).

Speech, Expression and Social Networking

1030.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1030.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or the authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1030.7 TRAINING

Subject to available resources, the Department should provide training regarding the limitations on speech, expression and use of social networking to all members of the Department.

Illness and Injury Prevention

1031.1 PURPOSE AND SCOPE

The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for members of the Weatherford Police Department.

This policy does not supersede, but supplements any related Citywide safety efforts.

1031.2 POLICY

The Weatherford Police Department is committed to providing a safe environment for its members and visitors and to minimizing the incidence of work-related illness and injuries. The Department will establish and maintain an illness and injury prevention plan and will provide tools, training and safeguards designed to reduce the potential for accidents, injuries and illness. Illness and Injury Prevention

Illness and Injury Prevention

recommendations, 3)equipment needs and recommendations and policy revision recommendations.

1031.5 SUPERVISOR RESPONSIBILITIES

Supervisor responsibilities include, but are not limited to:

- (a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.
- (b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.

1031.6 HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on the appropriate form. This form should be forwarded to the Administrative Lieutenant via the chain of command.

Illness and Injury Prevention

The Administrative Lieutenant will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1031.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administrative Lieutenant shall ensure that the appropriate documentation is completed for each inspection.

1031.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their PPE prior to working in the field. Members shall complete the appropriate form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

The Administrative Lieutenant should work with the Training Sergeant or designated person to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

Line-of-Duty Deaths

1032.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Weatherford Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1032.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1032.2 POLICY

It is the policy of the Weatherford Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1032.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Supervisor and Communications.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Shift Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

Line-of-Duty Deaths

- (c) If the member has been transported to the hospital, the Shift Supervisor or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1032.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Supervisor, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Read the following instructions to the witness prior to presenting the photo array:

"You will be asked to view a series of photos. I don't know whether the person being investigated is included in this series. Individuals present in the series may not appear exactly as they did on the date of the incident, because features such as head hair and facial hair are subject to change. You should not feel that you have to make an identification. It is just as important to clear innocent persons from suspicion as to identify guilty parties. If you do identify someone, I will ask you to describe in your own words how certain you are. The photos will be shown to you one at a time and are not in any particular order. Take as much time as you need to examine each photo. If you make an identification, I will continue to show you the remaining photos in the series. Regardless of whether you make an identification, we will continue to investigate the incident. Since this is an ongoing investigation, you should not discuss the identification procedures or results".

Instructions to Witness

CFS#: _____ Date of Offense: _____ Offense: _____

Time: _____, Date: _____ and place of photo array Line-up: _____

Read the following instructions to the witness prior to presenting the photo array:

"The folders in front of you contain photos. In a moment I am going to ask you to look at the photos. The person who committed the crime may or may not be included in the photos. I don't know whether the person being investigated is included. Although I placed the photos into the folders, I have shuffled the folders so that right now I do not know which folder contains a particular photo. Even if you identify someone during this procedure, I will continue to show you all photos in the series. The investigation will continue whether or not you make an identification. Keep in mind that things like hair styles, beards, and mustaches can be easily changed and that complexion colors may look slightly different in photographs. You should not feel that you have to make an identification. It is as important to exclude innocent persons as it is to identify the perpetrator. You will look at the photos one at a time. When you open a folder, please open it in a manner that does not allow me to see the photo inside the folder. Take as much time as you need to look at each one. When you have finished looking at a photo, close the folder and hand it to me. I will then ask you, "is this the person you saw [insert description of act here]?" Take your time answering the question. If you answer "yes," I will then ask you, "In your own words, can you describe how certain you are?" Because you are involved in an ongoing investigation, in order to prevent compromising the investigation, you should avoid discussing this identification procedure or its results. Do you understand the way the photo array procedures will be conducted and the instructions I have given you?"

3. Assigned Physician to counsel employee on exposure.
4. Provides written counseling on diseases and precautions.
5. Employee reports to hospital for evaluation / medication.
6. Employee returns completed form to the Human Resources, Risk Manager.

9. Next interval is 3 months – sees Assigned Physician for additional testing and returns form to the Human Resources, Risk Manager.
10. Next interval is 6 months – sees Assigned Physician for additional testing and returns form to the Human Resources, Risk Manager.
11. Testing is complete here if all lab testing remains negative.
12. If all testing is complete by the physician, staple completed employee forms together. The case is closed for this exposure. No further action is needed.

****EXCEPTION: If the source patient was positive for HIV and Hepatitis C, then testing should continue for 9 months and 12 months.

****Do not call the hospital to try to obtain source patient results. Texas State Law mandates that this be handled through the local health authority and information passed to the employee's supervisor or the Human Resources, Risk Manager. In the event there is no local health authority, the results may be passed to the Assigned Physician or from the hospital to the employee's supervisor or the Human Resources, Risk Manager.

****All completed forms for this exposure are to be kept in the employee's medical file. The medical files may not be released to anyone without the employee's permission.

****If the employee is offered and declines Chemoprophylaxis, the declination form is to be attached to the current exposure record. The employee may decline Chemoprophylaxis without fear of exposure claim being denied. Chemoprophylaxis medication cannot be mandated for exposures.

**For more information contact:
Human Resources, Risk Manager
(817) 598-4208**

EXPOSURE CRITERIA

	BLOODBORNE	RISK
1.	Blood splashes to eyes, nose, mouth, non-intact skin-few drops, short duration.	Low
2.	Several drops of blood, major blood splash, several minutes. Eyes, nose, mouth, non-intact skin.	High
3.	Percutaneous exposure, solid needle, superficial scratch (unless deep stick).	Low
4.	Needle stick with large bore hollow needle, deep puncture, visible blood on device, visible blood on device in patient's vein or artery. Puncture wound with bloody object.	High
5.	Human bite with broken skin (especially if blood in mouth).	Med
6.	Mouth-to-Mouth.	Med

This is also the criteria for exposed individuals to be offered Chemoprophylaxis (HIV drugs). Individuals who refuse the chemoprophylaxis medication should sign a declination form. Individuals may not be required to take the medication since serious side effects may occur.

****Saliva, Emesis, Urine, and Stool are **NOT** hazardous body fluids unless there is **visible** blood present. The above criteria then would be met.

HIV, HEPATITIS B, C, D, AND SYPHILIS ARE TRANSMITTED BY BLOOD.

Blood exposure lab testing should be baseline, 6 weeks, 3 months, and 6 months. If the source patient is co-infected with both HIV and Hepatitis C, testing should continue through 12 months because the co-infection appears to extend the incubation period of the two diseases, in some cases. This is per CDC guidelines.

If a Hepatitis B Vaccine Titer was not done after completion of the Hepatitis B Vaccine series, it should be done when baseline lab testing is done and boosters of vaccine should be given if the Titer level is 10 or below. Once a protection level has been identified, then no future boosters of vaccine are needed even if future lab tests indicate a low level.

EXPOSURE GUIDE

EXPOSURE TYPE	LOW	MED.	HIGH	PEP
Blood splashes to eyes, nose, mouth, non-intact skin – few drops / short duration.	X			May not be Warranted
Several drops of blood, major blood splash, several minutes.		X		Recommended

Percutaneous exposure * Solid needle, superficial scratch.	X			May be Considered
Needle stick with large bore hollow needle, deep puncture visible blood on device, in patient's vein or artery.			X	Recommended
Human Bite (skin broken).*		X		Recommended
Mouth-to-Mouth.*		X		Recommended

***The use of PEP will depend on the source patient's HIV status or if status is unknown or the patient is being considered high risk. Some cases will be decided on an individual basis.

HEALTH CARE EXPOSURE – BLOOD-BODY FLUIDS-HUMAN BITE **INFORMATION AND PRECAUTIONS**

Texas Workers Compensation Laws require that if you have an occupational exposure to blood, body fluids, or human bite, that you have baseline lab testing within 10 days of the exposure and show negative test results for the Bloodborne diseases.

HIV – Incubation period is 6 weeks to 6 months average. Symptoms are a flu-like illness at the time of becoming positive for the disease. It is important that you be retested at 6 weeks, 3, 6, 9 months, and 1 year. You will be offered chemoprophylaxis for the blood exposures. This is medicine used to treat AIDS, and may prevent you from becoming infected with HIV. This is not 100%. The longest that you would be on this medication is 30 days, depending on the source patient's HIV status. The medicines will be discontinued if the source patient tests negative for HIV.

HEPATITIS A – Usually a food or water borne disease, but can be transmitted by feces and blood. Incubation is 15-50 days. This disease usually has a rapid onset, but you are only contagious about 3 weeks.

HEPATITIS B – Incubation period is 45 days to 6 months. You should be retested at 6 months or if you develop symptoms during the incubation period. This is usually a slow onset. Symptoms include abdominal discomfort, jaundice, and pain up under the ribs on the right side, nausea, vomiting, fatigue, or possibly joint pain or a rash.

HEPATITIS C – Incubation period is usually 2 weeks to 6 months, however, a few cases have been up to one year. Symptoms may be similar to Hepatitis B, or no symptoms may be present. Slow onset. Several strains of the virus exist. Disease becomes chronic in about 75% of cases. There is no immunization to prevent the disease, and no prophylaxis medication for exposures.

SYPHILIS (RPR) – This is a venereal disease with incubation period 10 days to 3 months, but usually 3 weeks. Blood splashes to the eyes, nose, mouth, and needle sticks can transmit this disease if the source patient has not been treated. You should be tested at baseline and 3 months. If the source patient is untreated, you might be sent to the Health Department for medication.

HEPATITIS B VACCINE – If you have not started the vaccine, or you test negative for Hepatitis B antibodies, you will be given the first dose of Hepatitis B vaccine, and possibly HBIG. After completing the boosters or series, you will be tested to determine if the vaccine was effective. Hepatitis B Surface Antibody Titer with a number figure of 10 or better.

Precautions – It is recommended that you use latex condoms for sexual activity, and condoms and dental dams for any oral and genital sexual activity until you have been tested at 6 months, or it is recommended you wait for the full year. You should not give blood or make organ or tissue donations for the same time frame. Females should avoid pregnancy if possible. Do not share toothbrushes or razors during this time period. These protective measures will protect your spouse or sex partner from any problems related to your exposure.

*****Make an appointment to see the Assigned Physician of any symptoms of nausea, vomiting, fever, weight loss, dark urine, jaundice, flu-like illness, or other symptoms.**

All information concerning this incident will remain in a locked file and handled in a confidential manner. No information will be released without your consent. These records will be maintained your length of employment plus 30 years.

I, the undersigned employee, have been advised that I should have a blood test to detect the presence of antibodies to the Human Immunodeficiency Virus (HIV). A sample of blood will be drawn and tested to form a baseline. There are limitations to the accuracy of any chemical test and results are not 100% accurate. The test may be useful in clinical situations and may help you and your physician make decisions.

This test is confidential. Results of this test will be placed in your confidential medical record. However, if the test is positive, the law requires that the results be reported to the Texas Department of Health. Medical practitioners and/or healthcare personnel responsible for your care and treatment may know your test results. Further disclosure of the test results will not be made without your written consent, except as required by law. The diseases considered to be reportable by the Texas Department of Health are listed in Title 25, *Texas Administrative Code*, Section 97.3. Among the numerous diseases listed are acquired immune deficiency syndrome; Type A, Type B, Type D (delta agent), and Type C viral hepatitis; and tuberculosis.

In order to qualify for workers compensation and other benefits, an employee possibly exposed to a reportable disease must be tested no later than the 10th day following exposure at the Hospital District's designated medical facility. Section 81.050 of the *Texas Health and Safety Code* states, "For the purpose of qualifying for workers' compensation or any similar benefits for compensation, and employee who claims a possible work-related exposure to a reportable disease, including HIV infection, must provide the employer with a sworn affidavit of the date and circumstances of the exposure and document that, not later than the 10th day after the date of the exposure the employee had a test result that indicated an absence of the reportable disease, including HIV exposure.

CONSENT for testing: I have been informed that a sample of my blood will be drawn and tested to form a baseline. I have been informed of the purpose and potential uses of the test. By signature below, I hereby acknowledge that I have read, or have had read to me, this information regarding testing. AIRBORNE DISEASES

CONDITIONS FOR EXPOSURE:

Same room, car, Rescue Unit, or other enclosed space with a sick coughing patient.
(Employee did not have on N95 mask).

ACTIONS:

TUBERCULOSIS	Baseline TB Skin Test at the time , unless the employee has had a previous positive test. It can take up to three months for the culture to grow. A repeat test for the employee will be done in 3 months if the source patient has TB. Employee's who have previous positive skin tests will be offered a chest X-ray, which is coordinated by me.
PAPERWORK	TB packet to employee.
RASH ILLNESS	Measles, Rubella, (airborne and contact with pharyngeal secretions).
PAPERWORK	Exposure form to hospital, Rash Illness packet to employee.
PROPHYLAXIS	MMR vaccine may be given by the Assigned Physician. It may not prevent the disease. It will take several days to confirm the disease by blood tests. TDH may be involved. Measles is a highly contagious disease. You should obtain information about how the rash looked, date it started, degree of fever, patient name and address.
PERTUSSIS	Whooping Cough is very contagious. The Assigned Physician will need to be called promptly on this exposure. He will also need to know all employees who were in a close area with this patient without a N95 mask.
PAPERWORK	Leave the exposure form at the hospital. Pertussis packet to employee.
PROPHYLAXIS	When the disease is confirmed by a physician or culture, a prescription for EES will be provided to the employee. This is not an expensive medication. The employee should make an appointment with the Assigned Physician ASAP to obtain this medication.

TUBERCULOSIS EXPOSURE PROCEDURES

You have been exposed to a confirmed case of Tuberculosis, which meets the criteria for exposure to airborne diseases.

1. Copy the forms and information in this packet.
2. Receive verbal and written counseling from the Human Resources, Risk Manager.
3. Report to the Assigned Physicians office for a TB Skin test.
4. No skin test should be done if you previously tested positive.
5. You should go for the test on a Monday, Tuesday, or Friday.
6. Return in 48-72 hours to have the test read.
7. If the test reads positive, ask the Physician to repeat in the other arm. Accept the second reading as correct.
8. Notify the Human Resources, Risk Manager of the results.
9. Individuals who were positive skin test reactors prior to this exposure should have a chest X-ray at an interval of 3 months after the exposure date. (You can be re-infected with other strains of Tuberculosis than the one you have currently).
10. Individuals, who develop a positive TB skin Test because of this exposure, should be offered preventative medication such as INH if they are under age 35.

****An individual is most at risk for developing active TB the first two years after converting a skin test from a negative to a positive.

****Having a positive skin test does NOT mean you have active TB. You can NOT take this home unless you have active disease. Active disease is determined by symptoms, chest X-rays and cultures.

TUBERCULOSIS

Tuberculosis is a disease caused by a mycobacterium. It may be pulmonary (lungs) or extrapulmonary (means other sites of the body). Extrapulmonary is less common and may affect any organ or tissue. This includes tuberculosis meningitis, involvement of the lymph nodes, pleura, pericardium, kidneys, bones, joints, larynx, skin, intestines, peritoneum, and eyes.

HIGH RISK POPULATIONS – Homeless, people living in shelters or contained areas such as jails. Individuals from countries where the disease is endemic, such as Asia, Africa, Mexico, or other areas where high rates of the disease exist. People who are immunosuppressed such as someone with AIDS or Cancer.

MODES OF TRANSMISSION – Exposure to bacilli in airborne droplets produced by persons with pulmonary or laryngeal TB during expiratory efforts, such as coughing, singing, or sneezing. **LARYNGEAL TB IS HIGHLY CONTAGIOUS.** Prolonged close exposure to an infectious case may lead to infection of contacts. Direct invasion through mucous membranes or breaks in the skin may occur, but is extremely rare. Bovine TB results from exposure to tuberculosis cattle, usually by drinking unpasteurized milk or dairy products, and sometimes airborne spread to farmers and animal handlers. Extrapulmonary TB, other than **LARYNGEAL** is generally not contagious, even if there is a draining sinus.

INCUBATION PERIOD – From exposure to development of active TB or positive TB Skin Test is 4-12 weeks. The risk of active pulmonary or extrapulmonary TB is greatest within the first year or two after infection; it also may persist for a lifetime as a latent infection. (Latent infection is not contagious to others but may become active TB if the individual becomes immunosuppressed with HIV or Cancer etc.)

TREATMENT – A positive TB Skin Test means you have the germ in your body. The next step is to get a chest X-ray. If this were negative then you would probably start on 6 months preventative therapy of INH if under age 35. If over age 35, treatment may not be started unless you have recently converted from a negative to a positive test, have close contact to an active case, have diabetes, on prolonged therapy with cortisone, or have an immunosuppressive disease such as AIDS.

TB medications (especially INH) can cause a drug induced Hepatitis. Therefore, if the individual is over 35, liver enzymes should be done monthly. Drug induced fever or severe rash can be potential side effects.

TUBERCULOSIS (continued)

CONTRAINDICATIONS – People with acute liver disease should not be given INH. People who consume alcohol on a regular basis should be monitored closely while on medication. Alcohol must be avoided while taking the medication. Pregnant women should delay starting the medication until after the delivery.

***People who are immunosuppressed (AIDS) are more likely to have a negative skin test. They are also more likely to develop multi-drug resistant TB.

TESTING – When a positive TB Skin Test occurs, a chest X-ray is done. If this is positive, then sputum specimens are collected. Smears with AFB (acid-fast bacillus) may be identified very quickly. Sputum cultures to identify the organism for contagious TB may take weeks. The individual may have to take medication for a year or longer. You would be placed on medication as a presumptive case until the cultures were available.

PREVENTION:

1. Have individuals who are coughing to cover their mouth.
2. Wear N95 masks, which will filter the TB bacillus when providing care to TB suspects or individuals with a respiratory illness.
3. Health care workers should obtain a TB Skin Test yearly.
4. Seek a medical evaluation if the following symptoms develop:
 - A. Night Sweats
 - B. Fever
 - C. Shortness of Breath
 - D. Unexplained Weight Loss
 - E. Fatigue / Weakness
 - F. Productive Cough

***You cannot transmit the disease to others if you have a positive TB Skin Test. You are only contagious if you have active disease.

***ACTIVE TB IN INDIVIDUALS WHO ARE HIV INFECTED – Atypical presentations such as diarrhea, tender enlarged lymph nodes, pericarditis, peritonitis, meningitis, bone and joint involvement, and rectal abscesses. Moreover, TB can co-exist with other conditions.

***ACTIVE TB IN NEWBORNS – TB in the newborn may manifest without symptoms until after the second or third week after birth. When symptoms are present, the most common are: respiratory distress, fever, irritability and lethargy, poor feeding, liver, spleen, and lymph node enlargement are frequent. Look for disease in mother or other family members.

EXPOSURE TO CONFIRMED CASE OF MEASLES, RUBELLA, MUMPS

1. Exposure meets criteria for airborne exposures.
2. Copy the forms in this information packet.
3. Receive verbal and written counseling from the Human Resources, Risk Manager.
4. Report to the Assigned Physician for evaluation.
5. Request an MMR if none has been received since age 18 or if there is no documentation of such immunization.
6. Return signed physician evaluation form and MMR permit to the Human Resources, Risk Manager for your medical record.
7. Monitor for the next 20 days for any suspicious symptoms of disease and report promptly to the Human Resources, Risk Manager.

****Measles and Rubella are highly contagious airborne diseases. If there is an outbreak of these diseases in the community, all Police Officers, Firefighters, EMT's and Paramedics should receive an MMR booster.

****Mumps is by droplet spread and direct contact with saliva from infected people. The follow-up is the same, an MMR should be given.

MEASLES

(RUBELLA, HARD MEASLES, RED MEASLES)

This is a highly contagious acute viral disease with fever, cough, and sensitivity to light, conjunctivitis, and red blotchy rash. The rash appears 3-7 days after the onset of fever, beginning on the face, moving downward on the body, and lasting 4-7 days. Koplik spots (white spots in the mouth) may be present on the Buccal Mucosa. Lethargy or severe prostration may occur. Complications may result and include Otitis media, Pneumonia, Diarrhea, and Encephalitis.

*****The disease is more severe in infants and adults than children.**

In individuals who received inactive measles, vaccine (prior to 1968) infection with wild virus may cause severe atypical rash with a predilection for the extremities resembling that of Rocky Mountain Spotted Fever.

TRANSMISSION – Airborne by droplet spread, direct contact with nasal or throat secretions of infected persons, and less commonly, by articles freshly soiled with nose and throat secretions.

*****Measles is one of the most highly contagious communicable airborne diseases.**

INCUBATION PERIOD – About 10 days, varying from 7-18 days from exposure to the onset of fever, usually 14 days until the rash appears.

CONTAGIOUS – From slightly before the onset of fever to 4 days after the onset of rash.

PREVENTION – Immunization with at least one dose of the live virus vaccine. Preferably an additional dose of MMR after age 18. Wearing a N95 mask and gloves while providing patient care to patients who have a rash illness, which matches the above listed criteria.

CONTRAINDICATION – Live Virus Vaccine should not be given to pregnant individuals. Individuals should also avoid pregnancy for at least 2 months after receiving the vaccine. People with immune deficiency diseases should not receive the vaccine. This does not apply to individuals with HIV.

*****Vaccine should not be given to individuals who are allergic to eggs, and should be deferred for 3 months after receiving Gamma Globulin or having a blood transfusion.**
TB Skin Testing either should be given at the same time as the vaccine or delayed 30 days.

*****Live Virus Vaccine may be given within 72 hours of exposure and may provide some protection against the disease. Gamma Globulin given later than the third day may result in lengthening the incubation period to 21 days.**

RUBELLA
GERMAN MEASLES, THREE-DAY MEASLES

MEANS OF TRANSMISSION – Contact with nasopharyngeal secretions of infected people. Infection is by droplet spread or direct contact with infected people. In a closed environment, all susceptible individuals may be infected. Babies with congenital Rubella, shed large amounts of virus from their pharyngeal secretions and urine, and serve as a source of infection to their contacts.

INCUBATION PERIOD – 16-18 days with a range of 14-23 days.

SYMPTOMS – Has a red rash resembling that of measles or scarlet fever occasionally. Half of the cases in children present with no rash. Adults may present with 1-5 day low-grade fever, headache, malaise, mild coryza, and conjunctivitis. Postauricular, occipital, and cervical lymphadenopathy is the most common clinical feature and precedes the rash by 5-10 days. Leukopenia is common, thrombocytopenia can occur, Arthralgia and arthritis complicate a substantial portion of infections especially among adult females. Encephalitis is more common in adults than in children.

PERIOD OF COMMUNICABILITY – From one week before and 4 days after the onset of rash, infants with congenital rubella will shed the virus for months.

PREVENTION – Give the MMR to girls before they reach childbearing ages. Before giving the immunization to women of childbearing ages, a waiver should be signed indicating that they are not pregnant and have no plans to be so for at least three months. Emergency Response Personnel should wear gloves and particulate respirators when providing care to patients with rashes, since the illness is so difficult to diagnose.

PROPHYLAXIS – The MMR may be given, however it probably will not prevent disease. Pregnant women may be given Gamma Globulin, but it may suppress symptoms but may not prevent the disease.

PROGNOSIS – Maternal infection before the 16 week of pregnancy may result in severe birth defects and problems, which may not be initially identified.

DIAGNOSED CASE OF PERTUSSIS (Whooping Cough)**

1. Exposure meets the criteria to an airborne disease.
2. Copy the forms of information in this packet.
3. Receive verbal and written counseling from the Human Resources, Risk Manager.
4. Report to the Assigned Physician for evaluation and preventative medication of EES for 14 days.
5. Immunizations for this disease CANNOT be given after age 7.
6. Return the completed physician form to the Human Resources, Risk Manager, receive instructions for filling medication, go to the pharmacy, obtain medications, and begin promptly. Take until ALL medication is gone.
7. Monitor for signs and symptoms of illness for 20 days. If suspicious symptoms appear, notify the Human Resources, Risk Manager immediately. This is a highly contagious disease and you cannot work if you have this disease.

******YOU CANNOT TAKE A DISEASE HOME TO YOUR FAMILY UNLESS YOU
ARE SICK WITH THE DISEASE.******

PERTUSSIS

An acute bacterial disease involving the respiratory tract. The initial stage has a slow onset with an irritating cough, which gradually becomes paroxysmal, usually within 1-2 weeks and lasts for 1-2 months or longer. Paroxysms are characterized by repeated violent coughs, loss of breath and may be followed by a crowing or a high-pitched inspiratory whoop. May be accompanied by vomiting. Small children may go into respiratory arrest. **THIS IS A HIGHLY CONTAGIOUS AIRBORNE DISEASE.**

Causative agent is Bordetella Pertussis. The Pertussis Bacillus B Parapertussis causes Parapertussis illness.

MODE OF TRANSMISSION – Primarily by direct contact with discharges from respiratory mucous membranes from infected people by the AIRBORNE ROUTE, probable droplets.

INCUBATION PERIOD – 7-10 days and rarely exceeding 14 days.

PERIOD OF COMMUNICABILITY – Highly contagious in the early coughing stage to 3 weeks after the onset of typical paroxysms in patients not treated with antibiotics. In patients treated with erythromycin, the period of infectiousness usually extends only 5 days or less after starting the medication.

METHOD OF CONTROL

1. Dispose of all soiled tissues promptly.
2. Wash hands thoroughly.
3. Obtain routine immunizations for children in a timely manner.
4. If taking prophylaxis medications, complete the full 14 days.

***Adults may not receive the immunization for Pertussis.**

*****You are no risk to your co-workers or family unless you have the disease.**

*****A 14-day course of EES (Erythromycin) is recommended for household and other close contacts regardless of immunization status. If you are allergic to this drug, you will be given alternative medication.**

1. The criteria for this type of exposure have been met.
2. Copy the forms of information in this packet.
3. Receive verbal and written counseling from the Human Resources, Risk Manager.
4. Report to the Assigned Physician ASAP or preferably no later than 4 days.
However, up to 10 days is acceptable. You may be instructed to go to the hospital for medication.
5. Return the completed physician form to the Human Resources, Risk Manager, and receive information on where prescription is to be filled.
6. Begin medication immediately. (Cipro is only one dose).
7. If Rifampin is given, please refer to potential side effects and precautions.
8. Monitor for symptoms of illness for 10 days after exposure.
9. Report any suspicious symptoms to the Human Resources, Risk Manager.

****This disease is not easy to contract. It is more common in children or in college students or military. Close crowded conditions where food and drink may be shared. This does NOT apply to Fire Stations or Police Stations.

CRITERIA FOR EXPOSURE – Suctioning, or intubation without a N95 mask on, or mouth-to-mouth resuscitation. ****The disease is not transmitted by coughing.

THE DISEASE MUST BE CONFIRMED BY SPINAL FLUID CULTURES BEFORE ANY MEDICATION IS GIVEN.

BACTERIAL MENINGITIS

There are only two types of Bacterial Meningitis, which may need preventative prophylaxis medication if an occupational exposure occurs. These are Hemophilus Influenza and Meningococcal Meningitis. Activities, which may make you at risk for these diseases, include examination of the throat, tracheal intubation, suctioning, or mouth-to-mouth resuscitation.

MENINGOCOCCAL – This is a very serious fast moving disease caused by the Neisseria Meningitidis organism.

TRANSMISSION – Direct contact, including respiratory droplets from nose and throat of infected persons. Sharing food or drinks is another method. (Do not worry about transmission by fomites, BP cuffs etc.)

INCUBATION PERIOD – 2-10 days, usually 3-4 days.

PROPHYLAXIS – Cipro 500 mg. X 1 dose, or Rifampin 600 mg. twice per day for 2 days.

POPULATIONS AT RISK – People living in crowded settings such as a homeless shelter, college dormitories, and military barracks. (This does not apply to Fire Stations).

H-FLU – The Hemophilus Influenza organism causes this type of meningitis. This disease has a high mortality rate in children under age 5. This disease is seen less in adults. The HIB shot given to children prevents this disease.

TRANSMISSION – The same as for Meningococcal.

INCUBATION PERIOD – Short, probable 2-4 days.

POPULATIONS AT RISK – Probably children under age 4. Especially those who have not completed or started their immunizations.

SYMPTOMS FOR BOTH TYPES – High fever, lethargy, stiff neck, may be comatose, seizures, very sudden onset, and may have a purpled rash with Meningococcal.

PRECAUTIONS – Wear a N95 mask, and gloves when responding to this type of call. If a rash is present, add a gown.

Please report all symptoms of illness that you experience during the above mentioned incubation period time frame after you experience an exposure. YOU POSE NO RISK TO COWORKERS OR FAMILY MEMBERS UNLESS YOU HAVE THE DISEASE.

OCCUPATIONAL EXPOSURE TO BLOODBORNE PATHOGENS
CHEMOPROPHYLAXIS DECLINATION FORM

I have received an occupational exposure to blood or body fluid in the performance of my job. Responsibilities, which meets the criteria for a significant exposure. I have been counseled on the seriousness of the exposure. I have been offered chemoprophylaxis (preventive medication) as recommended by the Center of Disease Control (CDC).

I have been given information on the side effect of the medications that are likely to be guidelines. I understand that it is not recommended to start the medication at a later date because of probable ineffectiveness if started later than 24-36 hours according to the CDC.

I understand that if I later take the medication, the health care provider will determine if any benefits will be provided before any prescriptions for medication will be issued.

My signature indicates that I am **declining** to take any prophylaxis medication at this time.

Partnering with an Interpreter.pdf

Partnering with Your LanguageLine Solutions® Interpreter to Ensure Effective Communication

1

STARTING THE SESSION

- Allow the interpreter to start the session by giving you their name and Interpreter ID. Document this information for reference.
- Introduce yourself to the interpreter.
- Brief the interpreter and state the goal of the session and provide any specific instructions.
- Introduce yourself and the interpreter to the limited English proficient, Deaf, or Hard-of-Hearing individual.

2

DURING THE SESSION

- Address the limited English proficient, Deaf, or Hard-of-Hearing individual, not the interpreter. The interpreter will be your voice. Keep in mind that everything stated will be interpreted.
- State information in short, concise sentences. When stating complicated or detailed information, speak at a slow pace and pause often. This allows the interpreter to note, retain, and relay the information. The interpreter may sometimes ask for repetitions or clarification.
- Avoid technical jargon and try to explain specialized terms or concepts.
- Avoid interrupting the interpreter or talking at the same time.
- Do not ask interpreters for their opinion.

3

ENDING THE SESSION

- Ask the limited English proficient, Deaf or Hard-of-Hearing individual if they understood, or if they have any questions or concerns.
- Allow the interpreter to interpret everything before ending the session.
